World Youth
Congress PostIndianapolis Clerk Wins
International Recognition.

By LAURA LOU BROOKMAN

NEW YORK, Nov. 2. Myrtle Powell, Do you recognize the name? Myrtle Powell is one of those paradoxical persons who have attained international importance before becoming widely known in her country.

For she went to Geneva, Switzerland, an unheralded delegate to a peace conference and returned as one of the two Americans on the permanent committee of the World Youth Congress.

Miss Powell looks like a high school girl (though she admits she's in her twenties), has dimples and dark curls and a job as clerk in Indianapolis.

Jobs Are Youths' Concern
About as big as a minute (five feet three, weight around 100 pounds), Miss Powell has a quick and engaging smile. She brushes her curls back severely, talks in low, even tones. Here are the observations she brought back from Geneva:

1. Jobs—getting them and keeping them—are the subject of most concern to young men and women of Europe and the Orient, as in America, today.

2. They all have the same problems of trying to combine wage-earning with marriage and a normal married life. Most of the working girls Miss Powell met abroad, besides supporting themselves, are contributing to the support of their families.

3. They are concerned deeply about war and peace because "if there is a war we will be the ones to carry it."

"Young people," said Miss Powell, "seem to be taking a deep interest in public affairs everywhere—more in Europe, I think, than in the United States. They have been drawn into the situation by economic conditions and want to do something about it."

"They want jobs and they want a chance to express their ideas and take a hand in government instead of having to wait around until they are 35 or 40 before any one will listen to them."

Miss Powell works in the general offices of the Indiana Bell Telephone Co. and lives with her parents, Mr. and Mrs. Thomas H. Powell. Her interest in international affairs developed after she joined a business girls' club several years ago.

Her First Trip Abroad
She never had been abroad until she went to the World Youth Congress. An effort to bring together the youth of the various countries "to exchange ideas together for the prevention of war and the organization of peace."

Miss Powell represented the national council of business and professional women's assemblies of the Y. W. C. A. As a member of the permanent committee of the Congress, she will work with delegates from the other countries to plan another world meeting of young people to be held in two or three years, possibly in the United States.

Miss Powell, who now is touring the East speaking before business groups, is expected home in about 10 days.

The Powells are as proud of the honor which has come to their daughter as is Miss Powell, herself. "I'm glad they thought enough of her work and her interest in international affairs to select her," her mother said today.

Miss Powell attended a conference in New York last week-end.

COLORS IN HATS
HELD IMPORTANT

Colors in hats take on an importance they haven't had for many a season. Bright scarlet, warm wine, orange and rust tones and all of the purples, from lavender to real regal purple, threaten to displace ubiquitous black.

Feather fancies, too, are more colorful. Velvet flowers adorn many models. Clusters of vegetables, however, are among the missing trimmings.

This is a season of elegance—not of the ridiculous.

Equestrians at R. H. Brown Stables Meet
Weekly for Early Jaunts; Athletic
Club Sets Election Party.

By BEATRICE BURGAN

Society Editor

NOT only huntmen welcome nippy days when the hunters prance impatiently to be off for the run. Equestrians who dare nothing faster than a canter prefer riding during the fall season. For then their horses are more spirited, and frosty breezes sting the riders' cheeks whip them into high spirits and they are reluctant to return to the stables.

The Monday rides before luncheon at the R. H. Brown Riding Stables are rated as a "not to be missed" event. In the fall they are attended particularly well. The women eat in the clubhouse in front of the fireplace or outdoors by the oven. Mrs. Frank Hoke prepared the lunch today.

Yesterday the club members went riding early over Fall Creek-bld trails. They prepared breakfast in ovens along the paths.

The children turned out in large numbers for the Halloween party Saturday afternoon. They played games and munched on Wiener sandwiches, served piping hot from the outdoor grill.

Most of the youthful riders were on hand, except Letitia Sinclair and Cynthia Test, who rode to the hounds in the Traders Point Hunt run, and Eva Taggart, who went to French Lick for the week-end.

Jo Ann Rice, Barbara Bradley, Marjorie Bain, Joan and Alice Booser, Nancy Stout, Barbara Klein, Mary Grossman, Marjorie Hyatt, James McNutt, Ann Amelia Marmion, Robert Mogg and Nancy Hoke were among those at the party.

The Indianapolis Athletic Club is arranging a party to listen in on election returns tomorrow night. A loud speaker wired up in the fourth floor ballroom will relay the news.

Listeners won't miss any of the news at dinner, for the reports are to start coming in at 6 p. m. and continue during the evening. For those who stay on, a buffet supper is to be served. From 9:30 to 12:30 p. m. Louie Lowe's orchestra is to play for dancing.
