

# FINANCE, LEGAL TANGLE HAMPER LEMKE BACKERS

Coughlin Is Stricken While  
Speaking in Cleveland;  
Townsend in Quiz.

By United Press  
CLEVELAND, Aug. 17.—The illness of one leader and the legal difficulties of another hampered today the two largest organizations backing William Lemke's presidential candidacy.

The Rev. Charles E. Coughlin, president and virtual dictator of the National Union for Social Justice, was stricken here yesterday in the midst of an appeal for Rep. Lemke to 25,000 followers massed in Cleveland's Municipal Stadium. He has been ordered to rest a week, and he returned to Detroit.

Dr. Francis E. Townsend, founder of Old Age Revolving Pensions, Ltd., and leader of the pension clubs which have informally endorsed Mr. Lemke's candidacy, is defending his stewardship of the organization's funds, approximately \$1,000,000.

Suit for an accounting is pending against him.

**Assisted From Platform**  
Father Coughlin's N. U. S. J. convention came to an abrupt dramatic conclusion yesterday in the sun-swept stadium when the exhausted and perspiring priest faltered and was assisted from the platform. His illness was considered no more serious than the physical disorder which follows over-exhaustion and loss of sleep over a long period.

But he had won the objectives set for the convention which met here Friday. Pausing often to boo and deride President Roosevelt and others who have opposed the priest's legislative program, the Coughlin convention performed the tasks assigned to it:

1. Elected Father Coughlin president of N. U. S. J.
2. Indorsed Mr. Lemke for President of the United States.
3. Organized on a permanent basis.
4. Began to raise funds for the priest's campaign broadcasts.

