nation to this political machine, he would therefore be powerless, if elected, to advance corrective legislation."

Raps Street Department

The legislative nominees are Wesley T. Wilson, Paul Moffett, Ellsworth E. Heller, Julia Belle Tutewiler, Cary D. Jacobs, Joseph O. Carson II, Charles P. Ehlers, J. Otto Lee, Walter J. Mercer, Alvin C. Waggoner, E. H. Wischmeier, Kenneth A. Weddle and Elmon M. Williams.

In his discussion of the Street Commissioner's Department, Mr. Wolff said:

"Fred Eisenhut, head of this division, is Democratic chairman of the Sixth Ward, the Mayor's own ward, and is a close personal friend of the Mayor."

"Perhaps that gives him more license to waste the taxpayers' money with his 320 employees, half of whom are entirely unnecessary."

Cites Budget Rise

"The budget for his department is \$114,000 a year, as against \$91,000 in 1933. In addition to that amount, the State of Indiana pays in \$280,000 annually from gasoline tax money, which does not show on your property tax rate. Mr. Eisenhut is also receiving a large portion of a \$1,000,000 WPA grant for street repairs and maintenance."

"I said that the department could be operated with one-half its present personnel," he said, "and I am prepared to explain that statement."

"What I should have said is that half the number of men employed could do as much work as is now being turned out. I do not believe that 50 per cent could do the work of the department, but the work simply is not being done, even with 320 men."

"For example, when lunch time arrives, the truck drivers and their helpers go home to eat. The driver takes his helper home, sometimes driving across most of the City to do it, with City-paid gasoline, of course."

Daily Meetings Stated

In a statement to precinct workers and ward chairmen, Mr. Wolff apologized today for his inability to attend all of the meetings to which he has been invited.

"The first in a series of meetings to be held daily from 2 to 3 p. m. was conducted in the Citizens' Wolf-for-Mayor Club rooms, 110 N. Pennsylvania St., yesterday afternoon. William H. Remy, nominee for Judge of Juvenile Court, spoke."

The meetings have been arranged by Mrs. J. P. Smith, County vice chairman. Hostesses were Mrs. Carl Vandiver, Miss Helen Veit, Mrs. Nettie Messersmith, Josephine Loehr and Clara Henry.

Coalition Cancels VanNuy's Support

A resolution withdrawing an earlier endorsement of Senator VanNuy's campaign for re-election has been adopted by the executive board of the Independent Coalition of American Women of Indiana, it was announced today.

The resolution declared that "Senator VanNuy has failed and refused to keep his promise made to the citizens of his state to reveal in September the serious accusations he had made against certain officials charged with the administration of the laws of the State of Indiana."

The organization was described by a board member as a nonpartisan, anti-New Deal group. Board members are Mrs. R. W. Showalter, chairman; Mrs. Kin Hubbard, Mrs. J. William Wright, Mrs. Howard Gay, Mrs. William Allen Moore, Mrs. Robert Wild and Mrs. Albert Seaton.

Governor Criticized By Labor Official

Charles W. Kern, secretary of the Steam Fitters Local Union, No. 440, last night charged that some labor leaders were on the payroll of the Democratic Party or were holding some "lucrative appointive office."

Mr. Kern, addressing the Oliver P. Morton Republican Club at 1612 Brookside Ave., said:

"It is to be expected that many of these so-called labor leaders will find fault with the record of Raymond E. Willis, although in the same breath they claim credit for the induction of Governor Townsend into office in spite of the fact that Governor Townsend's record on the same legislation is far worse than that of Mr. Willis."

Willis Raps Changes In Farm Policy

GOSHEN, Oct. 22.—Prosperity came to the farmer only when government assures him a complete and noncompetitive domestic market, Raymond E. Willis, Republican Senatorial nominee, said here last night.

Mr. Willis gave "steadily falling prices, increasing government holding of immovable farm products, and the sudden switches of government farm policies" as proof of his contention.

"The farmer is thoroughly disgusted with the New Deal," he said. "Farm income this year is \$1,000,000 less than last year. After five and one-half years of experimentation and regimentation, the farmer is worse off than he ever was."

"Today wheat is selling for 57 cents per bushel. And that 57 cents is being paid under a New Deal policy that has brought the dollar down to 60 cents in value. Under Republican rule, from 1921 to 1932, wheat went for an average of \$1.23 per bushel. Hog prices at an average price of \$7.40 per hundred pounds, are the lowest since No-

Tucker Joins Attack On History Text

COLUMBUS, Ind., Oct. 22.—James M. Tucker, Republican candidate for Secretary of State, last night joined the attack being waged by other G. O. P. nominees on a new history textbook used in Indiana public schools.

The book, "The Development of America," doesn't mention the Gettysburg Address, Mr. Tucker said, and is devoted mostly to the "glorification of the Southern heroes... while Lincoln, the greatest of them all, is hardly mentioned."

School Board Ruled By Politics, Is Charge

CEDAR LAKE, Oct. 22.—The State Board of Education was criticized as "politically controlled" in an address at a political rally here last night by Norman J. Lasher, Republican nominee for State Superintendent of Public Instruction.

Asserting that school book adoptions in 1938 were \$300,000 higher than the usual \$1,000,000 annual contract, he said:

"This increased cost is occasioned largely by the adoption in 1938 of the higher priced school books which are in many instances books of inferior quality."

