You clean house—so do we! This is our twice-a-year housecleaning to make room for new fall stocks. We've literally swept the corners of the entire store. We've been over shelves and cases with a fine-tooth comb. Here's the result. Seasonable, fashionable clothing, up to the minute things for your home, smart wearables for the children—all at savings that will thrill you. Things that you need NOW—can use now—and the prices are WAY DOWN. Two and one-half exciting days. Don't miss it.
