

## F. D. R. LASHES INTERIOR BILL ON SIGNING ACT

Raps Funds for Vocational  
Aid as Over Estimate;  
Hits Lobbying.

By United Press

WASHINGTON, Aug. 10.—President Roosevelt today issued a formal statement declaring he would sign the \$132,000,000 Interior Department Appropriation Bill "with much reluctance" because of its vocational education provisions.

In discussing the appropriation carried in the Interior bill for vocational training, the President said: "It is clear that I would be subject to censure if any of the \$14,483,000 appropriated in this act for vocational training were spent inefficiently or inadvisedly."

"The Congress having appropriated the money to the extent of \$10,000,000 more than was recommended, I will, therefore, carry out what is obviously the intention of the Congress—that as much of the total sum shall be expended during the current fiscal year as can properly and usefully be spent—no more and no less."

Over His Estimate

The President pointed out that the Vocational Education appropriation was "\$10,000,000 more than the estimate of the Bureau of the Budget which I presented to Congress."

The President said that "much of the apparent demand for the immediate extension of the vocational education program under the George-Deen Act appears to have been stimulated by an active lobby of vocational teachers, supervisors and administrative officers in the field of vocational education, who are interested in the emoluments paid in part from Federal funds."

Dohr said he confessed jealousy prompted him to follow pretty Helen Wellhouse to a dance Sunday night and stab her as she stepped off the dance floor.

## FINANCIER RAPS RAIL OPERATION

Banking Management of  
Roads 'Has Been Bad,'  
He Tells Inquiry.

By United Press

WASHINGTON, Aug. 10.—Robert R. Young, youthful New York financier who purchased control of the 23,000-mile Van Sweringen railroad system, told the Senate Rail Inquiry today that "banking management" of the nation's railroads "has been bad" and that railroads need "more efficient interest" in their management.

Mr. Young said under questioning by Senator White (R. Me.), that he could "see no excuse" for existence of Allegheny and Mid-America corporations, top holding companies in the intricate Van Sweringen setup.

Mr. Young emphasized that "the only thing that will save the nation's railroads, in my opinion, is consolidation." He said that he and his associates planned to make "an honest and sincere effort" to "untangle" the complicated structure of the \$3,000,000,000 system they now control.

He testified that he knew of "no reason whatsoever" for existence of rail holding companies beyond the first degree, adding that he was convinced that first degree holding companies were of great assistance in effectuating consolidations.

"My only plea," he added, "is that you do not destroy what is already accomplished." He referred to the intricate Van Sweringen holding companies and to previous threats by Committee Chairman Wheeler (D. Mont.)

CHICAGO, Aug. 10.—Donnie Horst was ill today so the Court didn't get around to investigating the falsification of his birth certificate.

Dr. John A. Rose allegedly testified that Donald was born to Martha and Otto Horst 31 months ago and that led to a climax of kidnapping and court procedure. The Horsts admitted after Donnie was snatched last Tuesday that Mrs. Lydia Lavin Regan was the real mother. It was she who kidnapped the boy.

Chief Justice John J. Sonstebj of Municipal Court held in abeyance the issuance of a warrant against Dr. Rose after Mrs. Horst sent word: "Donnie isn't feeling well."

PHILADELPHIA, Aug. 10.—Mrs. Mary Boccawsini, 27, and the baby born after her death were buried today in a single casket.

Frances Mary Boccawsini, who lived 46 hours after the post-mortem caesarian operation which brought her into the world, lay in the casket of her mother's left arm as the plain gray coffin was lowered into a grave in Holy Redeemer Cemetery.

Mrs. Boccawsini, obscure in life, had been made subject of frenzied curiosity in death.

Until early today a long queue of strangers filed past her casket in the public room of an undertaking establishment in one of the poorer districts. Outside the street was jammed with automobiles and waiting crowds. Police estimated that 12,000 persons, of which less than 100 had known the mother, had seen the bodies.

## SUICIDE THEORY HELD IN DEATHS

Poison Kills Middletown  
Man and Wife of  
Fellow Worker.

By United Press

MIDDLETOWN, Aug. 10.—A suicide pact today was blamed by Henry County Coroner Elmer Bentley for the deaths of Walter Guy Holmes, 37, Middletown, and Mrs. Carrie Anna Campbell, 30, of near Anderson. The two were found dying of a quick-acting poison in a parked automobile near here late yesterday.

The couple, found in an unconscious condition by passing motorists, disappeared from their homes last Saturday, Coroner Bentley said.

An unsigned note believed to have been written by Mr. Holmes before he took poison was found in the automobile. It read: "God bless my boys and poor old dad and mother. Goodbye, Bertie. Hope you can manage until the boys can support themselves."

Leaves Two Sons

"Bertie" is Mr. Holmes' widow. The boys he referred to are his 10 and 13-year-old sons. The Coroner said he would perform an autopsy on the bodies and send organs of the couple to a Muncie laboratory for analysis in an effort to determine the nature of the poison which killed them.

Mr. Holmes and William Campbell, husband of the other victim, were employed in same department at the Guide Lamp factory at Anderson, Coroner Bentley said.

The two families had frequently played bridge together.

Mr. Bentley said he had discounted an early story of murder and suicide since an investigation dis-

## August Selling of Fur-Trimmed Cloth COATS

Priced to Urge ACTION!

**\$38.00**

The new coat silhouette for Winter 1937-38 is more graceful, more refined in detail. Coats with fitted lines are important, with the waistline at normal position. Coats cut on swag lines show only enough back fullness to afford a graceful swing. Sleeves are extended at the shoulders with a squared or boxy effect, much simpler than last year. Fabrics are smoother, softer and more drapable. Furs are more skillfully manipulated. And any color will do—just so it is BLACK—Fashion's prime favorite.

At \$38 you can choose from an exciting group of fur-trimmed dress or sports coats with the new swag or fitted silhouette. Collars of squirrel, Caracul, French Beaver (died rabbit), Skunk, Tipped Skunk, Dyed Squirrel, Persian, Sable, Natural Fitch and Jap Coon (died Asiatic Dog). Materials in nubby rough surface woolsens, Fleece, Tweeds and Commadore Boucles. Colors: Black, green, brown and grey. Sizes 12 to 20, 9 to 17 and 35 to 45 in the group.
