

Lieut. Ray Peak, Accident Prevention Bureau head, is just about the busiest man on the force, now that the new safety campaign is on. Here he is looking over the traffic arrest sheets.

Mayor Kern has inquired about the mounting traffic death toll here, so Lieut. Peak shows him. Lawrence McCarthy, the Mayor's aid, the names of accident victims.

"That's the most dangerous block in town," says Lieut. Peak. He is pointing on the city map to the 1100 block in W. Michigan St. Eleven have been injured there so far this year.

Posters have been designed to help educate motorists against the danger of speeding on city streets. Officer Harry Smith thinks the one "Stay Alive" ought to ease pressure on accelerators.

# JAPAN, CHINA WAGE OPEN WAR

Undeclared State of Warfare Held Existing; U. S. Guards Citizens.

(Continued from Page One)

road between Peiping and Tientsin. The second occurred when Japanese troops tried to force their way into the Kwangsin Gate at the southwest side of Peiping. Chinese troops trapped half of them inside the wall and fighting ceased only when a Japanese mediator and a Chinese official escorted the Japanese to the embassy quarter. It was asserted that the Japanese virtually surrendered.

Then, on the complaint that Chinese troops at Tientsin refused to evacuate or disarm, Japanese this afternoon attacked the Chinese garrison there with airplanes and infantry.

A Japanese spokesman at Tientsin asserted that the Japanese "annihilated the garrison to the last man."

There were soon signs that the Japanese were proceeding deliberately to erase this incident.

## Nanking Exhausts Peace Efforts

By United Press

NANKING, Wednesday, July 28.—A Chinese foreign office spokesman at midnight declared that China has exhausted its efforts to preserve peace in North China and that responsibility for future developments must rest with Japan.

At the same time the 29th Chinese Army's resident representative in Nanking issued a statement that "the curtain of war has been raised in North China."

The army's representative said that Chinese and Japanese forces had been engaged in guerrilla warfare around Peiping all day Tuesday.

He said that beginning today, Sung Chen-yuan no longer would discuss the Japanese demands for withdrawal of Chinese troops from the Peiping area. He said Gen. Sung was in constant communication with the Nanking Central Government.

## Report Japanese Using Poison Gas

SHANGHAI, July 27.—A Central (Chinese) News Agency dispatch from Peiping reported tonight that Japanese warplanes had dropped poison gas bombs in the Lukouchiao area just southwest of Peiping. The dispatch gave no details and was confirmed from no other source.

## Lafayette Man Stationed at Peiping

WASHINGTON, July 27.—The United States has approximately 1500 armed men in the Peiping-Tientsin area for the protection of American nationals there, the War and Navy Departments said today.

At Peiping the embassy guard is composed of 498 enlisted men and 18 commissioned and warrant officers of the United States Marines, under the command of Col. John Marston. Three Navy officers and one Navy warrant officer are stationed with the guard.

The 15th U. S. Infantry, totaling approximately 1000 officers and men is at Tientsin.

State Department records showed approximately 1300 American nationals in Peiping.

Of these 675 were civilians who have registered their home addresses with the embassy; 93 are members of the families of the officers of the embassy guard and others serving in official capacity, and 493 are enlisted men in the embassy guard.

Col. Harvey E. Overesch of Lafayette, Ind., is the naval attaché.

## SEAMAN WOUNDS SELF

By United Press

TSINGTAO, China, July 27.—An American Navy seaman named B. J. Vanna laid dangerously wounded in a hospital today after seizing a revolver and firing wildly.

# C. I. O. ACCUSES GLOVE COMPANY

Local Firm Charged With Labor Act Violations in NLRB Action.

(Continued from Page One)

The Amalgamated Clothing Workers of America, Local 154, today charged the Indianapolis Glove Co. with violations of the Wagner Labor Act in a complaint filed with the National Labor Relations Board regional office here.