## Dr. Townsend Misses Hearing, Arrest Asked

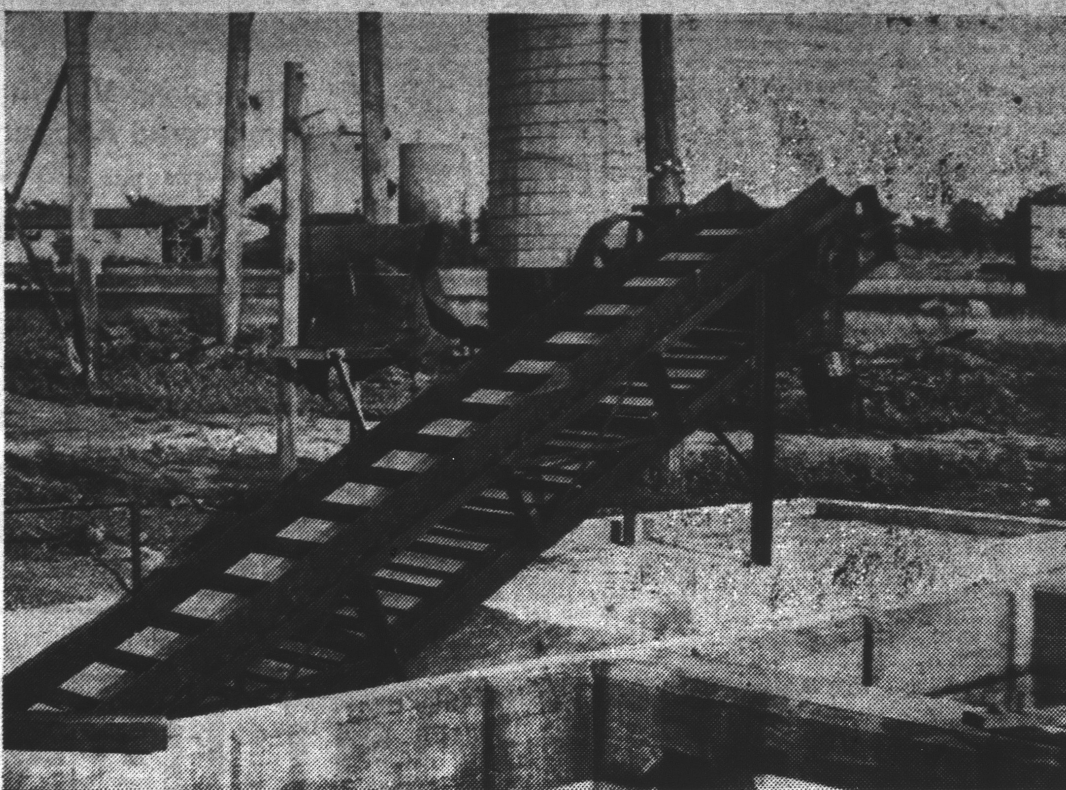

By United Press  
CLEVELAND, Aug. 17.—A citation for arrest of Dr. Francis E. Townsend was sought today from Common Pleas Court Judge George Kerr when the pension plan failed to appear for a resumed hearing into the methods of collecting and spending Old Age Revolving Pension funds.

Assailing Dr. Townsend, Attorney Benjamin F. Sacharow charged that the doctor had no respect for the courts of America and that the investigation could not proceed without his arrest.

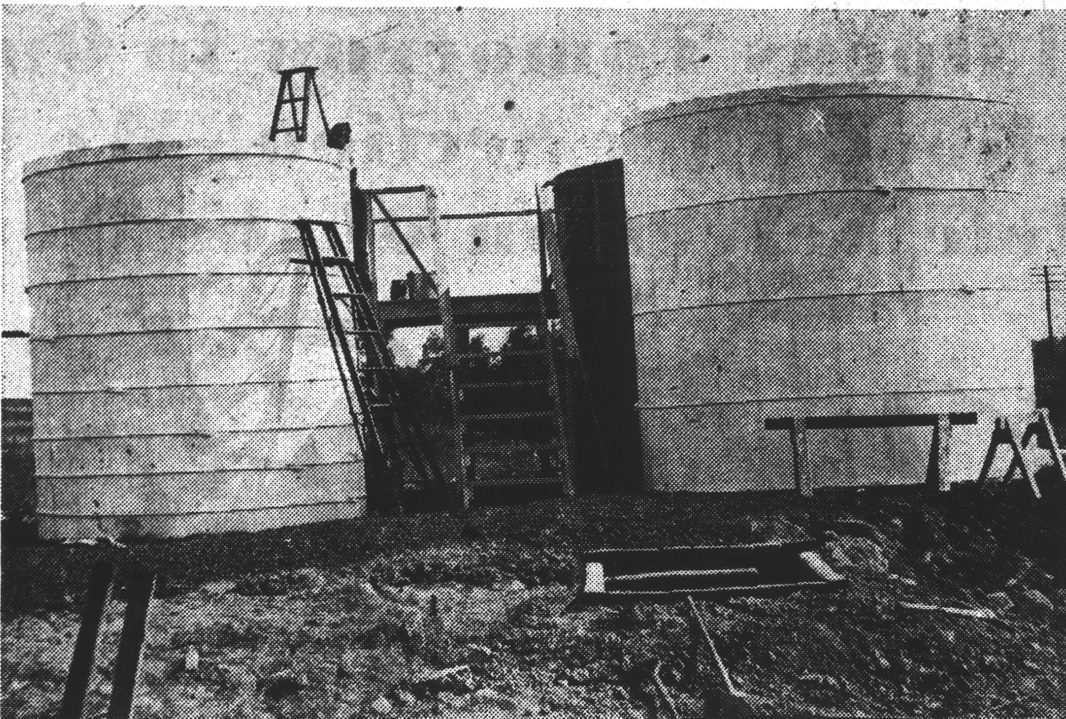

He also sought a citation for the arrest of Gilmour Young, national secretary of O. A. R. P.

Charles H. Hubbell, acting for Dr. Townsend, displayed a telegram saying that Dr. Townsend was ill in Chicago and requesting a delay until Thursday.

# CANNERS ERECT MODEL PLANT TO ELIMINATE STREAM POLLUTION

Screening is the first step in the operations at the model plant for treatment and disposal of waste. Above is shown the screen which eliminates bulkier waste material from liquids. The model plant was developed in an attempt to solve the problem of stream pollution.

