

## SAILORS SWARM OVER N. Y. FAIR ON SECOND DAY

Opening Draws 700,000 as Roosevelt Hails 'Star Of Peace.'

NEW YORK, May 1 (U. P.)—Royalty, thousands of sailors from the U. S. fleet and sunny skies featured the second day of the New York World's Fair today. Perfect weather attracted throngs to the dazzling \$137,000,000 exhibition on the once-desolate Flushing Meadows.

Crown Prince Olav and Crown Princess Martha of Norway, accompanied by Mayor La Guardia and Gov. Lehman, toured the grounds, reviewed a parade of a dozen decorated Norwegian regiments.

Today was officially set apart as Norway Day. It also was United States Fleet Day. Some 10,000 sailors and others roamed over the grounds.

Yesterday was President Roosevelt Day, and he formally opened the biggest exposition in history by hitching the 157-million-dollar World's Fair wagon to a star—the star of peace. About 700,000 attended.

### Hails Star of Peace

"Our wagon is hitched to a star," Mr. Roosevelt said in his first address since Adolf Hitler rejected his peace message. "But it is a star of goodwill, a star of progress for mankind, a star of greater happiness and less hardship, a star of international good will, and, above all, a star of peace."

There was no direct reply to Herr Hitler's speech, nor any reference to it.

The summery weather today was expected to uncover tundra of density in the girls shows which were kept under wraps in yesterday's goose-pimping (circa 50 Fahrenheit) temperature.

The shape of things to come was indicated when Rosita Royce, a dove dancer in the amusement area, appeared fully clothed. The audience boomed. Rosita went quickly into a strip-tease. The boos became cheers.

### More Royalty Coming

Tomorrow Crown Prince Frederik and Crown Princess Ingrid of Denmark, will open the Danish Pavilion. They visited the President and Mrs. Roosevelt at Hyde Park today.

The President's formal opening ended ceremonies that included a parade of 20,000 soldiers, sailors and Marines, exotically costumed groups from nearly all the countries of the Americas, Asia, and Europe, and the overall workers who built the fair.

Police reported few unhappy incidents. Seventeen children got lost and were returned to their parents. One worthless coin was passed at the gate.

And Joseph F. Shadgen, an engineer, sat at home all day. He claimed that he and his daughter, Jacqueline, now 16, originated the whole idea five years ago. Exposition officials were reported to have settled for \$45,000.

"We won't go anywhere near the place," Shadgen said.

## TREAT 2 CHILDREN AFTER DOG BITES

Two children were bitten by dogs yesterday, police reported.

John J. Kestler, Jr., son of a Postmaster John J. Kestler, of 1131 Churchman Ave., was bitten on the right leg while walking on Prospect St. 1450 6500.

Mrs. Irene Young of 1118 Park Ave. reported that her 4-year-old daughter, Phyllis, was bitten on the lip while playing with a dog in a yard on W. 12th St.

Both children were treated at City Hospital. The dogs were ordered penned up for 10 days for examination.

## GIRL, 6, WOUNDED; BULLET IS MISSING

Marilyn Black, 6-year-old daughter of Mr. and Mrs. Donald Black, 4140 Winthrop Ave., was recovering in St. Vincent's Hospital today from injuries received last night when an automatic, with which her 14-year-old brother was playing, accidentally discharged.

Hospital authorities termed her condition "fair." They said her lower lip was injured.

Police reported that the girl and her brother, Richard, were playing at the home when the accident occurred. Richard had a 22-caliber automatic, and Marilyn a "BB" gun that looked like an automatic, officers said.

As Richard started to put up the gun, he stumbled and the gun discharged. Hospital authorities have been unable to locate the bullet.

Richard is a student at Shortridge High School. He said the gun belonged to his father.

The clip of the automatic was out, but unknown to Richard there was a lone shell in the barrel of the gun, according to police. Both the "BB" gun and the automatic were sent to the police property room.

## SUSPECT IN THEFT OF CRUISER SHOT

Charles Webb, 29, of N. Capitol Ave., 2000 block, today nursed bullet wounds at City Hospital and faced two charges as the result of what police say was an attempt to steal a cruiser car.

