

W. S. CANFIELD, ATTORNEY, DIES ON TRIP SOUTH

Founder of Olive Branch Church Dead in New Orleans.

WILLIAM S. CANFIELD, Indianapolis attorney and founder of the Olive Branch Christian Church, died suddenly yesterday in New Orleans, where he had stopped on a return trip to Mexico City. He was 60.

Time for the funeral services, to be held in the Central Christian Church, has not been set. Burial is to be in Crown Hill.

Mr. Canfield, who was senior member of the law firm of Canfield, Carey & Cox, Fidelity Trust Building, had gone to Mexico with a party composed of Roy Combs, Otto W. Cox, Dr. Harry Epstein, Dr. Charles Kaufman, Dr. Lee Wherry and Mr. and Mrs. Coburn Schell.

Mr. Combs and Mr. Canfield, who had separated from the party at the border, were in New Orleans when Mr. Canfield died in a garage where his automobile was being repaired.

Born Here in 1866

Born in Indianapolis Nov. 22, 1866, the son of the Rev. J. M. Canfield, pioneer Christian minister in Indiana, Mr. Canfield attended the public schools, Butler University and Indiana Law School. He began law practice in 1898.

Mr. Canfield organized the first congregation of the Olive Branch Church. He was a member of the Central Christian Church, holder of the Pilgrim's Degree of Merit in the Loyal Order of Moose, a member of the Knights of Pythias and Elks.

Survivors are a sister, Mrs. J. Walker Carpenter, Johnson City, Tenn.; three nieces, Mrs. Dana E. Starr and Mrs. G. Schuyler Blue, Indianapolis, and Mrs. Roy Owens of Johnson City; and three nephews, the Rev. Paul Carpenter, Buchanan, Mich.; the Rev. Walter Carpenter, Louisville, Ky.; and William Carpenter, Johnson City.

HUGO WUELFING, native of Germany and an Indianapolis resident for 51 years, died yesterday in his home, 1849 Nowland-av., after an illness of six weeks. He was 75.

Funeral services are to be held in the Flanner & Buell Mortuary. Burial is to be in Crown Hill. Time for the service is to be set later.

Mr. Wuefing was born in Dusseldorf, Germany. He was in the cotton business in Texas, and the mustard and meat business in Chicago before he came to Indianapolis in 1885. He was employed here by the Francke Hardware Co. He entered the lumber business in 1908, remaining at that work until 1919.

He was secretary of the Home Builders Savings and Loan Association for many years and also was secretary of the Turners Building and Savings Association. He retired five years ago.

Survivors are a daughter, Mrs. J. G. Warren, Indianapolis; three sons, Fred Wuefing, Indianapolis; Otto Wuefing, Denver; and Hugo Wuefing, San Diego, Cal.; two brothers, Otto Wuefing, Indianapolis, and Paul Wuefing, Germany; nine grandchildren and seven great grandchildren.

MRS. MARTHA ETTA FITCH, lifelong resident of Indianapolis, died yesterday in her home, 528 North Belle View-pl., following an illness of several months. She was 75.

Funeral services are to be held at 2 p. m. Monday in the home. Burial is to be in Floral Park. The Rev. W. C. Morgan, West Michigan-st., M. E. Church pastor, is to officiate.

Mrs. Fitch was a member of the Meritt Place M. E. Church. Survivors are two sons, Edward Bly and Willard Bly, Indianapolis; three daughters, Miss Ruth White, Indianapolis; Mrs. Hazel Reigel, Mecca, and Mrs. Lottie Rutledge, Greenfield; seven grandchildren and seven great-grandchildren.

MRS. CLARA ELIZABETH EDWARDS, 1440 N. Warner-av., who died Thursday in the Methodist Hospital following an illness of 10 days, is to be buried in Crown Hill today following funeral services at 3 p. m. in the home. She was 38.

The Rev. C. E. Ciesior, pastor of Eighth Christian Church, is to have charge of the services.

Survivors are the husband, Claude G. Edwards; a son, Claude Jr.; three sisters, Mrs. Caroline Pickett, Mrs. Emma Woolwine, and Mrs. Anna Steel, and three brothers, Henry Alsmeyer all of Indianapolis.

MRS. LILLEY M. LEE, Indianapolis resident for 16 years, died yesterday in the home of her daughter, Mrs. C. Earl Smith, 332 Ridgeview-av., following an illness of 10 days.

Funeral services are to be held at 1:30 p. m. tomorrow in the daughter's home. The Rev. John B. Ferguson, Irvington Presbyterian Church, will officiate. Burial is to be in Woodlawn.

Mrs. Lee was born in Watsonburg, Pa., and came to Elwood when she was 16. She was a member of the Elwood Presbyterian Church and the Order of the Eastern Star.

Survivors are the daughter, a son, Walter R. Lee, Kokkonong, Mo., and a brother, John Heffner, Hamilton, O.

