

U. S. Marines Patrol Shanghai As Chinese Terror Spreads; 30 Now Dead in Holy Land Riots

Bombs Aimed at Japs;
Franco Gives Pledge
To Britain.

(Another Story and Photo, Page 13)

SHANGHAI, July 7 (U. P.).—United States Marines took up patrol stations in the American defense sector of the International Settlement late today while Chinese patriots spread terror in the Japanese-controlled city on the first anniversary of the Chinese-Japanese War.

The Marines were called out after two Japanese were assassinated in their defense sector. Several bombs were exploded, injuring numerous Chinese bystanders.

As dusk approached the Marines were joined by the smartly-uniformed Ulster Rifles of the British defense forces.

The troops anticipated terrorism unequalled in the city's history during the night.

Volunteers, fearful that their property might be destroyed, joined the troops. Nearly 200, including 100 Britons and 50 Americans, turned out.

Armored car units were called out as the terrorism spread. It reached into the heart of the International Settlement. The Chinese in that district, which was patrolled by Chinese police, were tossed with shame and sorrow over new Japanese forays into China's interior, lowered flags to half mast.

The volunteers were particularly helpful. They erected barbed-wire barricades along principal streets of the settlement to bar suspicious-looking persons and helped keep traffic moving.

In Hankow, Generalissimo Chiang Kai-shek prepared to make an anniversary day address to the nation by radio.

There were many bombings. Scores of hand grenades, intended chiefly for Japanese and pro-Japanese Chinese, were tossed about. At least six Japanese were killed along with a "number of Chinese," according to the police, and several Japanese sentries were wounded.

The terrorism, presumably instigated by Chinese, was sporadic.

TOKYO, July 7 (U. P.).—Emperor Hirohito urged his troops in China to fight on today. In an official anniversary statement, he told his 70 million subjects that there were many hardships ahead.

British Question Rebel Reply on Bombings

LONDON, July 7 (U. P.).—Prime Minister Neville Chamberlain disclosed in the House of Commons today that the British Government gave the Spanish rebels for attacks upon British ships in Spanish ports.

The rebel authorities at Burgos submitted proposals for humanizing warfare as far as possible and these will receive "careful consideration," Mr. Chamberlain said after a conference with Sir Robert Hodgson, British agent to the rebel Government.

Sir Robert was understood to have conveyed to Mr. Chamberlain the definite assurance of Generalissimo Francisco Franco that he will not tolerate foreign intervention in the civil war.

Sir Robert was reported to have given Mr. Chamberlain a most important outline of rebel plans for the future of Spain and particularly in relation to the foreign aid which the rebels received.

It was reported that Sir Robert indicated a belief that Gen. Franco's sentiments had the support of a majority of the Spaniards fighting in the rebel ranks.

It was reported that Sir Robert said that these Spaniards were determined that the civil war should be a fight not only for Nationalist ideals but also for the complete independence of Spain, for a country that should not be fettered by any foreign control whatever.

LINEMAN'S FUNERAL HELD
PORTLAND, July 7 (U. P.).—Funeral services were held today for George Downing, 48, lineman for People's Telephone Co. of Bryant, who was electrocuted while working on a utility pole. He was killed instantly when the telephone wire he was stringing contacted the main high tension power line.

THE FOREIGN SITUATION

LONDON—British questions rebel excuse for bombings.
HENDAYE—Rebels advance at both ends of line.

JERUSALEM, July 7 (U. P.).—British troops were held in readiness today for the possible proclamation of martial law to curb Arab-Jew rioting in which more than 30 have been killed, and nearly 100 injured in the last two days.

The curfew regulations were extended both in Jerusalem and Haifa, centers of the most serious trouble.

Two British warships were diverted under emergency orders to Palestine in view of the grave situation. The cruiser Emerald reached Haifa this afternoon and the 32,000-ton battle cruiser Repulse was due there tomorrow.

Authorities were baffled by the necessity of guarding both the Jewish and Arab quarters by British police, because the Jews distrust the Arab police and the Arabs distrust the Jewish police. The British officers were exhausted after 18 hours of continuous duty.

The second day of terror started in Jerusalem when an Arab lorry, whose driver was killed, was shot by a Jewish sniper. The lorry was carrying a child and six men, all Arabs, were wounded.

One Jew was shot dead and seven were wounded by shots fired at an Arab lorry in the Rannana Jewish settlement near Tel-Aviv.

Dr. Ephraim Wachsitz, president of the Jewish branch of the World Zionist Organization, and Yehzekiel Steimatzky, a leader of the Zion Revisionist Organization, were among many persons arrested in connection with the trouble.

Thirty persons, 24 Arabs and six Jews, were killed and 63 Arabs and 10 Jews wounded in riots yesterday.

The most serious incident was at Haifa where 18 Arabs and two Jews were killed and 80 Arabs and Jews wounded in a fight at the municipal vegetable market.

Rebels Begin Siege Of Key to Sagunto

HENDAYE, French-Spanish Frontier, July 7 (U. P.).—Rebel forces laid siege today to the town of Sagunto, one of the key defenses of Sagunto on the coast, immediate objective of the insurgents in their drive on Valencia.

The rebels reported that the Loyalist lines had been cut at both ends of a 100-mile front from Teruel to Sagunto.

NEGRO DELEGATION ASKS PLAYGROUND

A delegation of 10 Negroes today petitioned Mayor Boetcher and Park Superintendent A. C. Salter for a playground and wading pool in West Indianapolis.

They filed a petition signed by about 120 residents which asked that the recreation area be located either at Howard and Pennsylvania or on Tremont Ave. near Morris St.

Delegation members said they represented the West Indianapolis Civic League and the West Indianapolis College.

Their petition charged that about 200 children now are forced to play in vacant lots and swim in playground holes.