Patrolmen Lee Oliver and Bernard Miller said that when they came out of the hospital after checking a case, their car had been pushed 100 yards from its parking place and Webb was sitting in the seat trying to start the motor.

Patrolman Oliver said he fired twice when Webb reached for his pocket.

Webb was charged with vehicle taking and resisting an officer.

## I. U. Foundation Directors Meet

Indiana University Foundation directors met here Saturday. Left to right standing, U. S. Murtries, Ward Biddle, Ora L. Wildermuth, John S. Hastings and George F. Heighway. Sitting, President Herman B. Wells, William L. Bryan, Hugh McK Landon and Wendell L. Wilkie.

## Government Officials Travel in Style, Autos by U. S. With Licenses by D. C.

By LEE G. MILLER  
Times Staff Writer

WASHINGTON, May 1.—One of the pleasantest perquisites of upper-bracket officials in Washington is the use of sleek limousines, at Government expense.

The District of Columbia has issued free license plates this year to more than 1800 cars of the Federal Government. This includes trucks, ambulances, hearses and hundreds of small cars used on official business by departmental messengers, etc. But it also includes enough

## Scholarship In Art Won By 2 Here

Two Indianapolis high school pupils today were notified that they have been awarded art scholarships in competitions conducted by Scholastic Magazine, American high school weekly.

Thirteen others were notified that they have been accepted for display at the 12th National High School Art exhibit opening today at the Department of Fine Arts, Pittsburgh.

The scholarships were awarded to Frances Landrum and Helen E. White, both of Tech. Miss Landrum is to the Art Institute of Chicago and Miss White to the Columbus School of Art.

The others whose work will be exhibited are Bernice Berger, Norma Lee Bottles, Lucille Brown, Alma McKee, Harry Smith, Shirley Slotter and Mildred Wundrum, all of Manual High School, and Charles Cones, Margarette Cross, Jean Draper, Lucille V. Schanke, Joanne Spive and Gee Sen Wong, all of Tech.

## DICKERSON SEEKS RELEASE ON BOND

Claude Dickerson, St. Louis murder and bank robbery suspect, will attempt to gain his temporary freedom on bond tomorrow on a habeas corpus petition filed in Criminal Court.

The 30-year-old lone survivor of the notorious Perkins gang has been questioned by State Police in connection with the holdup of the Bloomingdale bank March, 1935.

However, he is expected to be extradited to Madison County, Illinois, where he is wanted on charges of murder and robbery growing out of a St. Jacobs Ill. tavern robbery in which four were killed.

Dickerson was arrested last month in front of his home in Jamaica, Long Island, N. Y., after he walked into a trap set by Indiana and New York State Police and Department of Justice Agents.

He is held in Marion County Jail.

## 5:30 IS DEADLINE FOR SPRING TAX PAYMENTS

Hundreds of taxpayers crowded the Court House today to pay their spring taxes. The deadline for over-the-counter payments is 5:30 p. m. Payments made by mail postmarked before midnight will be considered on time.

Thirty extra persons were back of counters today and five were opening incoming mail. Large payments from corporations were expected today.

The spring collection is expected to reach \$9,000,000.

## ACT TO CURB SCARLET FEVER AT WABASH

WABASH, May 1 (U. P.)—Physicians today started giving physical examinations to all Wabash school students as a preventive measure against spread of scarlet fever.

Doctors were stationed at seven schools today to start the examinations. Seventeen new cases were discovered here last week.

## JUDGE TREANOR TO SPEAK TWICE ON I. U. HOLIDAY

Foundation Ceremonies to Be Held Wednesday Here And at Bloomington.

BLOOMINGTON, May 1.—Indiana University alumni will hold Foundation Day programs Wednesday, commemorating the 119th anniversary of the school's founding.

Students and faculty members are to hold a convocation here that evening and Marion County alumni will meet at the Indianapolis Athletic Club. Principal speaker for both meetings will be Judge Walter E. Treanor, alumnus and former faculty member, now judge in the Federal Circuit Court of Appeals at Chicago.

