

BOY ON BICYCLE HIT BY CAR AS SCHOOLS CLOSE

Pupil, 8, Seriously Injured. Seven Hurt as Autos Collide Head-On.

Jack Carbaugh, 8, of 3935 Lombard Ave., was at Methodist Hospital today with serious face injuries—the first pupil injured in traffic as school was dismissed for the summer vacation.

Seven persons were hurt, five of them seriously in a head-on collision at 29th and Cold Springs Road last night. Both cars were demolished and traffic was blocked for more than an hour.

The Carbaugh child, son of Mr. and Mrs. Walter R. Carbaugh, was struck by an automobile while riding his bicycle on the Millersville Road a mile west of Millersville.

Jack, John Strange school pupil, was told by his mother not to go riding, but he could not resist the urging of two companions and went with them.

Deputy Sheriff said the car was driven by Mark Fink, 25, of 309 N. Holmes Ave. Police said that the boy's bike swerved when he looked around at his companions.

Case involved in the Road 29 crash were driven by James Hill, 18, of Breckenwood, and Clarence A. Goldrick, 26, of 4803 Broadway. Deputy sheriff said that the former, driving north, made a left turn in front of the other car which was going south.

Five Seriously Injured The most seriously injured were Mrs. Goldrick, 28, and Lester Blanchard, 35, of 4437 Winthrop Ave., who were riding with Mr. Goldrick; Mr. Hill, Stephen M. Noland, 18, of 3766 N. Pennsylvania St., and Riley Hancock, 18, of 131 Berkley Road, passengers in young Hill's car.

Others injured were Malcolm McVie, 19, of 5226 Grandview Drive, and Mr. Goldrick. All of the injured were taken to Methodist Hospital.

Two other motorists were hurt slightly in a late afternoon accident. Police arrested 70 drivers.

U. A. W.-C. I. O. AIMS AT ANNUAL G.-M. PAY

DETROIT, June 10 (U. P.).—Walter P. Reuther, director of the General Motors division of the U. A. W., recommended today that the union demand a guaranteed annual wage in a new contract with General Motors.

Mr. Reuther presented his recommendation to the General Motors National Council of the union which met today to draw up demands to be presented during organization. He said the annual wage proposal had been approved by the international executive board of the union which is affiliated with the C. I. O.

Industry has failed to provide an annual income adequate to provide the worker and his family with the necessities not to speak of the comforts that American life can afford, Mr. Reuther said.

Street Fighting Occurs At Chevrolet Foundry

FLINT, Mich., June 10 (U. P.).—Most of the General Motors Corp. plants were closed for the week-end today as Homer Martin, president of the U. A. W., affiliated with the A. F. of L., announced his strike would expand through the company "until we get recognition."

Street fighting broke out at the gates of the Chevrolet Gray Iron Foundry at Saginaw when pickets sought to prevent 150 maintenance workers from entering the plant.

NEW U. S. HOUSING PROJECT PLANNED

FT. WAYNE, Ind., June 10 (U. P.).—Plans were being made here today for a new low-cost housing project of 50 homes, similar to one recently completed by the Ft. Wayne Housing Authority.

William B. F. Hall, chairman of the authority, announced that tentative application has been made to the Federal Housing Authority to secure a loan of \$50,000 for the project, and to the Works Progress Administration to furnish WPA labor for the new program.

The new group of houses probably will be built on a single 15-acre tract of land. The first 50 houses built by the authority here last fall were in different sections of the city on land leased for one dollar a lot.

Mr. Hall said the new houses will be similar to the first ones with the exception that a utility room will be added. The original project called for homes with a combination living room, dining room and kitchen, a bath, two bedrooms and a bathroom. The houses rent for \$2.50 per week.

STATE ZENITH RADIO DEALERS TO CONVENT

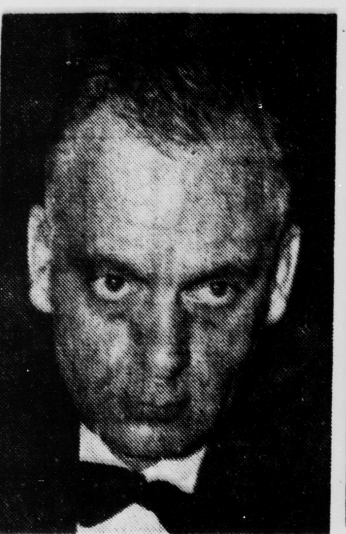

Indiana Zenith Radio dealers will hold a three-day meeting at the Hotel Lincoln Tuesday, Wednesday and Thursday, it was announced today.

