THE INDIANAPOLIS TIMES

## ANGLO-TURKISH MUTUAL HELP PACT DRAFTED

### Clause Reported Exempting Ankara From Taking Anti-Russian Stand.

LONDON, Sept. 30 (U. P.).—Great Britain and Turkey have completed the draft of a definite pact of mutual assistance and a Turkish military mission is on its way to London to negotiate with the British Government, it was understood today.

The Turkish Embassy announced the impending arrival of the mission, under Gen. Kiazim Orbay, who on a similar mission during the summer, arranged for the purchase of British war materials.

It was understood that the British-Turkish pact would be signed upon the return of Turkish Foreign Minister Sukru Saracoglu from Moscow. It was said he may leave tomorrow.

The British-Turkish pact will contain a safeguarding clause stipulating that, under it, Turkey will never be required to take a hostile attitude against Russia, it was asserted here.

#### See Influence on Italy

Britons looked to the pact as another factor in assuring Italian neutrality.

The political and military clauses of the British-Turkish treaty had been completed some time ago, but economic clauses caused difficulty.

The Turkish Government was anxious because of the rapid overrunning of Poland by Germany, and wanted Britain and France to provide it at once with large quantities of tanks, airplanes and artillery, and also to support the Turkish currency.

These difficulties had now been liquidated, it was believed, and Gen. Orbay, on his arrival here, would be able to make arms deals.

#### Foreign Chief in Moscow

At the outset of the war, Turkey had said that it would be faithful to its temporary mutual aid agreement with Britain and France.

Since then events had moved with such rapidity as to make Turkey's position at once difficult and most important, commanding as it does the narrow Dardanelles Strait between the Mediterranean and Black Seas.

Particularly the increasingly close friendship between Russia, Turkey's friend of long standing, and Germany, the enemy of Britain and France, had made for confusion.

Turkish interests were regarded as three-fold:

1. To prevent partition of Rumania and avoid bringing Germany to the Black Sea.
2. To prevent Bulgaria from becoming too powerful at the expense of Rumania.
3. To avoid being on the same side with Italy, from whom it is reported she would like to acquire the Dodecanese Islands lost in the World War, and whom she considers her rival in the Eastern Mediterranean.

### Saracoglu May Quit Moscow Tomorrow

MOSCOW, Sept. 30 (U. P.).—Turkish Foreign Minister Sukru Saracoglu may leave Moscow tonight without having seen Soviet Foreign Commissar V. M. Molotov since the arrival of German Foreign Minister Joachim von Ribbentrop this week, it was reported today.

Today, however, Minister Saracoglu visited the British Ambassador and the French charge d'affaires. Turkish quarters declined to comment on the conferences or on reports in diplomatic circles that Minister Saracoglu had been left cooling his heels since Baron von Ribbentrop came to negotiate a new Russo-German pact.

Foreign diplomatic quarters suggested that Baron von Ribbentrop threw a monkey wrench into the activities of the Turkish mission and caused its members to be inactive diplomatically since negotiation of the latest Soviet-German friendship pact.

Minister Saracoglu arrived the day before Baron von Ribbentrop and was given a warm reception. He saw Soviet officials the next day, but not for the past three days, so far as can be ascertained.

The theory among foreign observers is that the Soviet-German pact was not expected by the Turks, who now need to readjust their negotiations along new lines.

## Hitler Heils Nazi Submarine Crew at Naval Base

The captain accompanying the above photo which was passed by the German censors and sent from Berlin to New York by radio, claimed that Adolf Hitler (in automobile) is saluting the crew of the Nazi submarine that sank the British "Courageous."

## CIANO HURRIES TRIP TO BERLIN

### Expected to Discuss Peace And Italy's Interest In Balkans.

ROME, Sept. 30 (U. P.).—Authoritative quarters believed today that Italian Foreign Minister Count Galeazzo Ciano will confer with Fuehrer Adolf Hitler and German Foreign Minister Joachim von Ribbentrop in Berlin tomorrow in the interim peace.

It was emphasized here, after announcement that Count Ciano had been invited to Berlin by the Reich Government, that the Russo-German declaration issued in Moscow two days ago referred to "peace efforts and the possibility that an accord can be reached with other friendly nations for a lasting peace."

Italy's continued peace policy, as voiced both by Premier Benito Mussolini and the Italian press, has paved the way for Count Ciano's visit to Berlin, authoritative quarters said.

While in Berlin, Italians believe, Count Ciano will discuss with Ribbentrop, following what is regarded here as the end of the Polish conflict.