Allegations that the company discriminated against union members in the matter of wages and used "threats and intimidation" to keep workers from joining the union were made by the local, C. I. O. affiliate.

Company officials could not be reached immediately for comment. According to Robert H. Cowdill, NLRB regional director, the dispute involves approximately 850 employees.

Hearing on the complaint is to be held Aug. 5 in the State House before an NLRB trial examiner. The company has until July 31 to reply.

According to the complaint, the company backed the formation of the Indianapolis Glove Workers Alliance. On May 24, a voluntary 10 per cent pay raise was announced by officials, the complaint continued, but two days later, workers were informed that members of the C. I. O. affiliate would not be granted this increase.

Then on May 31, the company said the collective bargaining agency for the workers, the complaint charged.

## REPORTED CULT HEAD HUNTED IN NEW YORK

By United Press

NEW YORK, July 27.—Assistant Chief Inspector John A. Lyons said today that New York police had been asked to look for Virgil F. (Ber) Effinger, alleged national commander of the Black Legion.

Requests for his arrest, Inspector Lyons said, came from Detroit and Columbus, O., after Effinger reportedly was seen here.

Effinger has been a fugitive for nearly a year. His name was brought into court disclosures of Black Legion terrorism in Michigan following the arrest of Dayton Dean, confessed trigger man for the secret organization. Columbus officers said Effinger walked out on an extradition hearing at Lima, O., last August.

## SECRETARY DENIES SHE KISSED DEAN

By United Press

GREENWICH, Mass., July 27.—Evelyn Dill, 29, of Boston denied today from the witness stand that former Dean Thomas Edwin Elder, 55, of Mount Hermon School kissed or embraced her, or even "chucked" her under the chin while she was his secretary.

Testifying less than 15 minutes at Elder's assault trial, Miss Dill categorically denied the testimony of S. Allen Norton, 66, retired Mount Hermon cashier, that he saw her and Elder kissing and embracing in her office in 1930. It was Norton's complaint that Elder threatened him with a shotgun in his garage the night of May 25 that resulted in Elder's trial.

## MINTON ASKS THREE MILLIONS FOR INDIANA

By United Press

WASHINGTON, July 27.—Senator Minton (D. Ind.) today sought presidential approval of more than \$3,000,000 in work relief projects for Indiana, including a \$1,250,000 street improvement program at Gary.

The funds would come from both the Public Works and Works Progress Administrations to finance construction of new buildings at Purdue and Indiana Universities, and improve State Hospital facilities.

The Gary street program would be financed by the Works Progress Administration from its new \$1,500,000 appropriation.

## 2 SEEK ROBINSON'S POST

By United Press

LITTLE ROCK, Ark., July 27.—J. Rosser Venable, 48-year-old World War veteran, of Little Rock, and R. F. Waters, 48, Danville school superintendent, today announced they would run as independents against Governor Bailey, Democratic nominee, for the seat of the late Senator Joseph T. Robinson.

## ENGLISH WAR LEADER DIES

By United Press

RYDE, Isle of Wight, July 27.—The Hon. Sir Somerset Arthur Gough-Calthorpe, admiral of the fleet, died today at the age of 72. He signed the Armistice with Turkey for the Allied Governments aboard the flagship Agamemnon in October, 1918. He retired from active service in 1930.

# Lewis May Test His Political Power in N. Y. Mayoralty Fight

(Continued from Page One)

should decide to run without formal sponsorship of either major party. It was learned that Mr. Lewis has, in effect, purged the league of both Democratic Party and American Federation of Labor influences. Friends say he conceives this organization now as merely the political arm of his C. I. O.

## Quiet Realignment

The realignment has been carried out quietly in a series of related steps which culminated in the resignation of Senator Berry (D. Tenn.), as president of the league, reportedly at the demand of Mr. Lewis and Sidney Hillman, treasurer of the league and President of the Amalgamated Clothing Workers Union.