Oscar R. Ewing, New York attorney and an I. U. alumnus, and President Herman B. Wells will be on the Indianapolis program. Music will be furnished by the chorus of the school of nursing. Dr. Frank G. Bates, Prof. W. E. Jenkins and Prof. Georgia E. Finley, who are to retire from the faculty this semester, will be special guests.

The campus program will pay special tribute to students who were on the first semester's honor roll and to those who this year were on election to this year's honorary scholastic societies. Parents of these honor students have been invited to attend the program at which President Wells will preside. The University Symphony Orchestra, directed by Robert L. Sanders, music school dean will play.

## LOCKHEED TO BUILD LINER TO CARRY 28

BURBANK, Cal., May 1.—The Lockheed Aircraft Corp. here, builders of fast transports and bombers and of the Army's new twin-engine pursuit plane, has announced plans for construction of a four-motored airliner to carry 28 passengers. The prototype will fly in the spring of 1940 and deliveries will be made during the same year.

Entrance of the 27,500-pound 220-mile-an-hour luxury liner into the transport field in the United States indicates that American commercial operators will be flying four-motored equipment on their main routes within two years, as the Excubitor, as the plane will be called, is the third plane in its class.

The Boeing Aircraft Co. has a 38-passenger 45,000-pound ship, the 307, and the Douglas Aircraft Co. plans to introduce the Goliath of them all, the 42-passenger 65,000-pound CDC-4.

A petition of Brightwood residents for a rehearing June 6 of the Indianapolis Railways Inc. feeder bus case was granted today by the Indiana Public Service Commission.

The Commission last March 23 approved an order authorizing the utility to discontinue feeder bus service in Brightwood and replace it with a new trackless trolley line east over 25th St.

Last week Brightwood residents protested the elimination of feeder buses and demanded a rehearing on the ground that the trackless trolley extension did not serve patrons adequately.

## CITY AWAITING ELEVATION LAW

Negotiations for South Side Project to Be Reopened This Summer.

The City will reopen negotiations for South Side track elevation as soon as the new amendment to the Grade Separation Law goes into effect, it was learned today.

The law became effective on publication according to City Engineer M. G. Johnson. He told the Works Board that they could take no action until the City receives a copy of the printed law by registered mail, probably some time this summer.

Officials said that the City's action in negotiations would be a Works Board resolution to elevate the tracks of the Indianapolis Union (Belt) Railway over Madison Ave., East and Singleton Sts.

An attempt to elevate the Belt tracks last year failed when the road claimed it could not pay its 50 per cent share of the cost. Under the new law, the road's share is only 20 per cent, with the City and County splitting the other 80 per cent except where a State road is involved.

Since Madison Ave. is a State highway, the State would bear the full 80 per cent of the cost. It was understood that the Works Board will ask the State Highway Commission to elevate the Madison Ave. tracks before proceeding with East and Singleton Sts. elevations.

**TRIPLETS FOLLOW TWINS**

PINROL, April 29 (U. P.)—Giuseppina Gariglio, 38, a peasant has given birth to girl triplets in the village of Macello. Eleven months ago she bore twins.

## COURT DELAYS UTILITY HEARING

SEC Granted Right to Photo Records of Missouri Organization.

WASHINGTON, May 1 (U. P.)—The Securities and Exchange Commission agreed to defer the public hearing scheduled for today on its charges against the Union Electric Co. of Missouri in return for the utility's promise that it would permit making photographic copies of its records.

The company had sought an injunction restraining the open hearing on the SEC charges that the big corporation had contributed to political parties in violation of the Public Utility Act of 1935.

The agreement was reached in U. S. District Court for the District of Columbia before Justice Oscar L. Lurhing who promised that the question of restraining the SEC be laid before a special three-judge court for decision.

## TAX BOARD RECEIVES PROTEST TESTIMONY

Moving the scene of operations from the State House to the Court House, the State Tax Board today opened hearings on petitions for reassessments of several parcels of Center Township property.

Meeting in the County Assessor's office, the Board heard and took under advisement testimony submitted by attorneys for owners of property on Park Ave., S. East St., and the city block upon which the Traction Terminal building is situated.