The new 1940 product of the Zenith Radio Corp. will be displayed at the meeting. J. H. Southern, district manager, will give a talk on the new line of Zenith radios, including the "waverunner," a new type aerial, and new volume and control devices will be shown and explained.

REPORTS \$300 MISSING

Mrs. Louise P. Mullins of Los Angeles, reported to police today that \$300 in bills and three bank books listing deposits of \$1826 were missing when she got off the Louisville, Ky., bus here shortly after midnight. She told police she was either robbed or had lost the deposit books, one of them containing the money. The books are all on Los Angeles banks.

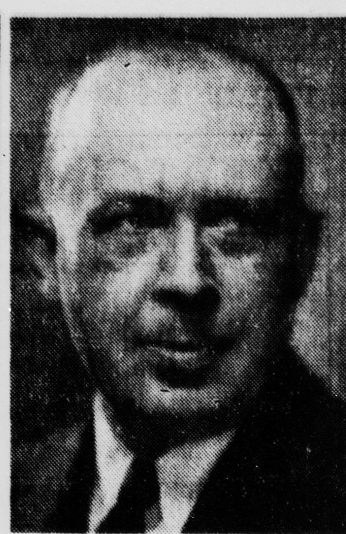

The Indiana Political Scene— 'Out of Governor Race,' Bobbitt Says; Silent on New Term as Chairman

James A. Emmert

William Jenner

Glen R. Hillis

Withdrawal Leaves Hillis, Emmert and Jenner As Leaders.

By NOBLE REED

A SHIFT in Republican gubernatorial signals was called this week, leaving Arch N. Bobbitt, state chairman, out of the picture entirely.

Mentioned prominently for more than six months as one of the strongest potential candidates in the G. O. P. field, Mr. Bobbitt admitted that he was "definitely out of the race for Governor."

He declined to comment on reports that he will seek re-election as the chairman.

Party leaders said Mr. Bobbitt's withdrawal leaves Glen R. Hillis, Kokomo attorney, leading the field of candidates. Also mentioned prominently are Judge James A. Emmert of Shelbyville, and State Senator William Jenner, of Paoli, Republican minority leader in the 1939 Senate. Senator Jenner started his ballyhoo two weeks ago with a public announcement and several speeches.

Democratic politics in the heavily Republican Second District became confused this week with the announcement of State Senator William Roth (D, Monticello) that he will be a candidate for the gubernatorial nomination.

The Second District also is the home ground of Lieut. Gov. Henry F. Schricker, one of the first to be mentioned for the Governor race.

"This may cause some embarrassing situations when they start trying to line up delegates to the State Convention," a State House Democratic leader said.

Mr. Schricker was groomed for the Senatorial nomination last year until the organization took a turn in the 1940 campaign.

He was renominated by acclamation after the Senator had denounced the State House crowd.

THE State Democratic Committee will pursue a strictly "hands-off" policy in the battle of delegates in the 1940 State Convention, declares State Chairman Fred E. Bays.

The candidates will have to go for themselves and line up delegate support individually, he said.

"I will not stand for committee organization, hand-wagon pressure for any one candidate. The candidate who gets the most delegates will be the nominee."

If this policy actually should be enforced it would be the first time in anyone's memory that the "machine" didn't apply the familiar slogan: "Let's get a 'favored son' somewhere along the line."

An experimental "state convention" at which John D. M. Hamilton, Republican National Chairman, is to be the keynote, will be staged at Ft. Wayne Wednesday night with all the preliminary flourishes of a nominating convention, including a platform feeler.

The event, sponsored by the Allen County Forum Organization, was arranged by committee party leaders with convention procedure, organization leaders said.

The forum announced it would "fashion a moot platform of state and national issues which might arise in the 1940 campaign."

Each precinct will represent a county at the convention and will report delegates, the number being based upon the percentage of votes in the last election.

