

## Unofficial Pork Chop Buying Strike Forces Chicago Price Dip

CHICAGO, Oct. 14 (U. P.)—A housewives "pork chop strike" is forcing meat prices down, G. W. Kaiser, representative of 2000 Chicago butchers, announced today.

Mr. Kaiser, secretary of the Retail Meat Dealers Association, said meat prices generally will drop 10 percent within a week.

"Prices on all but the choicest cuts of beef will fall," he predicted. "Pork prices already have fallen and

told her it was his first pork chop sale in days.

Other wives, selected at random, told the United Press they have cut down on meats, eat more canned goods, vegetables, and eggs. Several said they used to buy meats liberally but purchase one meal's supply at a time now.

A United Press survey showed recently that meat prices throughout the nation are higher than at any time since 1929. Mr. Kaiser said that in Chicago round steak, sirloin, and porterhouse made the biggest jumps. Spareribs, leg of lamb and club steaks were not far behind.

Since that time, however, pork

prices have dropped from 31 cents to 25 cents a pound.

"The butcher already has begun to pass this eight-cent saving on to his customers," Mr. Kaiser said.
