

SCHOOL EXHIBIT TO PORTRAY 100 YEARS' ADVANCE

Old-Time, Modern Methods
of Education Subject of
Fair Display

An exact replica of a typical Hoosier schoolhouse in use when the Potawatami Indians were a threat and not just a memory is to be exhibited by Marion County pupils at the State Fair in co-operation with the State Department of Public Instruction.

Built in the style of 100 years ago with clay floors and log benches, this school has been put in charge of Charles Smock, of Bluff-av., Perry Township School.

Acting on the suggestion of J. Malcolm Dunn, County School Superintendent, Mr. Smock selected 16 county students of various ages to take part in the exhibition. Historic ability was the deciding factor in the selections.

Classes to Begin Monday

Beginning Monday, Sept. 7, pupils are to attend classes in the small log building from 9:30 to 11:30 a. m. and from 1 to 3 p. m. They are to be dressed in the costumes of the period, girls wearing pantaloons and pig tails and the boys garbed like Tom Sawyers. They are to use 100-year-old text books.

According to Mrs. Katherine Eichhorn, exhibit secretary, it was necessary to conduct a state-wide search to procure these texts. The state department asked for contributions from libraries and collectors.

"Many of the texts were so old and worn we were afraid to use them for fear they would fall apart," she said.

Costumes were furnished by the pupils and their parents. Pupils are to re-enact scenes that must have been familiar to many of their great-grandparents. Some are to bring in bushels of corn to pay for their tuition, and the school is to have the usual 21-year-old, who has struggled to arrive at the 7-B.

Modern School Contrast

There are to be two or three students in each grade, all housed in one small room.

For contrast, a modern school is to be operated within a few feet of the replica by pupils and teachers from Hamilton County. The intermediate stage is to be shown by a 50-year-old school exhibit by Johnson County pupils. George Neese is to act as teacher.

Dedication exercises are to be held Sept. 9 for the new education building now nearing completion at the Fairground. Dr. William Lowe Bryan, Indiana University president, and Dr. Edward C. Elliott, Purdue University president, have been invited to speak. Mrs. W. A. Lower is education exhibit director.

OKLAHOMA GIVES UP PLEA FOR 'VALJEAN'

By United Press
PONCA CITY, Okla., Sept. 1.—Oklahoma will make no further move at present to return Carlton Chilton, the state's "Jean Valjean," to complete a prison sentence, Gov. E. W. Marland indicated today after the Governor of Ohio had blocked Chilton's extradition.

Gov. Marland has expressed his sympathy for Chilton, but held to the opinion that to let Chilton remain free would be inviting escape attempts on the part of the thousands of others now held in Granville Reformatory, from which Chilton escaped 23 years ago, and from McAlester prison.

POSSE TOLD TO QUIT SEARCH FOR CRATER

By United Press
WARNER'S HOT SPRINGS, Cal., Sept. 1.—The searching party which for nearly a week has been seeking traces of a prospector believed to be the missing Justice Joseph Force Crater of New York, today was ready to disband.

Two Los Angeles officers, Capt. W. C. Allen and Lloyd Davis, were ordered to return home. Their instructions to cease searching came after Lucky Blackie, picturesque prospector who supplied the initial "tip," quit the posse and headed for Hollywood to get into the movies.

Capt. Allen said he was convinced that a man answering to the description of Justice Crater is somewhere on the desert near here.

OFFICERS NAMED BY COAL DEALERS HERE

Richard W. Tubbs was elected president of the Indianapolis Retail Coal Dealers Association at a meeting in the Hotel Lincoln last night. Other officers are Albert M. Maguire, first vice president; John Vanwert, second vice president, and Earl Sigmon, secretary-treasurer.

The following were named directors: Harry Woods, Virgil Potts, B. K. Wilder, Robert W. Bidlack, Edgar Joseph, Charles Braughton, E. J. Riddle, Daniel B. Dunham, O. J. Liefelman, R. M. Mannon, Edward P. Monn and Edward G. Iske. Charles C. Dare and George Longstretch were elected.

GOLD MINING IS TOPIC

Amateur gold prospecting in Morgan County was described at the Scientific Club luncheon yesterday in the Board of Trade by Frank B. Wade, Shortridge High School science teacher. Commercial mining ventures in Morgan County, Mr. Wade said, would be unprofitable because of the low gold content.

BLAST BLAMED FOR FIRE

WALTON, Ind., Sept. 1.—Exploding gasoline today was blamed for a fire which destroyed the Roy Carey Garage here last night at an estimated loss of \$15,000. Mr. Carey was burned severely.

