

## INDIANA GUARD TO TAKE PART IN WAR GAMES

Largest Troop Maneuvers in Middle West Since World Conflict Slated.

The largest concentration of troops in the Middle West since the World War is to take place at Fort Knox, Ky., during the second Army maneuvers in August, State Adjut. Gen. Elmer F. Straub announced today. The Indiana National Guard is to take part in the war games Aug. 1-15.

Details of troop movements of the Fifth Corps to Fort Knox have been completed, and preparations have been made at the Fort for the vast increase in supply and administrative activities made necessary by the concentration of about 20,000 officers and enlisted men, Gen. Straub said.

### Plenty to Eat

Some of the more important items requisitioned by the supply department for the 14-day period include 213,000 pounds of bread; 24,000 pounds of bacon; 17,000 pounds of fresh beans and 9,000 pounds of canned beans; 38,000 pounds of butter; 17,000 bunches of celery; 14,300 pounds of chicken; 1,000 crates of cantaloupes; and 3,500 gallons of ice cream.

In case the soldiers still feel hungry, they can pour 5700 quarts of mayonnaise and French dressing over 7000 pounds of fresh green lettuce and wash it down with 285,000 half-pint bottles of milk.

Every effort will be made to give the troops experience in the tactical employment of modern arms such as aviation, mechanized forces and fast moving motor transport, Gen. Straub said.

### Oppose Mechanized Troops

The National Guard units are to have the additional opportunity of operating their supply systems in the field, a phase of training impossible to carry out at their formal summer encampments.

The Fifth Corps units are to maneuver against an "enemy" represented by the mechanized force and attached troops. Gen. Straub explained, and military authorities expect to learn some valuable lessons in carrying on successful operations against an enemy whose tactics may combine every modern agency of weapon and mobility.

The mechanized unit is still in the experimental stage, the general said, and the foot and mounted troops of the Fifth Corps Area operating against it are expected to test its powers and limitations.

## JUSTICE DEPARTMENT PROBES SPY DETAILS

Indictment Against Former Naval Officer Delayed Pending Study.

WASHINGTON, July 17.—Hope of being able to track down unexplained ramifications of the espionage case against John S. Farnsworth has caused the Justice Department to delay seeking an indictment against him, it was learned today.

Meanwhile, the former Navy lieutenant commander charged with selling vital secret Navy information to Japanese agents reiterated in district jail his assertions of innocence.

He is scheduled to appear at a hearing before United States Commissioner Needham C. Turnage July 29, when the government must show that it has sufficient evidence against Farnsworth to warrant the commissioner remanding him for grand jury action.

## AUTO CRASH VICTIM SENT TO HOSPITAL

Condition Reported "Fair"; Car Driver Facing Charges.

Elmer Mayes, Negro, 29, of 1126 Madeira-st., injured in an automobile accident in the 1500 block on Churchman-av., was reported in "fair" condition at City Hospital today.

He was hurled from an automobile, driven by James Easley, Negro, 24, of 1013 St. Peter-st., when it struck a parked car belonging to William R. Murphy, 38, of 3717 E. Michigan-st.

Easley was arrested on charges of failure to have a driver's license and failure to have a certificate of title.

## FOUR FACE CHARGES IN MUNICIPAL COURT

Alleged Lottery, Slot and Marble Device Operators Held.

Leverett Bell, Negro, 35, arrested yesterday in the 800 block of N. Senate-av., today faced Municipal Court action on charges of operating a lottery.

Peter Lamar, 1001 N. Capitol-av., is held on charges of violating the slot machine act and an ordinance requiring a city license on marble machines.