No new president will be elected, leaving Mr. Lewis as chairman, in control and Mr. Hillman, a C. I. O. affiliate.

Company officials could not be reached immediately for comment. According to Robert H. Cowdill, NLRB regional director, the dispute involves approximately 850 employees.

## TEMPORARY ROUTE FOR TRUCKS FOUND

Approval to Be Asked Following Inspection.

A temporary answer to the City's vexing truck routing problem had been proposed today and is to be presented to the Mayor's Special Truck Committee for consideration Thursday.

A subcommittee decided on a route for trucks from the North at a session last night. Today this subcommittee is to make an inspection trip before asking the larger body for final approval.

This proposed route, which the subcommittee hopes will be satisfactory until a \$3,000,000 traffic-belt around the city is constructed in the future, follows:

From U. S. 31 from the north, trucks will turn on W. 73d St., circle to 71st St. and then go to State Road 29 which enters Northwestern Ave. From there they will go south on West St. into the city.

## OFFICER WINS CASE ON DEMOTION PLEA

Corbin to Be Restored to Former Rank.

Detective Sergeant Morris Corbin today won a victory in his appeal to the Safety Board from Police Chief Morrissey's order permanently demoting him to the rank of first-grade patrolman.

The board, in a decision announced after a closed session, ruled that Officer Corbin's demotion be effective for only 90 days from July 5 and that at the expiration of that period he be restored to his former rank.

Chief Morrissey ordered the demotion on charges that the officer signed a statement to help win a parole for Willard Kelley, serving 17 years in the State Prison for participation in the Roberts Dairy Co. robbery.

At a hearing before the Board last week, Kelley testified that he had forged the officer's name.

The Board today upheld dismissal of Patrolman Wayne Money because of conduct unbecoming an officer.

## CASUALTIES MOUNT IN MEXICAN QUAKE

By United Press

MEXICO CITY, July 27.—Casualties in Sunday's earthquake mounted today as reports were received from isolated areas and some 40 deaths were recorded in all.

Thirty deaths occurred at Malinalco, in Vera Cruz State, and the town was almost in ruins. Damage to a power station there disrupted railroad service in electrified portions of the area.

# HINT FILIBUSTER ON WAGE BILL

Southern Bloc May Present Antilynch Proposal as A Rider.

(Editorial, Page 12)

WASHINGTON, July 27.—The Senate today undertook consideration of the Black-Connery Wage-Hours Bill amid undercurrent threats of filibuster tactics involving the proposed Federal Antilynch Bill.

Some Senate sources said that forces opposing enactment of Federal wage and hour legislation at this session planned to inject the highly controversial lynching question into the debate by offering the proposed Antilynch Bill as a rider to the Wage-Hour Bill.

The antilynch measure is vigorously opposed by many Southern Senators including a group which also opposes wage-hour legislation. Introduction of the antilynch measure would be certain to arouse prolonged debate.

The filibuster threat arose as Senator Borah (D. Ala.) co-author of the Wage-Hours Bill, appealed for its enactment on grounds such regulation was "purely a Federal problem."

The Senate Judiciary Committee today approved a bill introduced by Senator Borah (D. Ala.) designed to end "racketeering" in receivership and bankruptcy cases in the lower Federal courts.

## Report G. O. P. Refuses To Support Copeland

By United Press

NEW YORK, July 27.—The World Telegram said today that Republican leaders have decided not to support Senator Copeland, Tammany candidate for mayor, for the Republican nomination in the primary.

The newspaper said Republican leaders felt that the death of James J. Dooling, Tammany leader and supporter of Senator Copeland, had weakened the Senator's chances of victory in the primary on the Democratic ticket against Grover A. Whalen, favored by county Democratic leaders outside Manhattan for the nomination. Mr. Dooling died yesterday of apoplexy brought on by a heart attack.

