

## TWO UNION AIDS BEATEN IN TEXAS AT LABOR RALLY

Hoodlums Blamed for Oiling  
And Feathering One;  
Riot in Ontario.

By United Press

DALLAS, Tex., Aug. 10.—Police today blamed disorganized hoodlums for the raid on a labor rally last night and the kidnapping of Herbert Harris, 47, Socialist Party organizer who was oiled and feathered and dumped from an automobile at a busy street corner.

There were about 20 men in the mob that invaded Trinity Park where the meeting was in progress. They overturned Mr. Harris' automobile which carried a motion picture projection machine and a film entitled "Millions of Us." The film portrayed the advantages of union labor.

Mr. Harris' helper, George Lambert, 23, was slightly bruised in a scuffle with the men.

Police believed the attack was not related to the kidnapping earlier in the day of George Baer, 38, vice president of the United Hat, Cap & Millinery Workers of America, who was seized from the street by three men and taken to the country for a beating.

The attack on Mr. Baer was believed to have been inspired by hostilities between the C. I. O., to which his union belongs, and the American Federation of Labor. The C. I. O. recently began a membership drive in Dallas industries, where the A. F. of L. has been entrenched.

## Marine Body to Set Working Code

By United Press

WASHINGTON, Aug. 10.—The United States Maritime Commission today planned to devise a system of "reasonable" working conditions aboard American merchant marine vessels.

The Commission announced that it would open hearings Aug. 23 on conditions aboard merchant ships. Officers of both the American Federation of Labor and C. I. O. maritime unions are expected to attend. Commission Chairman Joseph P. Kennedy, meanwhile, neared completion of a new long-range shipping program. He said he planned to announce its details today. It is expected to outline first steps of a new Federal maritime labor policy.

## GOODWILL INDUSTRY SUED FOR \$20,000

A suit for \$20,000 personal damages was on file in Superior Court today against Good Will Industries, Inc., 625 Fletcher Ave., as a result of an automobile truck accident.

Filed by William O. Leppert, the suit alleged that Mr. Leppert lost his right eye and suffered other injuries when his automobile was struck June 4 at Shelby and Crutts Sts. by the defendant's truck, which was driven by William Stiver.

## Questions Hoosier Weddings

Illinois' recent enactment of two laws, one requiring a medical examination, and the other a three-day notice of intent to wed, before a marriage license can be issued, has led to many weddings of Illinois couples in neighboring states.

Crown Point, Ind., long a "Gretna Green," is the goal of most Chicago couples who leave their state to wed. Now Circuit Judge W. R. Hunter of Kankakee, Ill., raises the question whether these marriages are binding in Illinois. He points out a 1915 law that may mean that marriages which are prohibited in Illinois are not binding in Illinois if performed outside the state. A court test is expected. These two photos follow through the marriage of Fred Braun, 24, a bellhop, and Hope Hart, 22, a waitress, at Crown Point. The upper photo shows Fred Braun and Hope Hart taking oath at the Marriage License Bureau, with Deputy County Clerk Mrs. Eunice Fagan, at left. The lower picture shows the couple being married by Justice of the Peace Harvey T. Minas at Crown Point.

## Nuptial Law Session Call Is Given Snub

Governor Townsend today said he would call no special legislative session to halt wholesale wedding marches into Crown Point and other Calumet cities.

Most of the couples come from Illinois to evade that state's new "hygienic marriage law," it was reported.

## NEW WPA CUTS TO HAVE STUDY, JENNINGS SAYS

Veterans and Heads of  
Large Families to Receive  
Job Preference.

With 44,575 persons still on the WPA payrolls in six Indiana districts, further reductions will be made this month, September and October, State Administrator John K. Jennings said today.

A new policy under which dismissals will be made only after a study of individual conditions was inaugurated by Mr. Jennings today. Responsibility of originating further dismissals has been transferred to the WPA employment division, except in instances of termination of employment for cause.

