

## TONE FAMILY TO GUEST STAR

## Smith Ballew Signs Couple to NBC Show

Miss Skinner to Begin New WLW Series at 7:30 Tomorrow Night.

A "two-tone" radio drama is Smith Ballew's Fourth of July offering tonight, when Joan Crawford and her husband, Franchot Tone, appear in their first co-starring radio venture since their marriage. They are to do a portion of "Let Us Be Gay," smart movie comedy hit which starred Norma Shearer a few seasons ago.

Tonight's NBC broadcast should be something of a romantic occasion for the Tones, since radio had a part in their romance. They were married in New York last fall during a trip Miss Crawford made for a guest radio performance there.

If it hadn't been for the Democratic convention last week, Edward Everett Horton probably would have set a Ballew program record by guest-starring four consecutive weeks. As it is, he is to be back again tonight—"by popular request."

Also among those present are to be Songstress Dixie Lee (Mrs. Bing Crosby) and Charlie Paddock, former track star. The broadcast is at 7:30 on WLW.

Since last heard on the air, Cornelia Otis Skinner has created an entirely new repertoire of one-act plays. Each production has an original musical background, composed by Elliot Jacoby and played by a string ensemble. For her opening program of the present series at 7:30 tomorrow night on WLW, Miss Skinner is to present "Luxury Shop," in which she plays a Russian princess, a flippant mannequin, Mrs. Bergman and Mrs. McCoy of the "nouveau riche," a French saleslady, Elfrida, the switchboard girl, and several others.

They were hard put to find a name for a new program which replaces Bob Ripley on NBC and WIRE at 5:30 tomorrow. It is to bring men and women from the audience to the microphone to discuss family problems, so some one suggested just plain "Husbands and Wives." The sponsors liked it, but scarcely could believe their eyes when a search of Washington files disclosed that no book, short story, song, play or movie ever was copyrighted under the simple title.

Proof that every one likes to be "in the show" is evident by the success of the CBS Sunday Night and each Sunday night at 8:30 on WFBM. Inaugurated as an unprecedented program of familiar songs by a studio audience and listeners, the broadcast promises to be done on a big scale now that one of the nation's leading safety razor companies has assumed sponsorship.

Tomorrow night a vast throng of 50,000, assembled in Detroit's Belle Isle Park, is to alternate with a chorus of 1000 in WAB's New York studio. Instantaneous switchovers are to permit the gatherings to alternate line by line in "Ta Ra Ra Boom-de-Ay."

The five lucky youngsters who won in Paul Whiteman's child talent contest during the last five weeks all are to be back again at 7:45 tomorrow night on WLW to do their prize-winning specialties. With film tests also awarded them, they are started toward a singing or dancing career on radio or screen. It can't be said that the country's amateur entertainment is unrecognized these days.

Last radio echoes of the national political conventions come with the network checkups of broadcasting expense. NBC figures that the Cleveland and Philadelphia broadcasts cost them \$265,457, although all bills are not yet in.

The major expense item of both meetings was commercial program cancellations. After the Republican sessions, June 9 to 12, time cancellations amounted to \$84,614, of which \$36,000 was spent for performers' salaries.

The Democratic Convention cost slightly less, although it lasted a day longer, because fewer cancellations were necessary.

## HINDENBURG LEAVES FOR ITS HOME PORT

Giant Dirigible Follows Steamer Lanes From Lakehurst.

By United Press  
NEW YORK, July 4.—The dirigible Hindenburg picked up the ocean steamer lanes east of New York today, en route to Frankfurt, Germany, on her fourth eastward crossing of the North Atlantic.

She sailed from Lakehurst Naval Air Station last night with a full complement of 38 passengers, including three United States naval observers. Six of the passengers were among those who made the dirigible's last western crossing.
