JOE IS PUZZLED BY NEW YORK'S NEW DOG RACING BILL

Governor Is Said Ready To Sign It

Williams Believes the Act Bodes Only Evil; That Horses Are Better.

By JOE WILLIAMS
Times Special Writer

NEW YORK, April 24.—Ignoring matters of much more vital nature, our steering statesman in Albany has passed a bill legalizing dog racing and all the vast civic benefits that go with it. And from a source extremely close to the mansion I am informed Governor Lehman intends to sign it.

A year ago a similar bill was passed but the Governor vetoed it on the ground that it failed to provide for a proper regulatory body. It was not difficult to correct this weakness.

The bill was re-passed at the current session with the State Racing Commission named as the supervising agency. It so happens that the State Racing Commission, headed by Herbert Bayard Swope, has repeatedly gone on record as being opposed to dog racing. But if the Governor signs the new bill which he is expected to do, the commission will take dog racing and like it—so will everybody else, including those who don't want it, see no need for it, and are bewildered at the state's enthusiasm for it.

Because of the comparatively low operating cost—say, compared to operating a horse track—dog racing has seldom attracted persons of responsibility and prestige, with the result the business is pretty generally looked upon as a sucker come-on and a racket. Unlike horse racing it doesn't even have the pretense of sporting competitions to recommend it.

Act Astonishing That the Governor of a mind to inflict this tawdry imitation of racing on the citizenry is astonishing even taking into account his well-known liberal views on sport and society. His off the record explanation is that dog tracks already are flourishing in the state, backed largely by political elements, and that if he is so they might as well be legalized and the promotional field thrown open to all comers.

To the man in the street this explanation is something less than convincing, suggesting as it does the inability of the law to cope with illegal enterprises. There has been illegal dog racing over on Long Island for 10 years and nobody from the Governor on down, has made a move to stop it. Not a serious, organized move, anyway.

The Governor's present attitude seems to be one of meek resignation. The politicians are ignoring the law and allowing the dogs to race, and the Governor, getting ready to sign the bill, apparently shrugs his shoulders and sighs. Well, what's the difference? If the boys are going to have dog racing they're going to have it.

Tech Wins Dual Meet From Wiley

The Tech High School track team won slams in the distance events and the jumping, besides breaking even in the sprints and relays, as it won a dual track meet from Wiley of Terre Haute yesterday, by a 69-54 score. Aldridge of Wiley was high point man of the meet with a total of 13 points.
