

## STATE GRANTS 5 INSTITUTIONS HALF MILLION

Budget Group Authorizes  
Funds; U. S. Matches  
Allocations.

The State Budget Committee today had authorized allocations totaling more than \$500,000 for the expansion of five state institutions.

According to Budget Director Edward P. Brennan, this money, for the most part, has been matched by additional Federal appropriations to be used for remodeling and maintenance of buildings.

In order that Indiana could take full advantage of Public Works Administration allocations, the Committee granted Muscatatuck feeble-minded colony at Butlerville \$154,000, the Central State Hospital in Indianapolis \$169,950 and the Levanport State Hospital \$202,280, he said.

The Federal Government has made grants to these institutions totaling only 5 per cent less than the state allocations.

A \$30,000 State appropriation for remodeling the Boys' School at Plainfield also received committee approval. This is not to be matched by Federal funds.

The State Police Department received a \$30,000 appropriation for maintenance of barracks throughout Indiana.

Ordinarily the State Police money, which is to be added to by a Works Progress Administration allocation, would have been granted during the next fiscal year beginning July 1, 1938.

The police appropriation was moved ahead, however, Mr. Brennan said, because of the fear that no WPA funds will be available after this year.

## LEAGUE ADVOCATES COLISEUM BOARD

Abolition of Present Setup  
Is Urged.

The Construction League of Indianapolis today was on record advocating creation of a City Coliseum Board to plan construction of a municipal auditorium here.

The league sent a letter to Mayor Boetcher urging that the present City-Coliseum Board be dissolved and a City board substituted.

The letter said:

"In our opinion it has been demonstrated that the present City-Coliseum Board having taxing power over the entire county never will be able to construct a coliseum. Opposition to its authority in areas outside Indianapolis and the general refusal of all real estate to be bonded for indebtedness at this time is overwhelming. As long as this board is in existence, it is apparent to us that a coliseum will not be built in Indianapolis."

## Head Community Fund Units

T. M. Overley

Harold B. Tharp

Harold B. Tharp has been selected to head the special gifts division, and T. M. Overley, Better Business Bureau manager, is to be chairman of the Speakers' Bureau in the Community Fund campaign to open Oct. 8.

The special gifts division is to be asked to raise more than half of the campaign goal of \$721,287. Mr. Overley will enlist about 100 speakers for the campaign.

## 1,000,000 DRIVERS LICENSED BY STATE

New Act Requiring Test Held  
Spur to Applications.

A total of 1,014,581 motorists secured 1937 Indiana drivers' licenses up to Sept. 1, Frank Finney State License Commissioner, reported today.

This is the largest number issued during the corresponding period of any other year since 1930, when the licenses were originated. One reason for the increase, it was said, is that a new State act will require all drivers' license applicants in 1938 to take an examination unless they can show a 1937 card.

Up to Sept. 1, 983,635 motor vehicle license plates had been sold, an increase of 62,000 over the same period in 1936. New car titles numbered 142,227, almost 15,000 more than a year ago, Mr. Finney said.

## DAHL'S WIFE TURNS SPY TO SAVE HIM

CANNES, France, Sept. 10 (U. P.).—Mrs. Harold Dahl, blond American orchestra leader, revealed today how she had desperately undertaken to become an amateur spy in exchange for the life of her aviator husband, Harold Dahl, former Indianapolis student, sentenced to death by the Spanish insurgents.

"I failed at it," she said ruefully. However, she waited hopefully today for word that Gen. Francisco Franco, insurgent leader, had spared her husband's life. Everything else having failed, she appealed directly to the general for mercy, enclosing her photograph. She has not yet been informed that her husband is to be exchanged for some captured relic flier, but has received intimations that Franco will be lenient.

## PARALYSIS CASES GAIN IN TORONTO

TORONTO, Ontario, Sept. 10 (U. P.).—Return of warm weather and an increase in the number of infantile paralysis cases reported during the last 24 hours today discouraged health authorities who had predicted the peak of the epidemic had been passed.

The Ontario Health Department announced that 1338 persons had received serum treatment for the disease this year, and that 43 of those had been stricken fatally.

In Toronto alone 434 cases have been recorded since June 10, with 24 deaths. Additional cases yesterday totaled 24 additional deaths were reported.

## SON CALLS FATHER'S DEATH 'ACCIDENTAL'

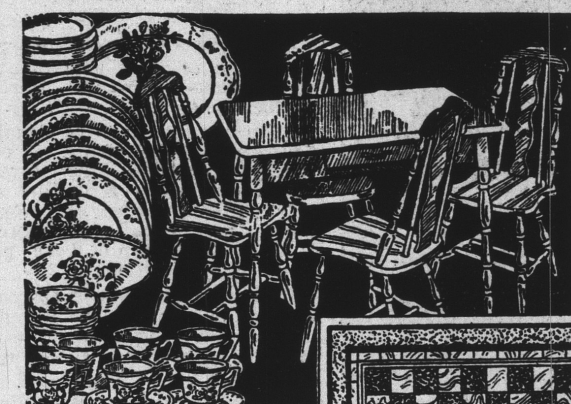

Bryan Hawkins, 29, charged with manslaughter in connection with the death of his father, Samuel Hawkins, 58, told police today the injury which caused his parent's death was accidental.

The father fell from a ladder, striking the son's knee, police said young Hawkins told them.

Mr. Hawkins died Sept. 2 in City Hospital of peritonitis which developed from an abdominal injury. He was injured Aug. 6. The son surrendered to police yesterday.