U. S. TO REGULATE COMMODITY MARTS

By Scripps-Howard Newspaper Alliance

WASHINGTON, Aug. 22.—Commodity exchange officers have been invited to tell the government how it should regulate them, in a series of hearings to be held within the next few weeks at Chicago, Minneapolis, Kansas City, New Orleans and New York.

The exchanges come under government control Sept. 13, according to a law passed in the closing days of Congress. Dealers and brokers, to operate legally under the new law, must be registered not later than that date.

The work of formulating regulations has been turned over to Secretary of Agriculture Henry A. Wallace, Secretary of Commerce Daniel C. Roper and Attorney General Homer S. Cummings, who have scheduled the hearings at principal trading centers.

TOO MUCH 'SOUP' USED

By United Press

HAGERSVILLE, Ont., Aug. 22.—Burglars used too much "soup" to blow the British-American Oil Co. safe here and it soared through the roof. Unperturbed, the burglars waited until the safe landed again, snatched up \$47 and vanished.

233 MORTGAGE ACTIONS FILED BY HOLC HERE

1041 Other Foreclosures to Be Made in State by Agency.

As a step toward liquidating its loans, the Home Owners' Loan Corp. has filed 1274 mortgage foreclosure proceedings in Indiana, Jack Strickland, state manager, announced today.

Of these suits 233 were filed in Marion County. A total of 48,830 loans representing \$112,177,732 have been advanced in the state. A total of 9187 loans, representing approximately \$23,000,000, has been closed in Marion County, Mr. Strickland said.

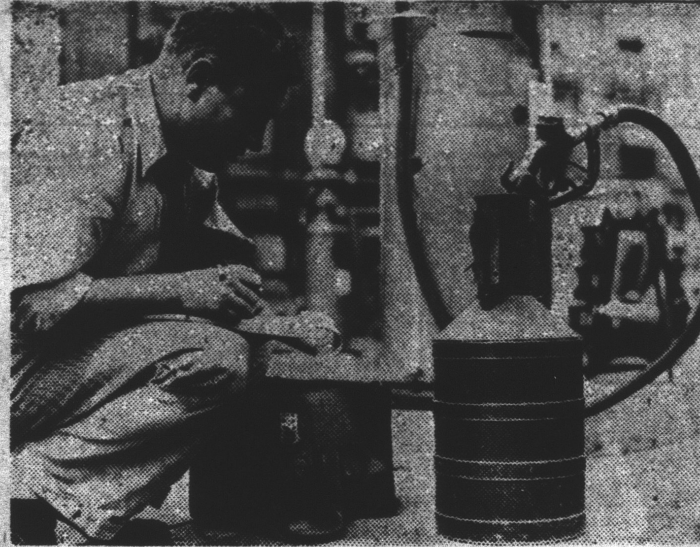

The state office was opened June 13, 1933, and this year the HOLC discontinued granting loans. The next step in the evolution of the department is property management, according to Mr. Strickland.

Year's Notice Given

The law provides that the HOLC take over mortgaged property a year after the foreclosure is filed, and Mr. Strickland believes that next May the property management division will be in full operation.

Explaining the mortgage foreclosures, Mr. Strickland said "some criticism has resulted from the policy pursued by the corporation, but the management is continuing to follow a course of sound mortgage loan practice, even though a political campaign is impending, yet ex-

tending to every borrower the consideration to which he is entitled. "It is expected that the foreclosure peak will be reached in this state during August and September, and that there will be a gradual decline from October.

"It has been the policy of the corporation to deal as considerately with its many borrowers as possible and still adhere to good mortgage loan practice.

"This is necessary in order that the United States government and taxpayers generally be protected, since all HOLC bonds are contingent liabilities of the government.

MACHINE GUN SLINGS SHELLS

Centrifugal Force Is Used Instead of Powder to Expel Bullets.

By Science Service

WASHINGTON, Aug. 22.—A centrifugal machine gun which is intended to shoot bullets in rapid succession, on the same principle that the sling used by David hurled the fatal stone which slew Goliath, is the subject matter of a patent (No. 2,043,117) recently granted here to B. F. S. Baden-Powell, English inventor and army officer, who is known for his invention of the man-lifting kite.

The novel machine gun has no trigger and uses no powder to send its bullets against the enemy. Hence the familiar rat-tat-tat of conventional machine guns is eliminated. Centrifugal force, the same force that tilts a person riding in a car turning a corner, is the sole "ex-

plosive" which "fires" the deadly shell.

Mechanism of the centrifugal machine gun includes a barrel, which radiates from a pie-pan-like shaped chamber provided with a cylindrical wall. The barrel and its chamber spin around at high speed.

Into the chamber a magazine carrying the shells drops the projectiles one by one at the proper time. The shells are spun around against the cylindrical wall of the chamber and are guided by a "pusher" mechanism into the breech of the gun. The shell is hurled out toward the target, like a stone from a sling.