The World Telegram said Senator Copeland was supported originally by Mr. Dooling because of his belief that the Senator would be accepted as the Republican nominee. It was reported that Mr. Dooling had been assured no Republican opposition would develop against Senator Copeland because of his anti-New Deal activity.

## STATE MINES UNDER NATIONAL COAL CODE

Indiana bituminous coal producers today were operating under provisions of the Guffey-Vinson Regulatory Act, it was announced by Ollie A. Davis, State Statistical Bureau manager of the National Bituminous Coal Commission.

The coal code, affecting approximately 95 per cent of the industry, was set up June 21. Fair trade practices and price regulation for interstate coal commerce may be ordered by the commission.

Gardner H. Wales has been named statistical head of the Indiana area. District offices are in the Chamber of Commerce Building.

## SENATE O. K. S RAIL BILL

By United Press

WASHINGTON, July 27.—Passed by the Senate after six hours of debate and parliamentary maneuvers, the McCarran bill to limit freight trains to 70 cars went to the House today.

The Senate accepted an amendment by Senator Harrison (D. Miss.) postponing the effective date of the legislation until July 1, 1938.

# 'Phobic Jail' Mate Thinking Over Divorce

MADISON, Wis., July 27.—Prof. William Ellery Leonard, white-haired, waited today for his third wife to decide whether she would leave him alone and forever in his "phobic prison."

If she decides to divorce him, he will not oppose her, he said, but he would like to have her back.

"I am disturbed by a vague loneliness," he said.

Mrs. Leonard, unharrassed by the demon whose image panics the professor whenever he leaves the neighborhood of his home, was in Chicago deciding whether to carry out divorce plans she discussed with her attorney.

The "prison" is an area of six blocks adjoining the University of Wisconsin campus. The "demon" came to obsess Mr. Leonard when his first wife suicided. He married again, and was divorced 20 years later.

changes in lower court procedure only.

Meanwhile the Joint Congressional Tax Committee decided today that loophole-closing legislation, expected to be reported favorably within a week, will be based principally on "pressure taxes" on various corporate tax reduction methods.

Chairman Robert L. Doughton said the committee also decided, at the request of Republican members, to summon Robert H. Jackson, Assistant Attorney General, to appear tomorrow to explain the Treasury's stand in the matter of Mrs. Franklin D. Roosevelt's tax returns which had been criticized by Rep. Hamilton Fish Jr. (N. Y.).

Mr. Jackson, in a recent letter to the committee, defended Mrs. Roosevelt's method of drafting a radio contract in 1934 so that virtually all the proceeds would go to charity instead of first through her hands. The latter method would have made the income susceptible to higher taxes.

# WRIT IS ASKED AGAINST UNION

Cleveland Firm Asks Guard For Employees; 85 Are Hurt in Clashes.

(Continued from Page One)

87 days and cost an estimated \$5,000,000 loss in business and wages was partially settled today but the hotels remained closed and picketed. About 3200 workers of the six culinary unions that called the strike originally, decided last night by a vote of 1531 to 614, to return to work immediately. Union leaders said they won their demands, including a closed shop.

## Illegal Picketing Charge Pressed in East

By United Press

CUMBERLAND, Md., July 27.—A second shift of workers was to enter the struck N. & G. Taylor plant of Republic Steel Corp. today while striking steel workers awaited legal test of a city ordinance which yesterday resulted in arrest of 13 men on charges of illegal picketing.

## CREW OF SEVEN AND BARGE ARE SAVED

By United Press

CHICAGO, July 27.—Coast Guard headquarters announced today the Canadian tug, Harrison, towing the barge, Michigan, which broke away in heavy seas yesterday with seven men aboard, had arrived safely at Harbor Beach, Mich.

The coast guard cutter Gardigan conveyed the tug to shore and then put back to look for an unidentified fishing boat reported in distress in high seas near Thunder Bay Island light off Alpena, Mich.

The Harrison ran at first time to reach Harbor Beach before water filled the barge's holds, the Gardigan radioed.
