

# DOCTOR WARNS ILLNESS COSTLY

Increased Pay Profitable From Health Standpoint, Convention Told.

By United Press  
SOUTH BEND, Ind., Oct. 7.—Increased wages to enable workers to choose their own doctor rather than "a system of politically controlled medicine," were urged by Dr. R. L. Sensesich, South Bend,

in his presidential address before the Indiana State Medical Association today.  
"Sickness, and especially disabling diseases, are much more frequent in the low-income group than in those of better financial station," Dr. Sensesich said.  
"Repeated illness of employees is costly to large manufacturers. It must be recognized that the individual whose living conditions are unfavorable to health, lives and works at a less effective level than the individual who lives under more healthful physical and psychologic conditions.  
"A man can not give a dollar's worth of work if his physical condition is capable of only 50-cent production," the association head declared.  
"This group is not so large and

it is probable that controlling these losses might go a long way toward meeting the costs of the moderate wage increases necessary to make better living conditions possible for the very low income group.  
"It also might be reflected in diminished sickness dependency in public institutions which constitute a considerable tax burden."

# 300 ATTEND BANQUET OF KNIGHTS TEMPLAR

Approximately 300 persons attended the annual banquet and group meetings of Central Indiana Knights Templar in the Raper Commandery asylum in the Masonic Temple last night.  
A program was furnished by members of the Indianapolis Alumni Club of Mu Phi Epsilon after a Raper Commandery cast conferred the degree of the Illustrious Order of the Red Cross.

# Constipated 30 Years

"For thirty years I had stubborn constipation. Sometimes I did not go for four or five days. I also had awful gas bloating, headaches and pain in the back. Adierika helped right away. Now I eat sausage, bananas, etc. anything I want and never feel better. I sleep soundly all night and enjoy life."  
—Mrs. Mabel Scholt.  
If you are suffering from constipation, sleeplessness, sour stomach, and gas bloating, there is quick relief for you in Adierika. Many report action in thirty minutes after taking just one dose. Adierika gives complete action, cleaning your bowel tract where ordinary laxatives do not even reach.  
Dr. H. L. Shoup, New York, reports: "In addition to intestinal cleansing, Adierika checks the growth of intestinal bacteria and cures bacilli."  
Give your bowels a real cleansing with Adierika and see how good you feel. Just one spoonful relieves GAS and stubborn constipation.