He was expected to discuss also Italy's interest in the Balkans, particularly in the light of Russian occupation of portions of Poland.

Count Ciano left for Berlin by train only an hour after it had been announced that the Reich Government had invited him to confer with Herr Hitler and Herr von Ribbentrop.

He is scheduled to arrive in Berlin at noon tomorrow.

The cabinet, meeting with Premier Mussolini today, decided upon new taxes to meet the ordinary budget deficit and additional military expenses.

## NAZI-ITALIAN WAR PARLEY IS CALLED

(Continued From Page One)

What Russia would do if Britain and France turned down the peace overture and, as the joint Russian-German declaration said, Russia and Germany met "to consider the necessary measures."

Just what joint measures Germany and Russia might take if their peace bids were rejected, however, that there could be no questioning of the division of Poland between Germany and Russia. That, they said, was not a point for negotiation.

The theory among foreign observers is that the Soviet-German pact was not expected by the Turks, who now need to readjust their negotiations along new lines.

## Future's Dark for Jews In Nazi Share of Poland

BERLIN, Sept. 30 (U. P.).—The 2,500,000 Jews living in Germany's share of Poland faced a hazardous future today.

News reels brought here showed some of them in labor gangs reconditioning roads and apparently confined in special camps. A hint as to the fate of all of them was the arrest of all Jewish men of Polish nationality living in the Berlin area.

## NO PEACE NOW, PAPERS AGREE

### London Press Spurns Talk; 'Time Is on Our Side,' Says Daily Mail.

LONDON, Sept. 30 (U. P.).—All morning newspapers called the German-Russian peace declaration a bluff and said Great Britain and France would reject it.

Typical comment follows: "THE DAILY TELEGRAPH"—"The German hope that Russia will dictate peace is doomed to failure."

Just what is meant by the "necessary measures" to be discussed by Russia and Germany when their peace balloon is deflated is left rather obscure, doubtless by design."

"THE DAILY MAIL"—"Time is on our side. It's one of Hitler's greatest enemies. Let him but cease for a moment to dangle his dupes with the appearance of victories and they will begin to ask for bread."

"THE DAILY EXPRESS"—"All the time chips are piling on our side of the table. Peace now? Sham peace after a war? A short peace while the adversary gets his breath? No fear!"

The London Times today dodged the question as to whether France and Britain ultimately would try to dislodge Russia from Poland. The newspaper emphasized that the Allies hope to restore those parts of Poland seized by Germany.

## French Attitude Called One of Full Confidence

PARIS, Sept. 30 (U. P.).—The Supreme War Council considered the situation resulting from the conclusion of a Russian-German pact of amity today, and the implied threat that Russia might side with Germany in event that Allies refused to stop the war on Germany's terms.

Present at the meeting, at the War Office were Premier-Fuhrer Minister Edouard Daladier, Gen. Gustave Maurice Gamelin, Chief of National Defense; Gen. Gaston Georges, commander in chief of the Army; Gen. Joseph Vuillemin, commander-in-chief of the Air Force; Gen. Jules Buhner, commander-in-chief of colonial forces, and Admiral Francois Darlan, commander-in-chief of Navy.

The attitude of France remained open, apparently, of complete confidence and complete firmness.

## NAZI ATTACK IN WEST INDICATED

### Artillery Fire Renewed; Belgian Troops Urged to Move Nearer Holland.

PARIS, Sept. 30 (U. P.).—The newspaper Paris Solr reported from Luxembourg today that Belgian troops stationed on the French frontier have left their positions and are "being urgently moved to North Belgium, near Holland."

An official source said that there are signs of new activity on the Western Front.

Germans apparently are planning a strong attack between Saarbruecken and Wissembourg, it was said. Renewed German artillery attacks in that sector were regarded as indicating preparations for an attack.

Paris Solr's Luxembourg dispatch said that Belgian soldiers are building new defense works along the Albert Canal and along the Demer River, near the frontier.

"Generally well informed circles are seriously disturbed," the newspaper said.

An official source, indicating intensified French military activity, forecast the fall soon of Saarbruecken.

At some unannounced points on the Western Front Germans displayed banners asking the French to cease fire.

Aerial reconnaissance continued on the Western Front. Two German and one French planes were reported to have been shot down in dog fights over the lines yesterday.

## Nazi Soldiers Kept From Dutch Border

OLDENZAAL, Dutch-German frontier, Sept. 30 (U. P.).—German military commanders today forbade German soldiers to approach within 300 feet of the Dutch frontier and forbade all contact with Dutch soldiers.