Two of the tanks used at the model Greenwood plant of Stokley Brothers & Co. in an effort to end stream pollution from cannery wastes are shown above. Two sets of settling tanks play an important part in the operation of the system, engineers declare.

# Girl Found Dead in Car Ended Own Life, Is Police Theory

Driver, Held Pending Completion of Inquiry, Says Young  
Woman Threatened Suicide.

A coroner's verdict of suicide was expected today in the death of Miss Lydia Reese, 23, of 5020 Pleasant Run-blvd, who was found dead Saturday in the rear seat of an automobile driven by Elbert McDaniel, 31, of 2225 E. Riverside-dr.

McDaniel, who first told police he was not acquainted with Miss Reese and later admitted knowing her for about two years, was held today under \$5000 bond on charges of vagrancy, pending completion of the investigation.

McDaniel told police the girl previously had mentioned suicide and had shown him a gun and shells, which she had purchased several months ago. At that time he had believed she was joking, he said.

The shooting occurred at Temple-av and New York-st Saturday afternoon, while McDaniel, according to his story, was driving the girl home.

McDaniel told police Miss Reese approached him at Vermont-st near Meridian-st Saturday afternoon and asked him to drive her to Turkey Run and then to Terre Haute. When he refused she entered the car and they drove around for several hours, he said.

McDaniel said he stopped near Millersville and told the girl he was not going to see her again, and started back. She asked him to stop at a downtown parking garage and get a suitcase for her and then take her home.

After obtaining the suitcase the girl got into the rear seat of the car. McDaniel told police he heard the shot shortly afterwards and saw the girl slump down in the seat.

McDaniel added that as he drove onto Washington-st en route to the hospital, another automobile in which Irvin McKinney, state excise policeman, and Charles J. Gard, a Federal officer, were riding, pulled up behind him and he stopped. The officers notified police.

## 23 UNIONS SWITCH TO LEWIS' GROUP

By United Press  
BOSTON, Aug. 17.—Twenty-three gas and coke workers' unions have voted to surrender their American Federation of Labor charters and to affiliate with the United Mine Workers of America.

The proposal was approved here yesterday by representatives of 4000 members from such scattered points as New England, Philadelphia, St. Louis, Racine, Wis., and Terre Haute, Ind. It was the first move by so-called mass production workers to break away from craft union tradition and affiliate with the John L. Lewis forces for industrial unionism.

# STATE TO BACK F. D. R., M'NUTT ADVISES FARLEY

Governor Claims President  
Will Carry Indiana by  
100,000 Votes.

By United Press  
NEW YORK, Aug. 17.—Democratic National Chairman James A. Farley began today a series of conferences with a group of national committeemen, some of whom brought optimistic reports, but at least one, not so optimistic.

The conferees represented Indiana, Virginia and Maryland.

Mayor Howard W. Jackson of Baltimore provided the only depressing picture for the Democrats at today's meeting. He said that "things could be better in Baltimore."

Gov. Paul V. McNutt of Indiana claimed his state for President Roosevelt.

"Conditions are more than satisfactory," he said. "I find that in the Gary industrial area they are about 90 per cent for Roosevelt."

"The Governor said there didn't appear to be any signs of third party strength in Indiana."

"We've just completed a poll of typical townships in every county in the state," he said, "and the results are quite satisfactory. Even in counties where the Farmers' Union has been strong, there is no sign of any sentiment in favor of Rep. William Lemke."

He estimated, "conservatively," that Mr. Roosevelt would win Indiana by about 100,000 votes.

Reminded that in 1932 the President took Indiana by 180,000, Gov. McNutt said: "My estimate is conservative; just trying to be safe. But I think the vote will be about the same as in 1932."

## RESIDENTS PROTEST ALLEY PAVING WORK

Engineers estimated the cost at \$3400 for concrete and \$4800 for brick.