Forum leaders said in drafting a platform for the convention they would be contributing its quota of information on Republican policies in the state and nation.

FORMER Governor McNutt, who has been left cooling his presidential heels as High Commissioner of the Philippines several months longer than he expected, will deliver his first major oratorical blast for the 1940 campaign at Pittsburgh on Aug. 12.

An "On to Pittsburgh" banquet will be staged by the Democratic Women's State House Club at the Cincinnati Hotel Tuesday night. The banquet was arranged to organize a large Hoosier delegation to accompany Mr. McNutt.

Mr. McNutt and his family left Manila this week and they are expected to land in San Francisco about June 26 and arrive in Indianapolis about July 1.

His extended stay in the Philippines, requested by President Roosevelt, has lost him several big chances to cash in on his oratory.

He has had invitations to speak at gatherings all the way from New Hampshire to the State of Washington in the next few weeks.

All of them will have to be turned down, laments Frank McHale, the McNutt-for-President manager, who has been forced to campaign single-handed here since January.

One of the engagements Mr. McNutt had to turn down was an appearance at a rally of Young Democratic organizations of six New England states at Hampton Beach, N. H., on June 25. It was said a crowd of 25,000 was expected.

Mate Seeks To Unhitch Hiking Wife

FT. WAYNE, Ind., June 10 (U. P.).—The hitchhiking habits of his wife have become a little more than Albert Martin can stand. In a divorce suit on file today Mr. Martin said he told his wife if she didn't stop hiking from city to city and state to state he would seek legal separation.

She didn't stop, he said. According to his complaint, he last heard from her when she was in Petersburg, Pa.

BEER PERMITS GIVEN 4 MORE

Raises to 24 Total Since 1939 Legislature Ended Monopoly.

Four more beer wholesalers' permits had been issued by the State Alcoholic Beverage Commission today, raising to 24 the number granted since the 1939 Legislature ended the monopoly.

The new licensed dealers are the Jeffersonville Bottling Co., once temporarily rejected because company stock was owned by a Kentucky; Arming and Isabelle Richards of Lafayette; Sam Ziffren, Indianapolis truck line operator, and William and Joe Dusing, Rushville. The Jeffersonville firm re-adjusted its stock holdings last week.

Twelve more of the original 38 applicants are still pending decision of the Commission and two have been rejected.

Before passage of the new beer law amendments, removing the limit on the number of wholesalers in the state, only one dealer was permitted for each 20,000 population.

SEVEN ARRESTED ON GAMBLING CHARGES

Seven persons were arrested by police today when they confiscated punch boards at a restaurant in the 700 block of E. Market St.

Zella Hamm, 50, of 2855 Kenwood Ave., was charged with keeping a gaming house. Six others, whom police charged were playing the boards, were charged with gaming.

The largest project proposed was additional improvements at the Bend Airport at a cost of \$300,000. The WPA has been directing improvement of the airport since 1938.

HOOSIERS IN WASHINGTON—By Daniel Kidney

WASHINGTON, June 10.—When Senator Minton (D, Ind.) was elected in 1934, his friends at the State House, where he was serving as public counselor for the Public Service Commission, bought him a top-hat and tail-coat.

This week it turned out to be just what he needed. For the Senator was among the first to don his dress regalia when the King and Queen arrived and he looked so spruce that Vice President Garner had him preside over the State House garden party at the British Embassy.

Both Senators Van Nuys and Minton wore their toppers to the party and their wives were dressed in those things which make nice copy for the society pages, but are a bit beyond a reporter who merely covers such prosaic things as politics and government.

Anyway, the local papers reported that both looked lovely. And also Mrs. William H. LaRabee, wife of Dr. LaRabee, the 11th District Congressman who, as chairman of the Education Committee, was the only Hoosier from the Lower House invited.

Wearing a top-hat, however, does not change Senator Minton's New Deal ideas.

The junior Senator was describing to Senator Barkley (D, Ky.) the three-car crash in which his automobile was badly damaged en route to Indiana last week-end.

Now is it that you escaped unhurt? the Kentucky inquired with grave concern.

"Well," replied the New Deal Whip with a twinkle and a smile, "you see I just naturally swung to the left."

