A Gift of Beauty! Reversible Rayon Taffeta and Satin Covered

This actual photograph below shows just how attractive a "Perma-Fluff" comfort will be on your bed.

Here Is the "Bed-Grip" in Action

Bed-Grips are 18-inch additions of matching rayon-taffeta fastened securely to the bottoms of the comforters. You tuck the Bed-Grip under the mattress like a sheet and it holds the comforter securely in place no matter how much you roll and toss. . . . Bed-Grips assure you of warm feet with their "Tuck-In" . . . Bed-Grips allow your comforter to lie higher on the bed and cover your shoulders.

"PERMA-FLUFF"
COMFORTS

Manufactured to conform to our rigid specifications of quality and service. "Perma-Fluff" filling is of 5% wool and 95% fine China cotton and is warmer than an all-wool filling of the same size and weight. Because of a process used in the mixing of "Perma-Fluff" batting, it will not mat or shift within the cover.
