

HEED WARNING SIGNS, HIGHWAY OFFICIAL URGES

Disregard of Instructions Greatest Cause of Crashes, Belief.

Disregard of caution and warning signs maintained by the State Highway Commission is a frequent cause of accidents, James D. Adams, commission chairman, pointed out today in a plea for motorists to observe the purpose of the signs.

Failure to heed "stop" signs placed at intersections is one of the most frequent accident causes, the chairman said.

Installation and maintenance of caution and direction signs on the state highway system costs several thousand dollars a year," Mr. Adams declared, "but it is a sound investment in motorist safety if drivers observe the warnings."

New signs reflectORIZED for greater visibility at night have replaced many old signs during the past year, Mr. Adams said.

Signs and markers on Indiana highways conform to standards prescribed by the American Association of State Highway Officials, which advocates use of standard caution and direction signs in all states.

Use of standard signs and markings eliminates confusion and a chance of accident for motorists from other states, the chairman declared.

SOLDIERS OF THREE GENERATIONS LINKED

Soldiers of three generations of American wars are to be linked together in the same organization when three Civil War veterans are to be made honorary members of a Veterans of Foreign Wars post tonight.

Burne West Strike post is to initiate Daniel Murray '90; Heckman King, '95, and David Osborn, '89, in ceremonies at the post hall, Denny and E. Washington-sts. Archie J. Everett, district V. F. W. commander, announced.

SPRINGER NIGHT BALL GAME SURE TO BE A HIT, G.O.P. AGREES

Shorty Birch, Perry Stadium employee, says everybody gets a hit. That's what he said when he passed out to Republican workers the tickets for the Springer night baseball game at Perry Stadium Saturday. The Indians will play Toledo. In the pic-

ture, left to right are Paul Tegarden, chairman of the committee; Lenore Montani, Myrtle K. White, Shorty and Edith Haugh. They reported today that tickets were selling fast and an overflow crowd was likely.

POWERFUL POLICE GUN IS DEVELOPED

By United Press

WASHINGTON, Aug. 20.—A new revolver, more than twice as powerful as the standard police service revolver and firing with sufficient force to demolish an automobile engine block, soon will be placed on the market commercially. It was learned today.

Withheld from commercial production until recently because of efforts of law-enforcement agencies to have it kept off the markets, the new revolver shoots a special .375 caliber shell so heavy it would blow an ordinary revolver to bits. Cost of the new gun will be approximately \$60, nearly twice that of ordinary revolvers. Officials be-

lieve only a few police departments can afford to purchase ample quantities of the weapon.

The Administration, fearing widespread underworld use of the new weapon, may ask Congress to regulate sale of the revolvers under a licensing system regulating the sale of machine guns.

The new gun weighs more than 44 ounces. The impact of its bullet imparts a "smashing force" of more than 800 pounds—twice the force exerted in an ordinary service revolver.

YOUTHS HELD BY POLICE

Ollie Rhodes, 21, of 2736 W. 10th-st, and Marion Suddith, 16, of 215 S. Harris-st, were held on vagrancy charges today after police claimed they had been caught breaking into parked cars in the vicinity of King-av and W. Michigan-st.

HOOSIER BELIEVED SUICIDE

Times Special

NEWCASTLE, Ind., Aug. 20.—The health was advanced today as a motive for the apparent self-inflicted death of Ulysses Fifer, 65, Midletown. Mr. Fifer, authorities said, shot himself in the mouth with a small-caliber gun.

ORDER BALLOTS FOR 2,250,000 HOOSIER VOTERS

Election Commissioners Are Guided by New Law This Fall.

The State Board of Election Commissioners announced today that 6,750,000 ballots have been ordered printed for the three separate votes to be cast in the general fall election.

Parke Beadle, election board clerk, said the board had agreed that 2,250,000 presidential elector ballots would be required and an equal number for the state ticket and constitutional amendment votes.

The Presidential ballot is to be printed on cherry red paper, the state ballot on pink and the amendment ballot on white, Mr. Beadle said.

New Law in Effect

The November election will be the first general election in Indiana since the 1933 act, calling for separate ballots for presidential elector and state ticket voting, went into effect.

Mr. Beadle said the state election laws are now being printed and will be available within the next three weeks.

Circuit Court clerks of Indiana's 92 counties will be required to make two trips to the Statehouse for ballots this fall because of the new absentee voter law, Mr. Beadle said. They must first call for the absentee ballots, sign receipts for them, and return later for the regular

ballots unless they wish to sign receipts for them also on the first trip.

Because of the separate balloting this year an additional ballot box will be provided in each of the 400 precincts of the state.

BOARD CHANGE MADE

By United Press

KOKOMO, Ind., Aug. 20.—Joseph Humbert today replaced Harry Werbe Jr., as a member of the local board. Mr. Werbe was named when John Blake resigned after criticizing the liquor law as making the local board subservient to the state board.

TAX RAISE PROPOSED

Times Special

FRANKLIN, Ind., Aug. 20.—An increase of 63 cents in the city tax rate, making the proposed new rate \$1.54, was voted here by the City Council. Erection of a sewage disposal plant and budget increases in all departments are said to be responsible for the higher rate.
