Two youths, George Lorentz, 19, of 1629 Ingram St., and Louis Kootz, 24, of 840 S. Noble St., were thrown from the motorcycle. Lorentz was driving when they struck a car at 1508 Roosevelt Ave. They received pavement burns and bruises.

WIDOW OF EXECUTED CHICAGOAN IS BITTER

CHICAGO, Nov. 4 (U. P.)—Mrs. Stefania Sadowski, 50, grief-stricken by notification from the State Department that her husband, Josef, 35, an American citizen, was executed by Nazis three weeks ago at Warsaw, said today she would make formal protest to the U. S. Government.

"It was the deliberate murder of an American citizen," she charged.

George J. Haering, American counselor attaché at Warsaw, notified the State Department at Washington yesterday that Mr. Sadowski was executed Oct. 20 after he had been found guilty of concealing a quantity of arms and ammunition in defiance of regulations published by German military authorities.

In Washington the State Department officials doubted that there would be any grounds for protest by this country over the Sadowski execution.

They pointed out that Mr. Sadowski had volunteered in a foreign army, thereby forfeiting his rights as an American citizen.

'RING AROUND' A POLICEMAN

Pocket Full of Loot; But This Time 12 and 20 Has Double Meaning.

COLUMBUS, O., Nov. 4 (U. P.)—A 24-year-old suspect who reportedly escaped two weeks ago from Oklahoma State Penitentiary, was in jail here today because he tried to tell a city detective that a Scottish Rite Lodge ring was a "graduating class" ring.

The suspect, who gave his name as Richard Shelton of Petersburg, Va., was trying to pawn the ring when he ran into Detective John Phillips, a Mason.

"That's my school ring," explained Shelton, pointing to the number "32" on the ring.

"Then we must have graduated the same year," replied Phillips, showing his own Scottish Rite ring with a Masonic figure on it designating a 32d Degree Mason.

Shelton was taken into custody. He said he and two other convicts had committed several robberies after their escape two weeks ago from prison at McAlester, Okla.

While acting as a "lookout" during a burglary in Indianapolis, Shelton decided to slip away from his companions and take the robbery loot with him.

He arrived in Columbus and attempted to pawn several articles when detectives apprehended him. Detectives said he would be turned over to Indianapolis police.

"If I hadn't run out on my buddies, I'd probably still be free."

LOOT STOLEN FROM NORTH SIDE HOMES

Loot found in Shelton's car was identified today as having been stolen Thursday from two North Side homes, Indianapolis police said.

It consisted of about \$700 worth of jewelry belonging to Herbert Swigert, 5023 Guilford Ave. and a fur coat valued at about \$100 taken from the home of J. H. Carnine, 818 E. 48th St.

Shelton waived extradition. City Detective Stewart Coleman and a State policeman will go to Columbus Monday to bring Shelton here for trial.

STUDENTS WORK EXTRA HOURS TO MASTER FLYING

Would-be Pilots at Butler Study Overtime in CAA Project.

By SAM TYNDALL

The 40 Butler University students, including a junior coed, who are taking the civilian pilot training course, are putting in extra time to complete the ground course quickly, according to Dr. Seth E. Elliott, instructor.

"It's phenomenal in a college course," he said, "but there isn't a poor student among the 40 in this Civil Aeronautical Authority-sponsored course."

The trainees have covered two sub-courses, one in the history of aviation and the other in meteorology. In examinations in both subjects, Miss Madge Rutherford, the only female class member, stands second highest.

Robert H. Davis, Terre Haute, has been the leader since the course began.

Monday the students will begin studying motors. Dr. Elliott admitted that the keen attention he has received from his students, in some cases at least, may spring directly from the promise of early flight training which under the course program, is the second highest.

The university will select a private instructor to be approved by a CAA inspector. Instruction in all probability will be held at Municipal Airport.

Tentative field training plans for the 38th Division, National Guard air squadron, between now and the end of the year call for establishment of a temporary base at Schoen Field, Ft. Harrison.

Maj. Oliver Stout, commander of the observation unit, said the plan has not yet been approved at the 5th Corps Area headquarters. If approved, Maj. Stout said he will order the planes to Schoen Field from their home base at Stout Field only a few miles away. The same training in feeding and housing the personnel can be gained with a short maneuver of this kind as could be gained in a practice flight to establish a new base a 1000 miles away, he said.

The whole series of 1 to 7-cent stamps in that year carried various perforations, he said.

Heads Shrine Council—Lloyd D. Claycombe of 4301 Park Ave., potential president of the Murat Temple, yesterday was elected president of the Indiana Shrine Council at the annual convention in Terre Haute.
