

60 KROGER DRIVERS ARE TO BE HONORED

State Motor Association to Give Gold Lapel Pins.

Indiana Motor Traffic Association is to honor 60 drivers of the Kroger Grocery and Baking Co. at the safety session of its state convention Saturday for having driven 3,000,000 miles without an accident in the past year.

This is the second consecutive

year the Indiana Kroger fleet has been selected by the Hoosier association as the safest large "over-the-road" fleet enrolled in its campaign. Albert H. Morrill, Kroger president, is to be given a scroll by I.M.T.A. in recognition of the remarkable record which the Indiana branch has established. Drivers are to receive gold lapel pins.

J. C. Scher, warehouse and transportation superintendent of the Indianapolis branch, has been in active charge of the safety work of the local division for the last two years. Frank Bowers has served in the same capacity at the Fort Wayne branch.

NEW POLICE RADIO TOWER APPROVED

\$1400 Shaft Held Need to Clarify Signals.

Construction of a new 250-foot radio transmitting tower for the Indianapolis Police Department is to be started soon following approval of the project yesterday by the Safety Board. The cost is to be approximately \$1400.

Chief Morrissey and Capt. Rob-

ert L. Batts, police radio head, requested replacement of the present 103-foot tower in order that all signals to police be clear regardless of weather and high tension wires. The new tower is to be built at the station in Willard Park.

The board took under advisement a petition signed by 175 persons asking for an automatic traffic signal at 21st and Harding-sts.
