

U.S. MAY CALL SPECIAL JURY IN MANTON PROBE

Dewey Accused of 'Butting In,' but Probers Want His Evidence.

NEW YORK, Feb. 1 (U. P.).—Federal investigators said today that a special Grand Jury probably will be called to examine the conduct of Martin T. Manton, senior judge of the Second United States Circuit Court of Appeals, whose resignation was accepted yesterday by President Roosevelt, effective Feb. 7.

The investigation was ordered by Attorney General Murphy and was begun by acting United States Attorney Noonan, but Federal investigators may have to wait until District Attorney Dewey is through with the evidence they need.

Mr. Dewey had been investigating Judge Manton's affairs secretly for nine months, and has all the records of the judge's business affairs, including ledgers of the companies in which he was interested. Mr. Dewey has been presenting evidence to a State Grand Jury since last July.

Federal authorities did not undertake their investigation until last week, when Mr. Murphy came to New York and conferred with Judge Manton. Mr. Dewey Sunday sent to Chairman Sumners (D. Tex.) of the House Judiciary Committee in Washington, an outline of his investigation.

Dewey Charges Loans

He charged that Judge Manton, or corporations owned or controlled by him, had received in loans \$439,000 from persons or corporations acting for companies and individuals having cases in Judge Manton's court.

Congressional New Dealers promptly charged that Mr. Dewey had "butted in" on the Federal investigation for political motives.

But today Mr. Noonan learned that Mr. Dewey was far ahead of him in the Manton affair. Mr. Dewey long ago had subpoenaed all records of companies in which the judge had an interest; he had on several occasions almost exposed his case prematurely by taking the Grand Jury in a body before one or another state judges, seeking judicial writs against recalcitrant witnesses.

Mr. Noonan announced yesterday that the Federal Grand Jury investigation had begun, and one unidentified witness appeared before it reportedly in connection with Judge Manton's affairs.

Resignation Accepted

Mr. Noonan indicated that a special Grand Jury would be impaneled.

Any interest that members of the House Judiciary Committee had in impeachment proceedings against Judge Manton ended yesterday evening when President Roosevelt received and immediately accepted the judge's resignation.

Judge Manton's letter to the President had suggested March 1 as the latest date for his retirement. Mr. Roosevelt set the date Feb. 7 and ordered the judge not to sit in any cases in the meantime.

Judge Manton had written: "I hereby tender my resignation . . . to take effect at your pleasure and no later than the first of next March at which time I will be able to finish the business now in my hands."

JOB SERVICE PLACES 9686 HERE IN '38

Local employers hired an average of 35 persons for every working day of 1938, a total of 9686, through the Indianapolis division of the State Employment Service, George J. Smith, manager, reported today.

This brought the total number of jobs filled through the Service to 39,815 in the last five years, he said.

Industrial and commercial recovery, beginning in August, had made the second half of 1938 the "most successful period in the history of the Indianapolis office," Mr. Smith said.

Serum May Save Many From Death

Many Indianapolis residents may be saved from death through the use of this serum, being placed in a City Hospital refrigerator by Margaret Weinbrecht, nurse. The City provides certain serums free to indigents, but the service is limited because of lack

of funds. The service may be greatly extended if the Legislature passes a pending bill appropriating \$75,000 for smallpox, pneumonia, diphtheria and typhoid serum. The bill, already passed by the House, has been recommended for Senate passage.

LINK CHAVEZ TO WPA 'SQUEEZE'

Witnesses in New Mexico Trial Charge 10 Per Cent Levied on Jobs.

ALBUQUERQUE, N. M., Feb. 1 (U. P.).—The Government called a procession of WPA workers today to testify that friends of Senator Chavez (D. N. M.) had assessed them 10 per cent of their wages for a political campaign.

They were testifying at the trial of the Senator's sister, Mrs. Anita Tafuya, his son-in-law, former assistant United States District Attorney Stanley Miller, and 33 others charged with conspiracy to use WPA jobs and funds for political purposes.

The witnesses said the 10 per cent levy was assessed by the Rio Grande Social Club, which, other witnesses had testified, forced WPA workers into its membership on penalty of losing their jobs.

Walter Oglesby, a clerk in the State Welfare Department and a former WPA worker, testified that the club was formed to fight former Governor Tingley's proposed amendment to the State Constitution which would have permitted officeholders three, instead of two, consecutive terms.

Mr. Tingley and Senator Chavez opposed one another on three state issues. Mr. Tingley lost them all.

Mr. Oglesby said one of the defendants, Anastacio Romero, told the Rio Grande Club that its purpose was to seize control of the Albuquerque government for Senator Chavez.

Mr. Oglesby denied, in cross examination that he had called Senator Chavez and Mr. Miller "damn liars" because they didn't get him a WPA job, which they had promised. He also denied threatening to "blow the lid off and help send Stanley Miller either to hell or the penitentiary."

Leo Baca, Bernalillo County commissioner, said he gave the club \$50, and allowed Charlie Davis, a WPA foreman, 20 gallons of gasoline from a Baca filling station to drive WPA workers to Santa Fe to protest Tingley legislation.

Funeral Nears End Before Mother Finds It Is Own Son's

Misinterprets Message and Attends, Thinking Corpse That of Man's Father-in-Law.

INDIANOLA, Iowa, Feb. 1 (U. P.).—The strange story of a mother who attended a funeral and was unaware until the obituary that the services were for her own son, was disclosed today.

Mrs. J. H. Schreiber, Indianola, went to a funeral home at Chariton, Iowa, Thursday, believing she was to attend rites for her son's father-in-law. The misunderstanding resulted from a misinterpretation of a message advising her of the death.

The son, Fred Schreiber, 49, died Jan. 22 of a heart ailment at his Racine, Wis., home where he had lived with his wife, son and father-in-law. The father-in-law was known to members of the Schreiber family, both in Racine and Indianola, as "Dad."

Immediately after Fred Schreiber's death, his son, Donald, sent a telegram to Indianola relatives. "Dad died last night," the message said. The relatives believed the message referred to the father-in-law.

The body was sent to Chariton for funeral services and burial. When Donald Schreiber arrived at Chariton, he telephoned his uncle, Ernest Schreiber, Indianola, brother of the victim, to ask if the death message had been received. Ernest Schreiber briefly confirmed receipt of the message.

He and his wife accompanied the elder Mrs. Schreiber to Chariton.