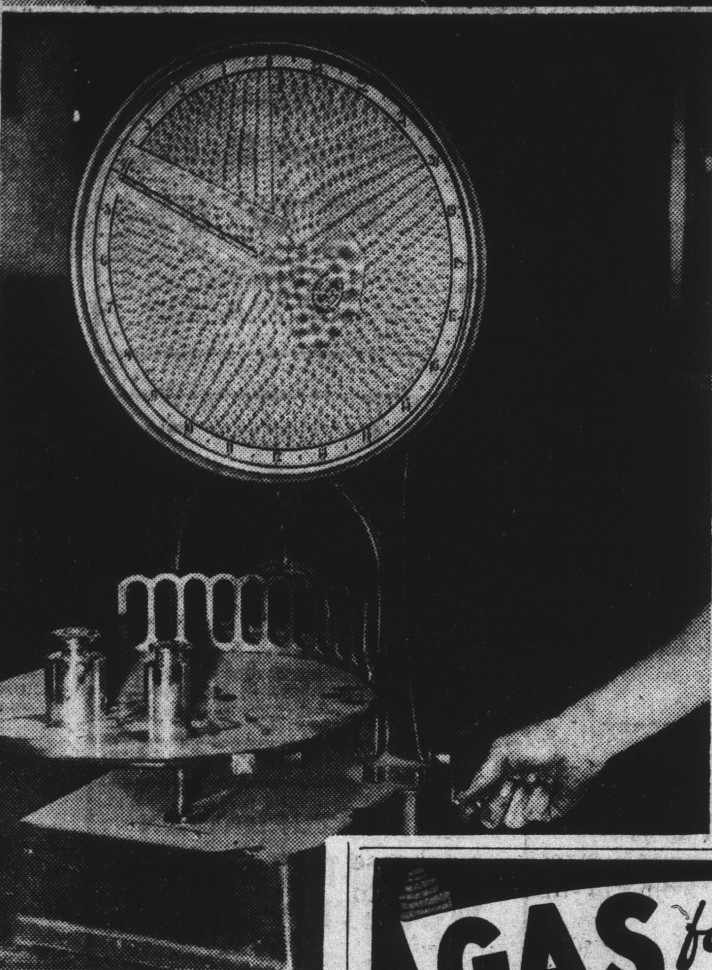

Dale Weaver, 2301 Central-av., is held on charges of violating the slot machine act and Charles Nichols, 1023 Capitol-av., is held on charges of having no city license for a marble machine.

### Fire Damages Elevator

By United Press.

WINCHESTER, Ind., July 17.—Fire of undetermined origin caused \$20,000 damage to the Grant Grain Elevator last night.

## CAUGHT IN THE ACT OF BETRAYING MRS. HOUSEWIFE

These gadgets were caught in the act of betraying Mrs. Housewife out of 3 cents' worth of guffawish, but they will betray no more. Their days have been numbered by Thomas Tarpey, chief inspector of the city weights and measures department.

Mr. Tarpey is skeptical but not yet bitter after finding all this evidence that the buyer must beware. He confiscated these scales and hundreds more this year in addition to testing all the meters and containers he can lay hands on.

The "culprit" below is a scale made in 1908. It includes a handy contraption to "adjust" the weight. The two weights shown on the scale total three pounds. The scale says they weigh more than four pounds. The little handle shown could make the weight register as high as 10 pounds. Mr. Tarpey doesn't want Indianapolis housewives to buy onions and bananas from a scale like this.

### Milk Hearing Ordered

Hearing on petition of Allen County milk producers and distributors for changes in emergency order No. 5, will be held by the State Milk Control Board at 1 p. m., July 27.

## M'BRIE TO QUIT POST

National Prohibition Leader to Turn Efforts to State Work.

By United Press.

WASHINGTON, July 17.—F. Scott McBride, for 12 years superintendent of the Anti-Saloon League of America, was in Cincinnati today to present his resignation at the semi-annual meeting of the organization's executive committee.

McBride announced that he planned to resign, effective not later than Oct. 1, to become state superintendent of the Anti-Saloon League of Pennsylvania.

Gov. McNutt to Vacation. Gov. McNutt is to go to Dunes Park next week for a short vacation, he announced today.

## RECORDER SAYS FIGURES PROVE BUSINESS GOOD

Office Fees for Last Period Indicate Increase in Activity.

County Recorder Ira P. Haymaker said today that second quarter figures for his office indicate a definite upturn in business conditions since the first of the year.

"When business is good there are numerous property transfers, but when business is in an unhealthy state there are few property changes," he added. "This was the case in the early years of the depression."

He pointed out that during the operation of the HOLC in 1933 and 1934, many deeds were handled in his office, but figures for this quarter show that transfers now are being made without the aid of a Federal lending agency.

The office recorded 2998 deeds, 1602 mortgages and 2906 chattel mortgages for the second quarter as compared to 2515 deeds, 1451 mortgages and 1941 chattel mortgages for the first three months of 1936.

## ROOSEVELT ENJOYS SPECTACULAR CRUISE

Yacht Rolls Heavily as President Sails Bay of Fundy.

By United Press.

ABOARD SCHOONER LIBERTY, July 17.—With the yacht Sewanna rolling heavily, President Roosevelt today enjoyed the most spectacular cruise under canvas that he has had since entering the White House.

The President was at the helm of the Sewanna on a run across the Bay of Fundy, which took much longer than had been expected. When he left Seal Harbor, Me., yesterday morning, he expected to reach the vicinity of Cape Sable, Nova Scotia, in about 12 hours. But at 8:45 a. m. (EDT) today, after 22 hours' sailing, the Sewanna still was about 25 miles from its immediate goal.

3188 Station in Park Report John Glenaham, 35, of 478 W. Washington-st., told police he had

his trousers pocket slashed and his pocketbook containing \$150 stolen while he was taking a nap in Camp

Sullivan yesterday morning. He said he had gone to the park to escape the heat.

# GRANTS

KNOWN FOR VALUES

*I work Outdoors!*  
I never know when I'm going to be soaked to the skin or baked by the sun! It's hard on clothes. That's why I get mine at Grants! They're built to stand it... they're roomy, comfortable and don't cost much. I've been wearing them for years... I ought to know!