The appearance of Felix McWhirter, Indianapolis bank president and treasurer of the Indiana Republican State Committee, before the Dies Committee here is causing considerable discontent in the G. O. P. organization in the State, according to one of the Indiana Republicans.

National headquarters has been quite frank in registering disgust, he added.

This discontent may be capitalized, not only to oust Mr. McWhirter as State committee treasurer but also to remove Arch N. Bobbitt as State chairman, the visitor said.

So far as the latter move is concerned, one of the prime movers is reported to be former Senator Jim Watson. Jim became irate when Chairman Bobbitt failed to support him for the senatorial nomination last year.

Rotund Frank M. McHale usually stops at the Mayflower Hotel while in Washington. But this time he stayed at the Raleigh. Reason: All the Oklahoma Democrats to whom he wanted to talk up the McNutt presidential candidacy were stopping there.

PRESIDENT ROOSEVELT's appointment of Claude B. Bowers as Ambassador to Chile brought forth many droll tales here about the late Joseph Shea,

UPHOLDS BOYS' PAPER ROUTES

Ryan Rules Ban Invalid, Citing Statute Specifying Minors' Rights.

Superior Court Judge Russell J. Ryan today ruled that the state compulsory school attendance law does not prohibit school-aged minors from carrying newspaper routes after school hours.

The decision, which was made on an Indianapolis News Publishing Co. suit against the State Labor Division Children's Bureau, held that:

1. Carrying of news routes by contract after school hours is not a "gainful occupation" as defined by the law.

2. The Act is constitutional.

3. The Act is not a labor act as such, but is designed to force attendance in school.

Judge Ryan also issued an injunction against the Attorney General restraining him from enforcing a ruling that newspaper publishers were violating the school law in contracting with minors to sell papers.

"In the 17 years since the Act was passed, said Judge Ryan, it has been construed to exempt news boys by the Legislature which has amended the Act on several occasions, the Workmen's Compensation Bureau, administrators of the Act, and the State Supreme Court."

The Attorney General sent notices to all publishers that the contracting of minors to deliver papers was a law violation and ordered them to stop.

Approximately 5000 news carriers in the state will be affected by Judge Ryan's ruling.

15 WPA PROJECTS SEEK \$1,459,728

Fifteen projects requiring an expenditure of \$1,459,728 have been submitted to the WPA for approval, State Administrator John K. Jennings reported today.

They include one to repair and distribute toys to charitable institutions in Marion County at a cost of \$82,758. The toys are donated by individuals and repaired and distributed by WPA workers to institutions in which there are children.

The project is sponsored by the County Commissioners and the Indianapolis Council of Organized State Agencies.

The largest project proposed was additional improvements at the Bend Airport at a cost of \$300,000. The WPA has been directing improvement of the airport since 1938.

SECOND DUVALL MURDER TRIAL TO BE SLATED

Jury Disagrees After 12 Hours; New Indictment May Be Sought.

SHELBYVILLE, Ind., June 10 (U. P.).—Prosecuting attorneys indicated today that Raymond Duvall, 30, charged with the murder of Clayton Potts during a robbery at an Indianapolis foundry, would be tried for the second time at the October term of Shelby Circuit Court.

A jury of 11 farmers and a filling station operator deliberated yesterday but was unable to reach a verdict after 12 hours of debate. Judge James A. Emmert then discharged the jury.

It was reported that a new indictment would be sought from the Marion County Grand Jury to return the case to Indianapolis for prosecution.

Judge Emmert said he would schedule the case for retrial in October. If a new indictment were returned by the Marion County jury, the present charge would be dismissed.

Duvall appeared relieved when the verdict was reported. Chief evidence against him was a confession which the State said he had signed.

He described the robbery of the C. and G. Potts Foundry Co. March 23, 1937, during which Mr. Potts was slain. Duvall, the only defense witness, denied that he knew what he was signing when he signed the confession and denied connection with Mr. Potts' death.

WOMAN NAMED AS ASSAILANT

Hoosier Policeman Identifies Bandit's Wife From Photo In FBI Files.

MICHIGAN CITY, Ind., June 10 (U. P.).—FBI Agents said today that a woman named as a possible accomplice in the kidnapping of a Michigan City policeman, who was shot Wednesday, and Patrolman James Shelton, his companion, had identified Edna May Creizer, 32, a native of Como, Mont., as the woman who shot Cowgill.

