

## ONLY FIVE FINED IN AUTO COURT; 12 OTHERS HELD

Docket Lightest Since Drive  
On Offenders Was Start-  
ed; \$49 Are Paid.

Only five motorists today were fined in the lightest traffic docket in Municipal Court since the campaign against erring drivers started several months ago. They paid only \$49 in fines and costs.

Twelve other motorists, arrested overnight, were to face the courts later. Police attributed the decline in arrests to rainy weather and the inability of traffic officers to cover much territory because of slippery streets.

Six pedestrians were recovering from injuries received in accidents.

## VanNuys May Seek Office As Independent Next Fall, Some Advisers Predict

State House Declares He Could Muster Only Feeble  
Support Under Such a Plan; Won't Be  
Accepted by G. O. P., They Claim.

(Continued from Page One)

Senator VanNuys had been read out of the Democratic Party merely for his opposition to President Roosevelt's Supreme Court plan he might stand more chance of breaking the solid party front by an appeal on this issue.

One organization leader said: "Indiana Democrats know, however, that this was just one incident. They haven't forgotten that he opposed the organization upon the nomination of Senator Minton in 1934 and Governor Townsend in 1936. They also believe he has not conducted a vigorous campaign for the Democratic Party since his own election."

### Might Aid G. O. P.

A possible strategy for Senator VanNuys, it was said, would be for him to keep his plans secret and hope for a break in the convention. Then, if the party rejected him, he could try to play out a lone hand. There is some confusion about provisions of the much-amended State election laws on this matter, and his independent candidacy probably would produce a dispute, it was said.

W. W. Spencer and Fred C. Gause, State Election Commissioners, agreed that an independent candidate for the Senate would not have to file his intentions, and thus give away his strategy, until shortly before the November general election.

Mr. Spencer thought the time limit was 30 days before the general election and Mr. Gause believed it was 60 days. In either event, the candidate still would have time to have his name placed on the ballot. Names of all candidates are not certified back to the various county clerks by the Governor's office until 25 days before the voting.

Would Need 8000 Signatures  
Before filing as an independent, the candidate must have his petition of declaration signed by one-half of 1 per cent of the total votes cast for the office of Secretary of State in the preceding general election.

In Senator VanNuys' case, it is estimated he would have to have at least 8000 signatures. His political foes agreed he probably could get that number easily.

At the recent Republican Editorial Association meeting in Brown County, it was reported that G. O. P. strategists discussed the possi-

bility of placing the senior senator on their ticket, but it was said by some that these conversations "never got beyond the half-humorous, speculative stage."

Most Republican leaders are said to believe that Senator VanNuys, running as an independent, would do their cause more good by splitting the Democratic vote than he would as their own standard bearer. The President received more than a 200,000 plurality in Indiana in the 1936 election while Governor Townsend ran considerably behind that figure. Democrats concede their plurality might not be that much next time, but in the event of his running as an independent, they contend Senator VanNuys might draw almost as many Republican as Democratic votes.

## MILLIONS MORE FOR FINER TOBACCOS!

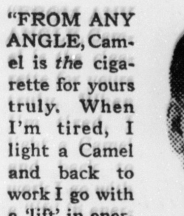

IS IT GOOD BUSINESS TO BUY COSTLIER TOBACCOS FOR CAMELS?

the answer is:

*Camels are the Largest-Selling  
cigarette in America*

"YOU CAN BET all the 12 years I've been playing ball with the New York Yankees, I've been careful about my nerves. Smoke? Sure! All I want to. My cigarette is Camel," says LOU GEHRIG, Baseball's Iron Man. "With Camels I don't worry about jangled nerves."

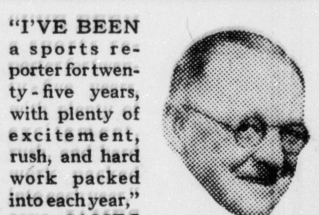

"FROM ANY ANGLE, Camel is the cigarette for yours truly. When I'm tired, I light a Camel and back to work I go with a 'lift' in energy," FRANK MULLADY, auto mechanic, says. "I smoke Camels right around the clock. Those Camel tobaccos sure hit home with me."

"FOR YEARS I've chosen Camels. Their mild flavor appeals to my sense of delicacy. Even after I've smoked steadily, I notice Camels leave no after-taste," remarks MAXINE HOLLEN, department store salesgirl. "When I'm all in, I get a 'lift' with a Camel in a jiffy."

Smokers do find something choice... something distinctly different... in Camels. For the pleasure you get out of a cigarette depends on what's put in it. And in the case of Camels that means finer, costlier tobaccos!

THROUGH the years, Camel has consistently spent millions of dollars more for choice, ripe tobaccos! That represents a way of

"I'VE BEEN a sports reporter for twenty-five years, with plenty of excitement, rush, and hard work packed into each year," says JAMES GOULD. "And for twenty-three of these years—right from the time Camels were first brought out—I've been a steady Camel smoker. Camels don't tire my taste."

doing business that smokers understand and appreciate. Millions of smokers have responded to the appeal of Camel's choice quality. Because of it, Camels have an attraction all their own! It's a happy experience to have confidence in your cigarette...to know that you are getting the good things out of smoking that you hope for. The plain fact that Camel does spend millions of dollars more for ripe, more costly tobaccos appeals to the common sense of American men and women. It is good business!

"CAMELS are the ideal cigarette for me. As a fashion designer accustomed to spending long night hours creating new styles, I've grown to depend on the mellow companionship Camels give me," says the internationally famous designer, RENEE MONTAGUE.

"I SMOKE Camels from breakfast to bedtime, and my nerves stay serene and unruffled. You see, I don't want to have those irritating little nervous habits," says window display expert, POLLY PETTIT.

"EVEN during a strenuous golf schedule, I smoke Camels constantly without a sign of 'nerves.' I guess that the natural mildness of Camel cigarettes has a lot to do with that!" says HELEN HICKS, one of the world's great women golfers.

"I'VE BEEN a duck, swordfish steak, and Boston cream pie—my favorites—aren't the most digestible foods. But I team up with Camels at mealtimes and my digestion does a swell job," says BRUCE WALLIS, college senior.

### COSTLIER TOBACCOS IN A MATCHLESS BLEND
