

## SUPREME COURT HINTS AT MEANS TO OUST BLACK

Hughes Infers 'Interested' Counsel Might Win Hearing.

(Editorial, Page 16)

WASHINGTON, Oct. 12 (U.P.)—The Supreme Court was believed today to have indicated a way to challenge the constitutional eligibility of Hugo L. Black to sit as one of its justices.

Legal experts expressed this belief after studying the decision of Chief Justice Charles Evans Hughes, in which the Court denied two petitions charging that the new Justice was ineligible because the emoluments of that office were increased by Congress while he was a member of the Senate.

Lawyers pointed out that the Court's reason for rejecting the pleas was that neither of the petitioners had established sufficient personal interest—but "merely a general interest common to all members of the public."

Chief Justice Hughes' explanation, it was believed, clearly indicated that any attorney representing litigants before the Court might raise the question again and, if sufficient personal interest was shown, obtain a definite ruling from the Court on the Justice's eligibility.

### JEFFERSON COUNTY TAX PLEA IS MADE

MADISON, Ind., Oct. 12 (U.P.)—The Jefferson County Board of Public Welfare today had petitioned the State Tax Board for restoration of tax levies.

In the original welfare budget, \$119,285 was requested to cover expenses for the next year, the advertised rate being 42 cents. The rate was reduced by the County Council and the Board of Tax Adjustments to 32 cents.

The petition asserts that the levies so fixed will fail to maintain adequately the welfare service of the county.

### AUTO SAFETY AIDS ENGINEERS' TOPIC

John H. Hunt, director of the General Motors Corp. new devices section, will discuss automobile design and safety features at the meeting of the Indiana Section, Society of Automotive Engineers, Thursday night in the Hotel Sevin.

City and State traffic officials have been invited to attend. Mr. Hunt's address is to be followed by open discussion and safety suggestions.

### 6 HOOISER ARTISTS SHOW THEIR WORK

Six Indiana artists are represented in the 44th annual exhibition of the Cincinnati Art Museum, it was learned today.

Four of them are from Indianapolis. The six are Frances Fallin, Cecil Head, Floyd D. Hopper, William F. Kaeser, John M. King and Doel Reed.

## Fascinating Game Gives Chance for Plane Trips

(Today's Silhouette, Page 18; "All Aboard for Hollywood," Page 15)

Somebody is going to win a trip to Hollywood in an American Airlines' Flagship or Skyliner and a chance to visit the glamorous actresses and handsome actors of Filmland's capital.

It might be you, if you have entered, or take advantage of the opportunity still open to you to enter The Times' "Seek-a-Star Silhouette" contest.

One of your friends already must be a contestant—judging from reports of the flood of entries—and probably has told you all about this contest, this fascinating, mystifying game. Just in case they haven't—

The Times prints daily the silhouette of some movie star and also the photograph of a star to help you in your identification quest. There are 28 of them in all.

So far only four silhouettes have been printed. There's one today on Page 18. In case you haven't entered and want to—you're in time to do it even if you don't win—you can ENTER TODAY. Copies of the silhouettes already printed can be obtained at The Times office, 214 W. Macfayden St.

Just think how your friends will envy you if YOU win that trip to Hollywood. Even if you are not the very best at the game, there are 100 other prizes.

The second is \$100 in cash and the third, \$50. That fourth prize is something to vie for, too—a plane trip to Chicago and a vacation in the nation's second largest city. Fifth prize is \$25; sixth, \$10; the next \$5 each and the next \$3 each.

Seventy-five other contestants are to get pairs of theater tickets.

Look for the big Hollywood Forecast Section in tomorrow's Times. It will contain information necessary to contestants. It also will include three silhouettes.

Remember, you might be the one who will answer the call:

"All Aboard for Hollywood!"

## DISPUTE GASOLINE RATES IN TRUST CASE

Prosecutors and Defense Seek Agreement.

MADISON, Wis., Oct. 12 (U.P.)—Prosecutors and defense attorneys tried to settle privately today their dispute over gasoline price ranges in the winter of 1935-1936, a major point in the trial of 23 oil companies accused of violating the Antitrust Act.

Attorneys for the oil companies and their executives insisted on employing prices reported in three trade journals, also indicated. The prosecution employed a different

range, quoted by Carl O. Beroth, Chicago oil broker.

Mr. Beroth, first Government witness, said the prices he quoted were by private brokers. He testified that he had been asked to give a severe weather in the 1935-1936 winter, consumption dropped and gasoline prices slumped. During this time, he said, the trade journals published unfluctuating higher

## THE INDIANAPOLIS TIMES

### ROAD SIGNAL LIGHT BIDS TO BE OPENED

Bids will be opened Oct. 19 by the State Highway Commission for installation of traffic actuated signals at the intersection of Highways 6 and 41 in Highland and at the intersection of Roads 30 and 41 at Schererville. Earl Crawford, chairman, said today.

Both intersections carry heavy traffic in and out of Chicago.

Operation of the traffic lights will be governed by the movement of traffic over control "pads" located approximately 200 feet back from the intersection.

### PATTON RITES SET

ORLEANS, Ind., Oct. 12 (U.P.)—Funeral services will be held tomorrow for Dr. W. A. Patton, 68, prominent Orleans physician, who died at the Mayo Clinic, Rochester, Minn., Saturday following an operation. Dr. Patton, active in Democratic politics, had practiced medicine here since 1896.

Both intersections carry heavy traffic in and out of Chicago.

Operation of the traffic lights will be governed by the movement of traffic over control "pads" located approximately 200 feet back from the intersection.

## Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you can get relief now with Cremosil. Cremosil not only contains the soothing elements common to many cough remedies, such as Syrup of White Pine, Camphor, etc., but also the extract of Licorice Root, but it also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect, and, most important of all, Beechwood Creosote, perfectly blended with all the other ingredients. Beechwood Creosote will reach the source of the trouble from the inside. Cremosil can be taken frequently and continuously by both adults and children with remarkable results.