MAMA GOPHER GOES FOR HAND-FEEDING

This is Minnie, mama gopher, eating out of the hand of Sam Kellenberger, at a summer camp at Indian Point, Monon, Ind.

For two years now, Minnie has been on an eating-out-of-hand basis with Mr. Kellenberger. For two years before that she would scamper every time he came around. Only this year has she allowed her entire family to become so familiar.

The gophers live under a wood pile near the camp and seem to be satisfied tenants.

NEW ELECTRIC UNIT APPROVED

\$30,000 Substation Is to Be
Constructed in Broad
Ripple.

The Indianapolis Power and Light Co. today proceeded with plans to build a \$30,000 electric substation at the southeast corner of 61st and Compton-sts to improve service in Broad Ripple.

The City Zoning Board granted permission for the structure at sessions yesterday. The building, representatives of the company said, is to be placed on the back of the lot, and the grounds in front are to be landscaped.

Decision was withheld on a request of Mrs. Myrtle Hinesley to vary the building laws to permit erection of retail storerooms at the southeast corner of 49th-st and Rookwood-av.

The storerooms would face Butler University campus and Louis Berenstein, board member, said wishes of Butler officials should be considered in the decision.

BEECH GROVE SHOPS BEGIN SIX-DAY WEEK

Big Four Route employees at the Beech Grove shops today began a new six-day-week schedule as the result of orders affecting the entire Big Four and New York Central systems.

The change is being made, officials said, because of prospects of increased freight and traffic business. The six-day week probably will be in effect for at least two or three months, it was said.

GARFIELD PARK TEAM WINS SWIM HONORS

Garfield Park swimmers today held the local American Red Cross life-saving championship, won yesterday when they piled up a top-heavy score against other city pool entries.

Among the winners were Ernest Koch, Bernardine O'Connor, Helen Hogan, Harold Hayes, Lester Stump, Chester Matthews, Ray Koch, Mary Causey and Martha Stump.

PROPERTY SALE TOTAL OF YEAR IS \$3,032,325

North Side Realtors Hear
Report of Secretary
at Luncheon.

Real estate transactions amounting to \$3,032,325 last week, bringing total business for the year to \$3,032,325, were reported by members of the North Side Realtors at a luncheon yesterday.

John W. Robbins, organization secretary, said that the total for the first eight months of this year already had surpassed last year's figure for the entire 12 months of last year. The total last year was \$2,421,900.

Mr. Robbins said the usual decline in real estate sales preceding a presidential election had not been evident thus far and that a good fall business is expected.

House Sales \$50,500

Of the \$36,000 reported last week, \$50,500 worth of houses exchanged hands, 4 lots valued at \$5000 were sold and \$30,500 in building jobs were transacted.

A total of 53 deals have been made by the realtors' organization since the first of the year. These deals represent the sale of 513 houses, 187 lots, 36 building jobs, 6 farms and 11 miscellaneous properties.

The next meeting of the group has been set for Sept. 14 in the Towne Tavern.

O. A. R. P. CLUBS UNITE

Opposing in their constitution "political manipulation" of Towne send Clubs, an organization known as Confederated Townsend Clubs of Indiana, Inc., has been formed here.

Herman L. Ridenour, attorney, said today that 22 Townsend Old Age Revolving Pension groups were included in the organization.

PURDUE ADVISER

Prof. W. A. Knapp (above), Purdue University assistant dean of engineering, is to be at the Indiana University Extension Center, 122 E. Michigan-st., tomorrow to consult with prospective Purdue students and their parents. The number of new student applications this year is the largest in the history of the university, officials announced.

SAMARITANS ROBBED BY ROADSIDE 'BODY'

Two men driving near Southport last night saw what they believed to be a body lying on U. S. Road 31. They stopped to investigate, they told police. The "body" suddenly arose with a gun in its hand and took \$25 and a ring from the pair, officers were told.

Lester Sutt, 28, 707 Stevens-st., and Argyle Miller, 22, Frankfort, Indiana State Fair concession operators, told police they were the victims. The bandit disappeared into a cornfield after the holdup, they said.

"I wore out 3 sets of tires trying to use up that gallon of RED CROWN!"

...WHINES *Thaddeus Whinny*

LEARN THE TRUTH ABOUT GASOLINE MILEAGE

Now, now—Mr. Whinny! Surely you don't expect anyone to really believe all that! Red Crown is good—but not that good. It's because so few motorists do actually know how much mileage they are getting with the gasoline they are using, that Standard is conducting the World's Greatest Road Test this Summer. Thousands of Midwest motorists are keeping records of their day-by-day driving experiences, and already the reports show they are securing much interesting information about gasoline mileage and the economical operation of their cars.

But even if you are not driving a Research Test Car, it will pay you to