He said that prior to 1933 the State Board, by law, included a majority of educators, but that in 1933 "politicians smacked their lips at the prospect of a new plea" and passed a law providing that four of

the nine members should be educators. "But the Board at the top was composed of political leaders," he said.

WOUNDED HUNTER'S ARM IS AMPUTATED

ROCHESTER, Ind., Oct. 22 (U. P.).—Roger Kent, 21, Fulton, was recovering today following the amputation of his left arm which was necessary after his shotgun accidentally discharged and struck him while he was duck hunting yesterday.

Kent had placed his gun in the bottom of the boat with the barrel resting on the seat. It was believed the rocking of the boat caused the gun to turn over and let the side of the boat strike the trigger. Kent's companions applied a tourniquet and brought him to Woodlawn Hospital here.

It was the first hunting accident in Fulton County this season.

NLRB HOLDS HEARING ON SUPERIOR PLANT

A National Labor Relations Board hearing was being conducted today to determine which of two unions represents the majority of workers at the Superior Sheet Metal Works, Indianapolis, Robert H. Cowdrell, NLRB regional director, said. The dispute is between the Steel Workers Organizing Committee, a C. I. O. affiliate, and the Superior Sheet Metal Employees' Association.

"If the majority cannot be determined at the hearing an election probably will be called," Mr. Cowdrell said.

the nine members should be educators. "But the Board at the top was composed of political leaders," he said.

all the benefits and money did not filter down to the masses."

Senator Minton spoke at the Starlite ballroom, 2547 E. Washington St., at 2207 Raymond St. and at 2440 W. Ohio St. Mr. Sullivan also spoke at both meetings.

At the East Side rally, Mr. Sullivan said:

"The isolation which the East Side endured through successive Republican administrations ended within a few months after the Democratic victory of 1929."

"One of the first major projects of our Board of Works was the widening of E. New York St. We pushed into this tremendous job almost immediately after we took office and despite spirited opposition from various property owners who were affected, we pushed it through to completion."

"For a number of years prior to that, East Side residents had pleaded for a traffic thoroughfare which would make the downtown area accessible to them. We promised in the campaign that we would provide such a thoroughfare, and we kept our promise. New York St., once a narrow, congested thoroughfare which was a nightmare to motorists, now is wide, smooth and free of jogs."

"We did not stop with that, however. We also widened E. Michigan St. and resurfaced a major section of it. In a similar manner we improved E. 10th St. And what is equally important, we pushed to completion Pleasant Run Boulevard from E. Washington St. southeastward to Bluff Road, thus giving East Side residents quick and convenient access to the South Side and to highways leading out of the City."

Criminal Court Judge Frank P. Baker, defeated for renomination in the primary, was to make his first talk of the campaign today with a radio speech urging support for Mr. Sullivan.

Other meetings at which Democratic candidates for County offices will speak follow:

A musical program will be presented to members of the Marion County Women's Democratic Club at a meeting at 8 p. m. Tuesday at the Claypool Hotel.

Mrs. Arthur Buckley is to speak.

Democratic Legislature Is Urged by Hutson

COALMONT, Oct. 22.—To preserve the gains made under Governor Townsend, labor should work for the election of a Democratic Legislature, State Labor Commissioner Thomas Hutson said here last night.

"The problems of labor, as the problems of business and agriculture, are not solved in a day," he said, "and the program of benefit to labor must be continued under its friends, Franklin D. Roosevelt and M. Clifford Townsend."

Mr. Hutson urged the re-election of Senator VanNuy. "He has a 100 per cent labor record dating back

to the time when he was a State Senator," Mr. Hutson said.

'Keep Faith,' Farmers Told by Schricker

MONTICELLO, Oct. 22.—Farmers must decide in this election whether they want to keep faith with the Administration that had faith in them, or return to the do-nothing policies which landed us in the ditch in 1932," Lieut. Gov. Henry F. Schricker said here last night.

"If the economic problems of the farmer had been ignored by the New Deal, like they were by the Old Deal, you and I wouldn't be sitting here today in comparative security," he declared.

Townsend Lauds Safety Program

RICHMOND, Oct. 22.—"The first pledge of my administration was to reduce the tragic toll of death and destruction on the highways, and that has been fulfilled," Governor Townsend said in an address at a rally here last night.

"This safety program, like all of our major State Administration programs, has been planned and approved by a wide representation of the people. I believe in letting the people run the government, instead of having the government run the people. Only in this way can democracy endure and flourish."

"The best thought in the Nation on safety has been recruited for

our campaign to give us advice and help. The State Police have been especially trained in accident prevention, and the State Highway Commission's engineers have been at work designing roads for safety."

"It would be foolish for anyone to say that we have solved the problem, because we haven't. A committee is working now on improving the program, and it may become necessary to enact further helpful legislation."

"If you believe in saving lives and preventing further destruction on the highways, you will elect a Democratic Legislature to work with me and our committees on safety."

Haymaker Silent on Jennings Resignation

Ira P. Haymaker, Democratic County chairman, today had no comment to make on the resignation of Loomis Jennings, 24th Ward chairman, who tendered a letter of resignation to County Headquarters yesterday.

Mr. Haymaker indicated that he had heard of the resignation, but had not seen the letter. Mr. Jennings resigned just before the 24th Ward's first rally of the campaign which was held at the Hawthorne Community House last night.
