

NEW U. S. LABOR BOARD OF LESS POWER LOOMS

Dr. Leiserson, Friend of Wagner Law, Joins in Criticizing Majority.

By LUDWELL DENNY
Times Special Writer

WASHINGTON, Sept. 22.—Probability that the next Congress will replace the present National Labor Relations Board with one of less power is increased by Board Member William M. Leiserson's devastating criticism.

The Leiserson dissent from the Pittsburgh Plate Glass Co. decision yesterday accused the Board majority of exceeding its authority under the Wagner law, of fixing bargaining units in defiance of union contracts, and of denying employees their legal right to a representative of their own choosing.

The significance of this criticism, from an official friendly to the Wagner law, is that Dr. Leiserson is the Administration's ace labor expert. He was transferred to the Labor Board last June by President Roosevelt for the specific purpose of restoring public confidence in a board under attack of both employers and the A. F. of L.

Board Records Studied

Now Dr. Leiserson in the Plate Glass case has challenged the Board majority on virtually the same issue on which the A. F. of L. attacked the Board decision in the famous Pacific Longshoremen's case last spring. It cannot be said, however, that Dr. Leiserson is pro-A. F. of L. and anti-C. I. O.

In the American Can decision this same Leiserson interpretation of the law benefited the C. I. O.—and then Board Member Edwin S. Smith agrees with him. In the similar Chrysler Kokomo decision, against the C. I. O., Chairman Warren Madden went with Dr. Leiserson, but not this time.

The special House investigating committee which, unlike Dr. Leiserson, is in part hostile to the Wagner law itself, is preparing to use the Leiserson dissents against the Board. The committee is now studying Board records and sending out sweeping questionnaires as a basis for its public hearings next month. It is believed to be sympathetic to the A. F. of L. demand for replacing the present Board.

Found Guilty of Coercion

In yesterday's decision the Board majority found the Pittsburgh company guilty of illegally coercing its employees by refusing to bargain collectively with the C. I. O. union as the exclusive representative in the bargaining unit fixed by the Board in an earlier decision.

The Board without an election included in the bargaining unit the unorganized Crystal City, Mo., plant, as well as the other plants where the C. I. O. had a contract. The Board held that an employer-wide unit was the proper one.

Dr. Leiserson in effect accuses his fellow Board members of choosing on the basis of their own personal preference the proper representative for employees, instead of allowing employees to choose for themselves as guaranteed by the Wagner law.

BUTLER ECONOMICS INSTRUCTOR NAMED

Appointment of Miss S. Faye Fowler, Compton, Cal., as instructor in the Home Economics Department at Butler University, was announced today by President D. S. Robinson.

Miss Fowler will take the position recently held by Dr. Amalia Lautz who resigned to accept a position with the Michigan Health Department. Miss Fowler will teach nutrition, dietetics, institutional management and general foods courses. She was graduated from the Northeast Missouri State Teachers College, received a master's degree from Kansas State Agricultural College, and took graduate work at the Michael Reese Hospital, Chicago.

'SKY HAWK FLIGHT' TIMES ARE SHIFTED

Later arrival and departure time for the "Sky Hawk Flight" of Transcontinental & Western Air were announced today, effective with the end of daylight saving time Sunday.

Leaving New York City an hour later in the evening, the "Sky Hawk" will arrive here at 1:40 a. m. instead of 12:40 a. m. and will leave for California at 1:30 a. m. Arrival at Los Angeles and San Francisco will be at 3:25 p. m. and 5:33 p. m. instead of at 1:55 p. m. and 4:03 p. m.

SUGAR OPERATION TO START MONDAY

DECATUR, Ind., Sept. 22.—The Central Sugar Co. will begin its annual harvest operation here Monday, employing about 450 workers in three eight-hour shifts.

Last year the beet harvest was refined into about 36 million pounds of sugar and the crop this year is estimated as normal. This year's promises to keep the factory running about 75 days.

The First Time We've Offered a Shirt With This Collar at Less Than \$2.00

"BEVERLY'S" NEW PATENTED ONE-PIECE COLLAR SHIRTS

Easier to Launder!
Easier to Wear!

1.25

THE
SECRET
IS IN THE
FOLD

The secret of this shirt is in the fold of the collar! Ordinary shirt collars have a seam at the top, causing irritation of the neck and fraying after a number of washings! This new Beverly has no seams . . . consequently no irritation, no fraying! Moreover it's easier to launder! In SANFORIZED SHRUNK PATTERNS and WHITE BROADCLOTHS. Men's sizes 14 to 17, sleeve lengths 32 to 35.

Woven of long staple cotton, extra soft with exceptional lustre and has a special twist insuring exceptionally long wearing qualities!

Has no seam at collar! Ordinary shirts do have! Consequently will not irritate or fray.

These new Beverly shirts give the comfort and durability which every man demands!

Easier to iron properly! The collar always folds over automatically at the correct position, assuring even points and correct collar styles.
