

TOWNSENDITES INVITE LEMKE TO JOIN BOARD

But They Will Not Indorse Him for President, Leaders Say.

By United Press
CLEVELAND, July 14.—Rep. William Lemke, Union Party candidate for President, has been invited to join the Townsend Old-Age Pension Governing Board, Dr. Francis E. Townsend, co-founder of OARP, revealed today as would-be pensioners gathered for their second annual convention.

Dr. Townsend said the invitation had been extended last week, but so far had not been accepted. Despite this bid for Mr. Lemke's collaboration, Townsend Plan leaders insisted the sentiment of the convention, meeting here tomorrow, would be against indorsement of Mr. Lemke for President.

9000 Registered
Gilmour Young, national Townsend Plan secretary, reported today that 9000 voting delegates have been registered so far. Others predicted attendance would reach 15,000.

"At the present time I don't believe a third party would be very effective," Dr. Townsend told a press conference.

"So far as our group is concerned, we will not attempt to organize a third party in 1936. We will use the old party machinery and win a safe control of the House of Representatives and several seats in the Senate. Eventually we probably shall have to organize a third party movement."

Indorse Candidates
Dr. Townsend said that regardless of convention action on indorsing Mr. Lemke's candidacy, the pension organization would be represented in every congressional district during this campaign. So far as possible the Townsend clubs will indorse Democratic or Republican candidates who approve the Townsend plan.

To reports that there was much Roosevelt-for-President sentiment among the West Coast delegates, Dr. Townsend replied that individuals could do as they pleased, but no faction within the Townsend organization has any intention of indorsing a presidential candidate.

"I shall never vote for Mr. Roosevelt," Dr. Townsend said, "and I am opposed to both the Republican and the Democratic parties as such. I would rather vote for a Socialist than for either of them."

DENTISTS TO HEAR ABOUT PAIN KILLER

American Association Convention Is Opened at San Francisco.

By United Press
SAN FRANCISCO, July 14.—Dr. Leroy L. Hartman, New York, creator of a pain-killing chemical formula for dentistry, arrived here today to describe use of his discovery to the opening general session of the seventy-eighth annual convention of the American Dental Association.

Dr. Hartman said he was anxious to correct a mistaken impression that the formula is a "cure-all" for dental ills.

"However," he said, "the formula definitely will eliminate pain in the treatment of teeth being filled for the first time, provided it is applied properly."

He blamed failure of the solution to produce complete anesthesia on improper application. More than 10,000 dentists are present.

Dr. Charles E. Ludolph of Minneapolis, Minn., was elected president of the American College of Dentists for 1937-38.

SOLDIERS TRAIL NEGRO SUSPECT

Private Posses Barred in Hunt for Alabama Assault Figure.

By United Press
ANNISTON, Ala., July 14.—Two companies of National Guards, in skirmish formation, searched the timber country near here today in pursuit of a young Negro who assaulted Mrs. Josephine Hill, 25-year-old farm woman.

Gen. John C. Coleman, in command of the troops, wired Gov. Bibb Graves that hope of capturing the Negro was lessening. Rain made it impossible for bloodhounds to follow tracks.

Reports that a suspect had been captured caused a crowd of several hundred persons to gather in front of the jail. It was later learned a Negro had been arrested on a robbery charge.

Twelve guardsmen, with bayonets fixed, were ordered on duty at the prison. A milling mob was dispersed and officers kept the crowd back of ropes.

National Guardsmen were prohibiting independent armed posses from entering the area where they were searching. The troops had orders from the Governor to break up any armed posses.

A small riot started when a group of white men jumped on a Negro said to be John Miller and beat him. Police quickly restored order. White vigilantes refused to allow Negroes on one side of the street. About 75 men milled on street corners, surrounding the jail, talking in whispers.

Exhibit A

By United Press
SEATTLE, Wash., July 14.—The madcap congressman from Seattle, Marion A. Zionscheck, who designated himself "Exhibit A" for the public gaze, today offered his constituents his record as an inducement to support his candidacy again.

"I am decidedly not here to make an apology," Zionscheck assured an audience of 400. The crowd applauded.

Waving his arms Zionscheck asserted not more than 25 per cent of the stories about him were true.

"They were a revelation to me," he said. "I felt like exhibit A after those newspaper stories."

"Newspaper men," Zionscheck said, "are like fleas on a dog. Give them some place to scratch and they'll never stop. If they were offered a decent job most of them probably would jump at it."