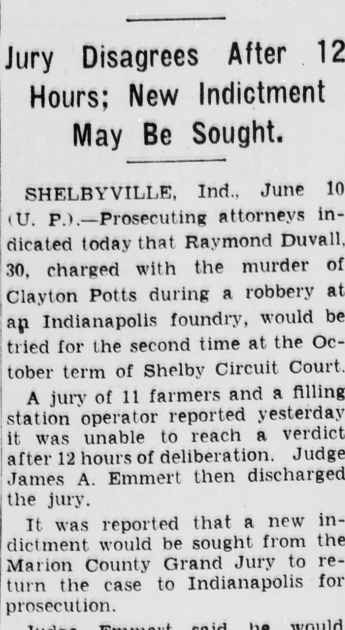

Agent said that Cowgill and Shelton also tentatively identified a photograph of Joseph Paul Creizer, 29, of Denver, Colo., the woman's husband, as the man who accompanied her.

They said that Creizer was wanted on a Federal charge in connection with a bank robbery at Los Angeles April 28, 1936, and that the couple was wanted on a Federal charge of harboring him during the robbery. Police said that both Creizers have criminal records.

Cowgill was shot when he leaped at the woman to take away two guns which she was holding on the two officers. They stopped the car in which the couple was riding to investigate their automobile registration card.

The man pulled the two guns on the officers and then gave them to the woman to hold. Cowgill and Shelton at bay while he drove the police car around the corner.

So Near—and Yet So Far

"Come on in, in the water's fine. But don't come in till Monday." That is the Park Department's invitation to the 40,000 Indianapolis school children who are now on vacation. A number of them rushed out to Garfield Park pool as school was out yesterday. They found no openings in the high fence and so delayed their first dip until Monday.

Nursing School Alumnae Of Last 25 Years Return

This week in Indianapolis there is a silver anniversary commencement of a girls' school which never elected a beauty queen and never had a prom.

From many distance parts of the country alumnae have gathered to compare this year with others. They will find few marked changes, because this school is serious and most of the practices standard then are standard now.

It is the Indiana University School of Nursing, founded 25 years ago. There will be a banquet and dance tonight in the Indianapolis Athletic Club, a luncheon tomorrow at the Riley Hospital, and a tea tomorrow from 3 to 5.

There have been some changes, of course. Such as the streamlining of the nurse's costume from the days of the high stiff collar and high button shoes with high heels.

There have been many changes in the plant since the days when Robert Long Hospital stood in the middle of a muddy campus, there were no tunnels and the nurses lived in several old rooming houses in the neighborhood.

The school was one of the early ones to have a five-year combination course with a university as the first student to obtain her Bachelor of Arts degree and her nurse's diploma was graduated in 1919.

Five nurses were graduated in the first class in 1917 and total graduates now is 700.

Prominent in the week-end festivities will be Miss Cordelia Hefflin, superintendent of the school, and Miss Margaret Davenport, assistant director and member of the class of 1919. Officers of the alumnae association are Miss Helen Wright of Evansville, president; Miss Angela Brinker of Richmond, first vice president; Miss Ruth Zike of Morrisville, second vice president; Miss Juanita Hubble of Paxton, secretary; Miss Mabel Warrington of Flora, treasurer, and Miss Louise Walsh, Ladoga; Winifred Zirkle, Swagsee; Edna Hauck, Decatur, and Miss Davenport, Indianapolis, directors.

BUTLER CHILDREN'S CLASS DATES SET

The third annual laboratory class for children will be conducted at Butler University June 26 to July 21, it was announced today by Mrs. Ruth K. Heavenridge, director of special education classes.

The class is for children requiring special remedial attention. Instruction will be given in speech, visual, auditory and reading problems.

Registration is to be on the first day of the class and parents may consult Mrs. Heavenridge June 21 or 22.

Gregg scholarships have been awarded by the School Board to seven former Butler students who are teaching in Indianapolis public schools.

