official returns giving him a 121,024 to 86,902 decision over William Henry Harrison.

Sheriff Ray also was re-elected by a similar plurality. With only seven precincts missing in the unofficial report, he had polled 118,284 to William Bosson's 82,653.

Four other Democratic incumbents shared in the G. O. P. rout, Frank McKinney defeating Frank Cones for treasurer; Herbert Bloomer beating George C. Schmidt for surveyor, and John S. Newhouse and Dow W. Vorhes outdistancing George Kincaid and William Garbrandt, respectively, for county commissioners. Dr. Ethelbert Wilson was elected over Dr. Ralph R. Coble for coroner.

Only six of the 31 county wards turned in Republican victories. The Third Ward, which in the past had voted consistently Republican, gave the Democrats an edge of 100. In 1934, the ward gave the G. O. P. a 394 margin.

### G. O. P. Strong on North Side

The Republicans piled up their heaviest edge as usual, in the Twenty-Fifth Ward, where Landon ran almost 2 to 1 ahead of the President. The Twentieth also gave the Kansan a plurality of approximately 1300.

Other Republican wards were the Fourth, Eighteenth, Pike Township and Washington Township. The G. O. P. lost the Fifth Ward, which it carried in 1934, while the Democrats lost Washington Township, which supported Senator Sherman Minton in the 1936 election.

Republican County Chairman Frederick Schaefermeier conceded with "congratulations" at 8:15 last night when the huge Democratic majority started to roll up.

### Impromptu Parade Staged

At the county "landslide" became more certain, collections by Democratic party workers broke out in several places. An impromptu torch-light parade on Washington-st and general "whooping it up" in downtown hotel and the Indianapolis Athletic Club were features.

Walter Boettcher, county chairman, who predicted when reports first started drifting in that Mr. Roosevelt's plurality would reach 40,000, was one of the celebration leaders. He praised precinct and ward workers for "getting out the vote."

The most orderly election held in recent years, was the report of Sheriff Ray after the polls closed last night. "Voters in the entire county can well be proud of their conduct," he said.

### Trained F. D. R. Closely

Despite advance predictions, Mr. Townsend ran only 2894 votes behind the President in 321 out of 228 precincts in the county. The local organization's split-up over the gubernatorial nomination at the state convention apparently had little effect, leaders said.

County leaders originally were pledged to support the candidacy of E. Kirk McKinley for the Democratic gubernatorial nomination at the state convention, but they divided after a stormy half-hour session when a faction led by Mayor Kern sought to get on the Townsend band wagon.

Prosecutor Spencer's showing also was a surprise to party leaders. Democratic spokesmen several days ago predicted he would run "quite a ways behind the ticket."

### Spencer Holds Own

In Beech Grove and the Seventeenth Ward, predominantly labor districts, Prosecutor Spencer held his own with other Democratic county candidates.

The Negro vote in the Sixth, Seventh and Twelfth Wards also was reported strongly Democratic. Several years ago these wards were almost 100 per cent Republican. The Democrats have been making consistent gains in the Negro districts for the last three elections.

Democrats based their pre-election victory predictions on their Negro plurality, but as it turned out, their margin of victory was so great, they still could have carried the county with most of the Negro vote against them.

The Sixth Ward gave Roosevelt, 4869; Landon, 3856. With only one precinct out of 13 unreported, the Seventh Ward in unofficial returns showed Roosevelt, 4754; Landon, 3182.

The Twelfth Ward, also with one precinct out of 13 unreported, returned an overwhelming Democratic plurality. The vote there showed Roosevelt, 5092; Landon, 1663.

### Lost in Eighteenth

Herbert Lewis and William Walker who are the Democratic Negro leaders for this vote, they were among the organizers in 1936 for the independent Colored Voters.

Mr. Roosevelt only lost the Eighteenth Ward, the Republicans' Irvington stronghold, by 428 votes.

In recent years only three Democrats have been able to secure plurality in this ward.

EARLHAM QUARTERLY OLDEST OF ITS TYPE

With the selection of the state's champion fingerwaving artists tonight, the convention and trade show of the Indiana Association of Beauticians will close at the Claypool.

Winner of the first students' finger-waving contest, held yesterday, was Miss Dorothy McElveen, who received a statuette as first prize.

### Old Folks TELL EACH OTHER THE SECRET OF THE ALL VEGETABLE CORRECTIVE

FOR many years now we have been telling each other about the secret of the all-vegetable corrective called Nature's Remedy (N.R. Tabloid). From time immemorial man to another has passed on the news of this purely vegetable corrective. It means so much to people in our life to be healthy and thoroughly clear from their bowls of accumulated wastes. It means fewer aches and pains—more enjoyment and a longer life.

Nature's Remedy is so kind to the system. Now it is habit forming. It stands alone in the drugstore and drugstore counter. It is a tablet for 25¢.

RICHMOND, Ind., Nov. 4.—A nation-wide survey recently completed at Oberlin College revealed that the "Earlhamite," Earlham College alumni publication, is the oldest magazine of its type in the United States, according to word received here today.

Founded in 1873, as a monthly, the "Earlhamite" has been published as a quarterly since 1911.

Democrats based their pre-election victory predictions on their Negro plurality, but as it turned out, their margin of victory was so great, they still could have carried the county with most of the Negro vote against them.

The Sixth Ward gave Roosevelt, 4869; Landon, 3856. With only one precinct out of 13 unreported, the Seventh Ward in unofficial returns showed Roosevelt, 4754; Landon, 3182.
