

## SEES LANDON'S VOCAL BACKERS AS DANGEROUS

Clapper Believes That Many Are Hampering Him by Their Statements.

By Raymond Clapper  
Times Special Writer

WASHINGTON, July 30.—Real danger confronts Gov. Landon. He knows that if the issue is between Roosevelt and reaction, the country will take Roosevelt.

Yet before he really gets his mouth open, old guard Republicans, presuming to speak for him, are committing him by implication to be the spearhead of a drive to repudiate practically everything that has been done since 1933 and to restore to Washington the non-chance concerning economic and social problems which prevailed in the pre-depression sucker-era.

Since the Landon acceptance speech, the conservative wing of the party has set up a hallelujah chorus which almost has completely drowned out the voice of the candidate himself.

**Vandenberg Makes Statement**  
Senator Vandenberg, after a visit to Topeka, issued a statement virtually committing Landon against the Administration reciprocal trade program. By implication he suggested that Landon is against not only NRA but "anything like it"—which is excluding a good deal of territory.

Landon in his acceptance speech sought to take an impartial attitude toward labor organization, holding that "employees have the right to join any type of union they wish. But his campaign manager, John Hamilton, virtually declared war on John L. Lewis who is now undertaking to win steel employees into an industrial union.

Col. Knox is about to deliver his speech accepting the vice presidential nomination. Unless he curtails the freedom of speech which he exercised during his pre-convention campaign for the presidential nomination, the Republican ticket shortly will be further committed to a wholesale fight on the whole New Deal.

**Indorsed by Pinchots**  
True, two Republican progressives of yesteryear, former Gov. and Mrs. Gifford Pinchot, have just been to Topeka and have indorsed Gov. Landon—mainly because he is running against Roosevelt. And William L. Chadbourne, who managed Mayor LaGuardia's last campaign, says that all real progressives will vote for Landon.

But these are faint notes, scarcely audible amid the chanting chorus of those who hate Roosevelt. And what has happened lately to William Allen White, the wise old Emporia progressive, upon whom Landon has leaned for inspiration and guidance hitherto? Has he been elbowed aside because he is too progressive for Chairman Hamilton?

Unquestionably most of the vocal supporters of Landon would repudiate practically everything that Roosevelt stands for.

**'FALSELY ACCUSED,' JAILED MAYOR SAYS**

Three Huntington Citizens Withdraw Names From Ouster Petition.

HUNTINGTON, Ind., July 30.—Mayor C. W. H. Bangs declared from his jail cell here today that charges filed against him with the city council asking his impeachment and removal were "not only false but intentionally malicious."

Thirty-six Huntington citizens signed the charges. J. M. Kirkwood, Burk Fahl and G. Coughlin, had withdrawn their names from the charges today.

The charges, principally concerning the city's electric utility, accused Mayor Bangs with misconduct in office.

Arthur Saylor, Bangs' attorney, said the complaints "are no more than one boy calling another a bad name."

## CADETS GET TASTE OF WAR MANEUVERS

C. M. T. C. rookies received a taste of what a battlefield might be like during their training at Fort Harrison. A group from Co. H is shown taking part in tactical offensive maneuvers near the reservation. When their officers told them that they were "deploying for a skirmish" or "approaching for the assault," they still believed that they were merely climbing fences in a hurry, running through high weeds and lying down in poison ivy.