The orders coincided with increased nervousness on this section of the border. Effective 5 a. m. Monday Dutch subjects will not be allowed to cross the frontier.

German troops, however, are not to be allowed to cross the frontier. German troops, however, are not to be allowed to cross the frontier.

Pilots on the flight took close-up photographs of gun emplacements, tank traps and different types of camouflage and located a network of communications lines, the Ministry said.

The fourth and fifth floors are

## CASH FOR ARMS IS DEMANDED BY HIRAM JOHNSON

### Protests 90-Day Credit Clause for Debtors in Neutrality Bill.

(Continued From Page One)

to be an abrogation of the Johnson Act. I'm going to devote my efforts to drafting an amendment to preserve that act. The President and all these other people have talked about cash on the barrel-head in connection with this proposed sale of munitions to belligerents. Now it's 90 days.

"It seems to me that a 90-day credit would be in violation of my act—a back door violation. I don't know how you can call a 90-day credit anything but a loan. I haven't looked this up carefully, but I think I can see where this provision comes within the purview of the act. I will be glad to be proved wrong, but if I'm right I will take any means within my power to protect the act."

Mr. Pittman said that a construction might be given to the word loan that would not include ordinary international credits with relation to export goods.

Senator William E. Borah (R., Ida.), co-leader with Mr. Johnson of the isolationists, said that he had not interpreted the 90-day clause as anything but "cash." He said he couldn't understand why Mr. Pittman considered it a modification of the Johnson Act. Mr. Pittman, he said, "would have had trouble" in offering that interpretation when the foreign relations group considered the proposed bill yesterday and Thursday.

### 'Warm Up' for Debate

Meanwhile, Senators "warmed up" for next week's debate in radio speeches and peace meetings.

Senator Lewis B. Schwellenbach (D., Wash.) told a radio audience last night that the Administration program would "keep us out of war." Under existing statutes this country is operating on "a dangerous neutral hedge-podge," he said.

Three Senators on the opposing side participated with Norman Thomas, Socialist leader, in a demonstration at a local theater. They were Bennett C. Clark (D., Mo.), Gerald P. Nye (R., N. D.) and Arthur Capper (R., Kas.).

Alfred E. Smith, 1928 Democratic Presidential candidate, foe of the New Deal but friend of Mr. Roosevelt's neutrality position, leads the list of radio speakers over the week-end. Mr. Smith speaks Sunday night. More than a dozen Senators are scheduled for talks between tonight and Tuesday.

## BRITISH WAIT FOR NEW SUB FLEET

LONDON, Sept. 30 (U. P.).—Admiralty authorities are waiting for a new fleet of German submarines to take to the North Sea and the Atlantic.

The principal sinkings of the last few days have been near the entrance of the Baltic. This, the Admiralty believed, was partly because the first wave of U-boats, sent out before the war started, had returned to bases, and partly, because the Admiralty's new convoy system was showing results.

The convoy system is expected to get going in full stride in a couple of weeks now, the price of that the German-Russian partition of Poland is "illegal," and that Poland will continue its fight for independence.

Official sources have indicated that this government must follow its established precedent, and refuse to recognize the German-Russian conquest.

## POLES SERVE NOTICE CONQUEST 'ILLEGAL'

WASHINGTON, Sept. 30 (U. P.).—The Polish embassy here today served notice on the United States Government that the German-Russian partition of Poland is "illegal," and that Poland will continue its fight for independence.

Official sources have indicated that this government must follow its established precedent, and refuse to recognize the German-Russian conquest.

## Found Injured

Police are investigating the mysterious attack on Charlene Overholser, 15, found semi-conscious in her West Middleton, Ind., home, two fingers cut off with a hatchet and her throat slashed. Her 63-year-old grandmother, Mrs. Rosetta Overholser, was being questioned today by Sheriff Lew Stewart.

## LUDLOW STAYS ON CAPITAL JOB

### Many Colleagues Follow Example, Remembering His 'Bitter Lesson.'

(Continued From Page One)

WASHINGTON, D. C., Sept. 30.—Although eight of the 12 Indiana Congressmen had returned home today, many from other states are staying here because of the sad experience of Rep. Louis Ludlow (D., Ind.), they say.

Rep. Ludlow was en route to Indianapolis by bus when the President called the special session to deal with neutrality. Knowing that the opening would consist of listening to President Roosevelt's message, Rep. Ludlow decided to remain in Indianapolis and take that by radio.

