

# FISH SUGGESTS G. O. P. SUPPORT VANNUYS HERE

New Yorker Wants Indiana  
Republicans to Nominate  
Senior Senator.

WASHINGTON, July 20. — Rep. Hamilton Fish (R. N. Y.) has suggested that the Republicans nominate Democratic Senator Vannoy in Indiana, and said he would go to the State to help elect him.

The Fish suggestion was made at a G. O. P. rally in nearby Maryland. "The attempt of President Roosevelt to destroy the independence of the Supreme Court and to usurp the legislative powers of the Congress by dictating to its members has raised an American issue that far transcends party lines," Rep. Fish declared.

"If the President continues his reprisals and vindictive tactics against the renomination of those Democratic Senators who stand principle and constitutional government above party lines, then I am in favor of the nomination of those Senators, particularly in states north of the Mason-Dixon line, on the Republican ticket for re-election to the Senate."

"The Court controversy involves the simple question of whether the people who believe in the independence of the judiciary or not; whether they believe in constitutional government, and whether they believe in our three separate and independent branches of government."

## 'No Compromise'

"There can be no compromise upon this issue, and the Republican party, standing as it always has for constitutional government and the maintenance of our American system, can render no greater or more unselfish service at the present time than to nominate on their own ticket any Democratic Senator who has been turned down by the Administration because of the courage of his convictions in upholding constitutional government."

"Administration sources already have made it abundantly clear that the foes of the President's court-packing plan, such as Senator Vannoy of Indiana and Senator McCarran of Nevada are to be singled out for punishment."

"If so, I shall urge to the extent of my ability that the Republicans endorse and support these and other such courageous and American-minded Senators."

# JULIETTA LAW UP FOR READING

Ordinance Would Make  
Former Hospital Part  
Of Infirmary.

The Marion County Council today gave first reading to an ordinance designating Julietta Hospital for the Insane as the second division of the county infirmary.

County Commissioners, who presented the ordinance, said it was necessary to legalize additional appropriations needed for Julietta.

Under a 1937 law Julietta was abolished as an insane hospital, effective July 1, and commissioners were unable to get money to feed livestock on the property under the hospital designation.

Julietta is to become the new Marion County Infirmary as soon as new buildings can be erected on the property. The State is to take over the patients.

The Council also gave first reading to an ordinance appropriating \$2000 in fees to County Recorder Ira Haymaker. The ordinance is in compliance with an act of the 1937 Legislature, fixing the recorder's salary at \$4000 annually and allowing him also fees up to \$2000.

# IT'S SWELL TO FEEL SWELL! Demand Fresh cigarettes!

They Stay Fresh... We keep a carton of Old Golds on our boat, and the last pack is always as fresh and delicious as the first, thanks to your double Cellophane wrapping. Their freshness, we think, makes Old Golds more wholesome.

Frank Hovey Smith, New Haven Yacht Club, New Haven, Conn.

LOOK!! INNER JACKET OF "CELLOPHANE" OPENS FROM THE TOP

Seashore-proof... that's what we've found Old Golds to be! That double Cellophane wrapping keeps Old Golds fresh and untouched by the dampness that makes other cigarettes soggy and unfit to smoke. Fresh Double-Mellow Old Golds are our choice!

Mrs. Marion C. De Frost (Registered Nurse), Atlantic City, N. J.

It's swell to know, after a long day of hiking, that the Old Gold you light will be fresh as a daisy. It's the one cigarette we've found that doesn't go stale and get on the nerves.

Howard A. White (Editor) and J. Bohannon (writer), Columbus, O.

A "one brand cigarette" girl... I really didn't believe that an extra jacket of Cellophane could make me a "one brand cigarette" girl, but Old Golds are so fresh and delightful I've been won completely. They're a joy to smoke.

Mrs. Earl J. Neff (jewelry designer) Cleveland, Ohio

# YOU CAN'T BUY A STALE OLD GOLD

FINE TOBACCOS are like star athletes. When they go stale... both fail to deliver top performances.

And it takes so little to spoil a cigarette's condition! A slight change in weather, an overlong wait on a dealer's counter! Then dampness, dust and dryness get in their work. Flavor and aroma disappear. Tongue-bite and throat-irritation creep in. The cigarette neither tastes good nor is good for you!

That is why the initial freshness of the rare prize crop tobaccos, blended into every Double-Mellow Old Gold, is safeguarded by a special weather-tight package. Two jackets (instead of one) of finest moisture-proof Cellophane keep this package weather-tight.

Thus, every Old Gold cigarette reaches your lips as fresh as the minute it was rolled. Rich in flavor. Mild and mellow. Cool and soothing to your throat.

To keep in condition yourself... smoke cigarettes that are always in smoking condition. Smoke FRESH Old Golds!
