

'STREAMLINED' SCHOOL SYSTEM HERE OUTLINED

Stetson Hints Possibility of Junior College With Technical Courses.

The Indianapolis school system is to be "streamlined" to meet 1937 requirements, according to Supt. Paul C. Stetson. He announced a committee of 75 senior high school teachers to study needs for the coming year.

He spoke yesterday at an all-city high school teachers meeting in Caleb Mills Hall, Shortridge High School.

The possibility of a Junior Technical College with vocational institutes and creative institutes for special students, was outlined by Mr. Stetson. Present courses are to be enlarged instead of adding more courses to the school curriculum, he said.

The relation of general and special educational courses, the need for secondary school reorganization, study of social problems, encouragement of creative ability and the place of the school in relation to morals and manners were included in Mr. Stetson's discussion.

Mr. Stetson warned against educational "fads" which he termed "forced and highly artificial."

School work must be organized toward one objective, "development of pupil personality," he said. He suggested the phrase "extracurricular activity" be eliminated from the school vocabulary.

Vocational institutes, he said, could aid older groups forced by economic pressure to remain in school until their 21st year. The period has been toward specialization, but is now turning toward general knowledge, he pointed out.

"We will undertake no more important work during the next two or three years than this revision of curriculum," Mr. Stetson said. "Its effects will touch the lives of thousands of secondary school pupils."

Junior high school reorganization work was started in 1931 and now virtually is completed. High school curricula has never been revised, he said.

Further Improvements Await Irvington Grant

The public school building program is to be expanded to include improvements on Technical, Broad Ripple and Crispus Attucks High Schools if the \$202,500 PWA project for a new Irvington High School is approved, according to A. B. Good, School Board business director.

The application has been approved, but allocation of funds awaits Congressional action on continuance of the PWA beyond June 30.

MISSIONARY TO TALK

Miss Rose Fecker, missionary to China now on furlough, is to speak on "Chinese Womanhood and Family Traditions" at the meeting of the Women's Federation of the First Evangelical Church Friday. The meeting is to be held at the home of Mrs. F. M. Sims, 960 Campbell Ave.

PLANE CRASH KILLS NAVAL LIEUTENANT

By United Press
HONOLULU, T. H., Jan. 7.—Naval authorities today sought to determine the cause of a plane crash yesterday in which Lieut. Richard H. Gorsline, Appleton, Wis., was killed and Seaman Harvey J. Combs, Miami, Fla., was injured. The men, attached to the U. S. S. Louisville, were stunting in a rented plane. It crashed in the mud flats near here.

fic fatality today with the death of Bert Smoker, 54, Pyrmont, who was injured Saturday in an automobile collision.

COLD-IN-THE-HEAD

SOMETHING NEW FOR IT THAT'S BETTER

No matter what you've used before, do yourself this favor:

Go out and get yourself a tube of that new and remarkable relief for head colds—REL Head-Cold Jelly.

Put a little up just *one* side of your nose. Wait a few seconds—and see what happens. First you'll note a delightful, refreshing "pine woods" odor. Then you'll feel that side of the nostril open—clearly—all the way up. That "stuffed up" feeling is gone! It's really wonderful how quickly REL Head-Cold Jelly starts relief!

If you don't like REL better than anything you've ever used for a head-cold, you can have your money back.

Two sizes now—30c and 50c.

HOW ALL-BRAN SAFELY RELIEVES CONSTIPATION

This delicious cereal absorbs twice its weight in water

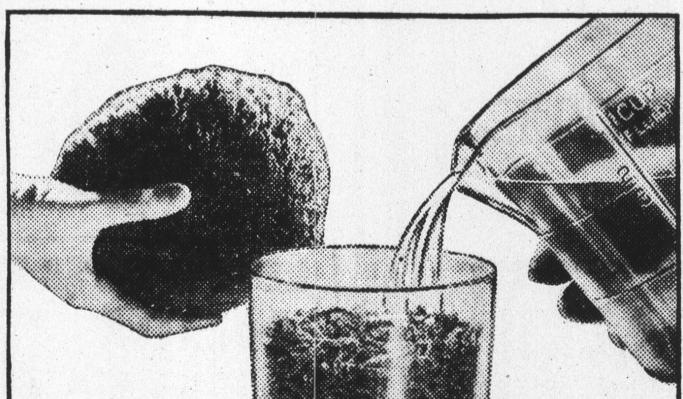

WITHIN the body, ALL-BRAN really absorbs more than twice its weight in water. Here is how ALL-BRAN works:

In the first place, common constipation is usually due to meals low in "bulk." Intestinal muscles lack the materials needed for their regular exercise. They get flabby.

Some "bulk" is found in fruits and vegetables. But Kellogg's ALL-BRAN has a great deal more. This cereal absorbs water. It passes through the system—with the fiber largely unchanged—gently sponging the intestinal walls as it goes along. It eliminates the listlessness, the "blues," the headaches that often follow constipation.

ALL-BRAN also provides vitamin B to tone up the intestines, and iron for the blood. Isn't this natural food much better than the unnatural and sometimes harmful action of pills and drugs?

Eat two tablespoonfuls of ALL-BRAN daily. Chronic cases, with each meal. Serve as a cereal, or cook in recipes. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

This simple test shows how ALL-BRAN functions: fill a glass 4/5 full of ALL-BRAN. Pour water up to the brim of the glass. Soak 15 minutes, and drain off excess water. Feel the water-soaked mass. It's much like a soft sponge. In fact, laboratory tests show that ALL-BRAN absorbs at least twice its weight in water.*

Within the body, this water-soaked "bulk" gently "sponges" out the system. ALL-BRAN also provides vitamin B to tone up the intestinal tract, and iron for the blood.

*Tests made by Samuel P. Sadtler & Son, Inc., Analytical Chemists, Philadelphia, Pa.

Serve Kellogg's ALL-BRAN regularly for regularity