But when he went out on the streets he was constantly badgered by persons saying, "Why aren't you in Washington helping to keep us out of war?"

Rep. Ludlow is a leader of the so-called "peace bloc" and author of the War Referendum Amendment. So instead of staying several weeks, as he had planned, he gave up and returned here. The story of his unpleasant experience was spread around the House of Representatives and many Congressmen abandoned their plans to return to their states at once.

"It will take too much explaining," they said.

Hoosiers who have gone home include Reps. Charles A. Halleck, Robert A. Grant, Forest A. Harness, Noble J. Johnson and Gerald W. Landis, Republicans; Rep. William T. Schulte, John W. Boehne Jr. and William H. Larabee, Democrats.

Those remaining here are Reps. Ludlow and Eugene B. Crowe, Democrats, and Reps. George W. Gillie and Raymond S. Springer, Republicans.

The latter said he is studying the Senate draft of the neutrality bill and expects to listen to the debates in the Senate which commence Monday.

## HOOSIER CITIES SET BACK CLOCKS TONIGHT

FT. WAYNE, Ind., Sept. 30 (U. P.).—Ft. Wayne, Auburn, Greent, Anderson, Lagrange, Kendallville and Albion set their clocks back tonight and join the rest of the nation in standard time one week later.

Because of a slight difference in the wording of the ordinance—making daylight time end on the last Saturday of the month instead of early morning of the last Sunday—the cities were forced to wait one week this year before making the change.

## TURKEY SWINGS TO ALLIED SIDE WITH NEW PACT

### British Prepare to Combat Sub Fleet in Atlantic And North Sea.

defiant German-Russian announcement.

A refugee Polish Government was formed abroad. President Ignacy Moscicki, according to an announcement in Bucharest, has resigned and delegated his power to Wladyslaw Raskiewicz, former leader of Polish Pomerania.

A Polish army to fight alongside the Allies was being formed in France under Gen. Vladislav Sikorski, veteran Polish military commander.

The Nazis in Berlin declared their intention of fighting to the finish if the peace proposal is rejected.

The position of 2,500,000 Jews in Germany's section of divided Poland was hazardous. They were confined in special camps or put into labor groups to work on highways and other reconstruction.

Jewish men in Berlin of Polish nationality were arrested and taken to concentration camps. Before the fall of Poland they were exempted from many of the restrictive measures against Jews because of their nationality.

The Scandinavian countries were disturbed over the possibility of Russian domination in their hitherto neutral paradise. Soviet entry into Estonia gives the U. S. S. R. free access to the Baltic and the Gulf of Bothnia, which lies between Finland and Sweden.

In Panama City, the Inter-American conference worked carefully towards conclusion of plans to save the 21 New World republics from military or economic consequences of the European war.

The delegates seemed agreed on a "safety belt" off the coast within which hostile ships could not be operated and the cargo carriers of the Americas could play in safety.

## SIX SAFES CRACKED, LOOT PUT AT \$175

Yeggs battered six safes overnight. The known loot was about \$175.

The safes in the Martin's Trucking Co. and the Mers Engineering Co., both at 921 N. Capital Ave., were found today. The loot was taken from the first and \$25 from the second.

Two safes in the office of the Max Katz Bag Co., 316 S. New Jersey St., were rifled. Neither contained any money.

It was undetermined whether any money was taken from the safe battered open in the Life Murphy Tavern, 2607 W. Michigan St.

About \$100 was taken from the safe of the C. C. & S. Co., 204 N. Meridian St., according to W. A. Oberholzer, branch manager. Six tires also were stolen.

A safe stolen Sept. 24 from the Pure Oil Station, Virginia Ave. and Alabama St., was found today, smashed open, in a gravel pit in the 1400 block W. Raymond St.

## D. OF C. CATHOLICS BAN BINGO PARTIES

BALTIMORE, Md., Sept. 30 (U. P.).—Bingo games were banned from Catholic Church "entertainment of any and all kinds in the District of Columbia" today by Archbishop Michael J. Curley.

"Violation of this order," said his announcement, "will bring immediate prosecution by the civil authorities of the District of Columbia." The order followed a ruling by District authorities that such games are illegal. It did not apply to Maryland churches.

## DUTCH RESUME FLIGHTS

AMSTERDAM, Sept. 30 (U. P.).—Royal Dutch Airlines officials said today that soon they expect to resume regular commercial air service between London and Amsterdam. For the present, however, service between Amsterdam and Paris and Berlin will not be resumed.
