

DISCOVERY CARRIES FISHING IMPOST IN CHICAGO RACE

Speedy Field Seeks \$10,000 Purse Today

Vanderbilt Star Is Odds-On Favorite Despite 128 Pounds on Back.

By United Press
CHICAGO, July 4.—When the blast of the bugle halts the Fourth of July fireworks at swanky Arlington Park today, 40,000 pairs of eyes will turn toward Alford Gwynne Vanderbilt's gallant Discovery and watch him carry his crushing impost to the barrier an odds-on favorite in the \$10,000 Stars and Stripes Handicap.

On his back will be 128 pounds and there were enough in wagers on his nose to place the overnight odds at 4 to 5.

This tribute to Discovery's consistent winning pace of 1935, handing him 16 pounds more than any other sprinter in the mile and a furlong feature, tossed the purse within reach of every star in the field of 15.

Second choice with the mutual players was expected to be Hal Price Discovery's entry of Whopper and Hollywood, with Whopper the likely starter at 4 to 1. Both drew 122 pounds.

Competition Is Strong
Other favorites were Fred M. Alger's famous Azucar, which won the first Santa Anita Handicap, the sparkling Roman Soldier, Myrtlewood, which cracked a world record over this same Arlington turf last year, and E. F. Seagram's stand pat, Chief Fox of Discovery, which ran off with the Stars and Stripes a year ago, was his 138 pound assignment. Although he never has dodged the weights, Discovery seldom has faced a field of sprinters carrying so little.

Calumet Dick Outsider
Calumet Stables' Calumet Dick, which slipped into the handicap with an assignment of only 100 pounds, ran the fastest mile in Chicago this season. He drew fourth pole position and loomed as an outside threat to the favorites.

The field, largest in the eight-year history of the feature, includes:

1—Spanish Babe (104), 2—Stand Pat (116), 3—Roman Soldier (120), 4—Calumet Dick (100), 5—Discovery (138), 6—Myrtlewood (110), 7—St. Bernard (117), 8—Howard (105), 9—Carroll (103), 10—Cotton (108), 11—Whopper (122), 12—Cotton Club (103), 13—Azucar (117), 14—Hollywood (122), 15—New Deal (106).

Major League and A. A. Averages

American Association

JOHNNY WINSETT's sensational batting is nearing the end. The Columbus player's average has gone down nine points to .404, but it is plenty high enough to continue to rate as the highest in the American Association.

Gilbert English, Toledo third baseman, has .391 but doesn't figure in the leaders as he has been at bat only 129 times. Second place rightfully belongs to Albert Owen, Columbus catcher, who is hitting .369, while Mel Simons, Louisville, has .362 for third.

Winsett has three more home runs than a week ago, giving him 32 for the season.

Spencer Harris, Minneapolis, batted safely in twenty straight games before he was stopped in the second game of a double-header June 28. He was subdued by Lefty Braxton.

Chet Laabs, Milwaukee, was struck out five straight times by Walter Tauscher of Minneapolis, June 22.

Lou Pette, St. Paul, is out in front again in pitching—14 outs, four setbacks, which is a percentage of .778. Nine points back is Alta Cohen, Toledo, the reformed outfielder, who has won ten and lost three for the Mud Hens.

The following averages include games of Wednesday, July 1, except night games.

Individual batting averages include all at-bats in regular season or more games

National League

DOLPH CAMILLI, the San Francisco kid who wasn't good enough for the Chicago Cubs and was traded off to the Phillies for Don Hurst a few years ago, is now leading the National League in batting with an average of .357.

There are those who say that the Phillies' park is made to order for Camilli, but on the other hand you can still find writers and fans who believe Camilli would do just as well at Wrigley Field had he been retained.

Camilli replaced Stou Martin, Cardinal freshman, as the leader, Martin falling off to .349 and a tie with Johnny Moore of the Phillies for third place while second place is Baxter Jordan of the Bees, with .351.

Red Lucas, Pirates, has taken the lead in pitching from Dizzy Dean with his seven won-one lost record. In fact, Larry French's six and one for the Cubs and Harry Gumbert's seven-two for the Giants also rate above Dean's 13-4 in the percentage column.