Mr. Jennings ordered district directors, to consider the following factors in making future dismissals:

1. Persons eligible for relief funds available through the Federal Social Security Act.  
2. Persons under 40 who have had continuous employment on WPA projects for the last one and one-half years.  
3. Persons whose former employment records would indicate that they are capable of performing satisfactorily in a skill for which there is local demand, such as agricultural work, domestic service and building trades.

The administrator also told the district directors to avoid the dismissal of persons included in the following classifications:  
1. Persons who are producing a useful day's work and who are the sole support of families above average size.  
2. Satisfactory workers who are veterans of the World War and Spanish-American War.

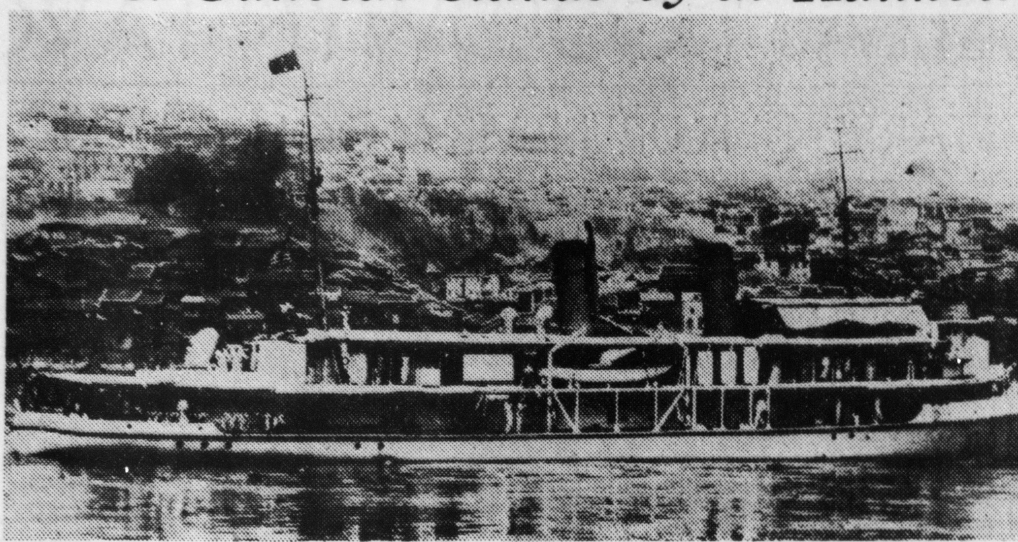

This policy regarding the dismissal of workers was to remain in effect until further notice, the State Administrator said.

## RACKET PROBE WIDENED

By United Press

NEW YORK, Aug. 10.—Special Rackets Prosecutor Thomas E. Dewey extended his racketeering investigation into the garment trade today. He had 16 men indicted by an extraordinary grand jury for conspiracy to extort money from garment manufacturers.

## U. S. Gunboat Stands by at Hankow

The U. S. Gunboat Luzon of the Yangtze River patrol which is standing by at Hankow, greatest inland city of China, as Sino-Japanese hostilities threaten to envelop the city, which is 600 miles south of the fighting zone in North China.

There are about 200 American in Hankow. The situation became tense last Friday when 600 Japanese marines were landed to protect Japanese nationals in the city.

## DIRECT AIR LINK TO COAST ANNOUNCED

Indianapolis-Frisco Service  
To Open Sept. 1.

Extension of TWA mail, passenger and express air service Sept. 1 to link Indianapolis directly with Las Vegas, Nev., Fresno, Cal., and San Francisco, was announced today.

New plane facilities also are to be available between Chicago, Ft. Wayne, Dayton, O., and New York. The new Indianapolis-San Francisco route is to meet demands of local industries with connections in San Francisco, Jack Frye, TWA president, said.

Tentative schedules of the new service to the West call for departures from Indianapolis at 3 p. m., arriving at San Francisco the next morning, and at 4:32 a. m. arriving in the evening.

Fourteen-passenger, twin-motored Douglas Skyliners are to be used in daytime service and 17-passenger Skyliners at night.

## CARNIVAL OPENS AUG. 16

The first annual carnival of the East 21st Street Civic League is to be held Aug. 16 to 21, it was announced today by G. O. Hanna.