The scholarships are valued at \$200 each and are for summer study in out-of-state schools. Teachers given awards were Martha Atherton, School 76; Bernice Bridges, School 23; Margery Edwards, School 54; Henrietta Poland, School 20; Margaret Schofield, School 25; Erna Winkelmier, School 18, and Lucille Woody, School 55.

SNITE SEES RACES AT FRENCH TRACK

PARIS, June 10 (U. P.).—Frederick Snite Jr., American paralysis victim, who lives in an iron lung, went to the Auteuil racetrack today and had fun betting on the horses.

He watched the results through his periscope but was not entirely successful in his modest wagers.

"I am not exactly a racing man, but I always had a lot of fun at the Florida tracks so I wanted to see how the French put on hurdle races," Mr. Snite commented.

Before going to the track, Mr. Snite was wheeled to Notre Dame Cathedral, where he spent a few moments in prayer.

ADVERTISES RALLY AS HAGUE SPEAKS

JERSEY CITY, N. J., June 10 (U. P.).—While Mayor Frank Hague spoke nearby, circulars were distributed last night advertising the first rally sponsored by the American Civil Liberties Union to be held since the Supreme Court overruled the mayor's right to ban such meetings.

The rally will be held next Monday in Journal Square where several times in the past, the Union was prevented from holding meetings. Morris Milgram, executive secretary of the New Jersey Workers' Defense League, distributed the circulars.

Mr. Hague told 25,000 persons that an amendment legalizing horse racing in the state, should be approved during the special election June 21 because it would increase revenue and give employment to 6000.

NEW NAZI COUP RUMORS HURRY BRITISH POLICY

FOREIGN SITUATION LONDON—"Appeasement" hint revives Soviet suspicions. PRAHA—Hitler sends wreaths to "martyr" rites. CHUNGKING—American mission reported razed by bombs.

LONDON, June 10 (U. P.).—Foreign embassies heard today that a sudden new bid for British-German understanding by Prime Minister Chamberlain was actuated by information that the Central European developments might be imminent.

There was no hint here of any impending trouble though Poland showed interest in a concentration of German Nazi storm troops in Danzig for a sports festival starting Monday, and a London newspaper had reported movements of troops to Czech cities near Poland.

Mr. Chamberlain, Viscount Halifax, Foreign Secretary, Sir John Simon, Chancellor of the Exchequer, and Oliver Stanley, Board of Trade president, have made speeches within the last two days which combined admonitions to Germany not to attempt new armed expansion and at the same time inviting Germany to settle pending problems peacefully.

Foreign Minister Georges Bonnet, at a speech in Paris yesterday, assured Poland that France and Great Britain would support her against any attack.

FACES COURT IN 'MUSICALE' RAID

Suspect Is Charged With Lottery and Police Again Ask: Is It Oh-Kay?

Police didn't like the kind of a "musicale" Alex Corey, of 3933 E. 31st St., was advertising last night and as a result ordered him to "face the music" in Municipal Court today.

He was charged with advertising a lottery outside of a vacant store-room on E. Washington St., 400 block. That is the store-room vacant except for tables and chairs and about 100 persons, most of them women, according to 13 policemen.

The officers entered the room with suspicions that the "musicale" was just some of a floor show for a bingo game disguised as "Oh-Kay."

Inside, they found a string quartet swinging it, but they also found, they claim, the visitors playing a game at tables in two sections, one of them termed the orchestra session. That was where the music was loudest.

Police said they obtained the names of persons who were playing the game with cards, but they arrested none of the players as no one seemed to be awarded anything in the way of winnings.

NYA IS GIVEN 9200 HIGH SCHOOL PUPILS

Approximately 9200 high school pupils in Indiana worked on National Youth Administration aid projects during the last school year, Robert S. Richey, State NYA director, reported today.

Sizes of families from which applicants came and their incomes were factors determining selection of pupils, he said.

The largest group, 3384 pupils, came from families with incomes ranging from \$301 to \$600. Parents of 2785 pupils were unemployed and 73 were retired. Parents of 2300 other pupils helped were on WPA rolls.

The NYA aided 773 Marion County pupils.

TIBBETT'S UNCLE DIES

BAKERSFIELD, Cal., June 10 (U. P.).—Bert Tibbett, 63, an uncle of Lawrence Tibbett, film and concert baritone, died here today.
