

## Arrange Play Music

"Pride and Prejudice" will be presented by St. Agnes Academy senior pupils at the Cathedral High School at 8:15 p. m. Thursday and Friday. Among the members of the St. Agnes Academy Orchestra which will furnish music for the senior class play are (left to right) Anne Wissel, Margaret Wissel and Juliane Hess.

## REED BATTLES 8 JUDGESHIPS

No Need for New Federal Posts, Kansas Insists As He Maps Plans.

By FRED W. PERKINS  
Times Special Writer

WASHINGTON, April 9.—Senator Clyde M. Reed (R., Kas.), prepared today to fire administration statistics against Senate Democrats backing a bill to create eight new Federal judgeships.

He said the Justice Department's own figures showed no need for the two circuit judgeships and six district judgeships proposed.

The Kansas, a newspaper publisher and ex-Governor, asserted that "the country is overloaded with judges."

The House already has passed the bill. When it is called up in the Senate again, Mr. Reed plans to press for a record vote on each of the proposed posts—and if that fails he will try to shunt the entire subject back to the Senate Judiciary Committee for further study in light of the official status-of-work statistics from the Justice Department.

The figures show almost uniformly a decrease in the number of cases awaiting attention of Federal judges in the districts concerned. For instance, in the New Jersey district the number of pending civil cases has dropped in the past 10 years from 796 to 588; civil suits in which the Government is a party, from 1142 to 412; criminal cases, from 895 to 490; and bankruptcy cases (handled by appointed referees), from 2130 to 1804.

The figures, he said, are not so convincing in Southern New York, and he might consent there, as well as for a new circuit judge in the Eighth District (Minnesota and other states). But he opposes all the others, including the proposed new judgeship for the Sixth District—Kentucky, Tennessee, Ohio and Michigan.

New district judges are proposed in Eastern Pennsylvania, New Jersey, Florida, Oklahoma, Southern California and Southern New York.

**DIES TO DRAFT BILL TO CURB TWO 'ISMS'**  
WASHINGTON, April 9 (U. P.).—Chairman Martin Dies of the House committee investigating un-American activities said today he planned to ask the Justice and State Departments for help in drafting a bill to curb Communist and Fascist activities.

"The sentiment of the House and the country is 85 per cent in favor of such legislation," he said. "The House will be willing to pass some effective legislation quickly. We could have a bill through here in three or four weeks."

He added, however, that without Administration support the measure might die in the Senate. Mr. Dies said the committee would resume hearings tomorrow on a "very important matter."

**NATIVE OF GOSPORT DIES IN ILLINOIS**  
Times Special  
GOSPORT, Ind., April 8.—Funeral services were held today for Leslie C. McCarty, brother of E. A. McCarty, Indianapolis postal employee.

Leslie McCarty, who was 65, was an Illinois educator and native of Gosport. He died at Springfield, Ill., where he had been connected with the Federal Employment Service the last two years and had been active in Illinois Democratic politics. He attended Indiana State Teachers College, Indiana University and the University of Chicago. He was to be buried at Quincy, Ill., following the services here.

**WAKE UP YOUR LIVER BILE—**  
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go  
The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Gas builds up your stomach. You get constipated. You feel sour, sunk and the world looks punk.  
It takes those good, old Carter's Little Liver Pills to get these two pints of bile flowing freely to make you feel "up and up." Amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 10¢ and 25¢. Stubbornly refuse any thing else.

## Men Are Invading Women's Garden World, Editor Says, Adding Size of Plot No Handicap

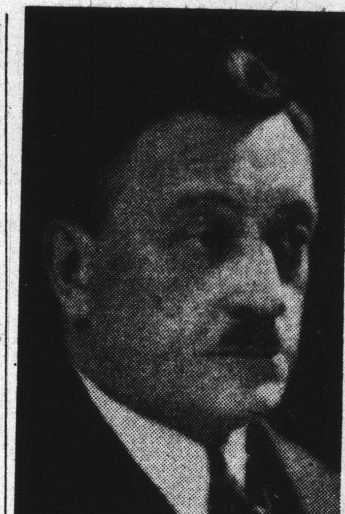

If you have any land at all around your home you have enough for a garden, provided you want a garden big enough to get in there and dig.

That statement was made with-out qualification yesterday by Richardson Wright, editor of the magazine House and Garden, who addressed garden lovers in the L. S. Ayres & Co. auditorium as guests of the store.

Moreover, he said there is a noticeable expansion of men's garden clubs in this country and predicted that, although the women first began the movement, they soon will be surpassed as active gardeners by the men.

"The motto of the Men's Gardens Clubs of America," he said, "is 'put more pans in the garden.' And they're doing it. The movement is growing."

"If you really want a garden—and more and more people seem to be wanting them—you will have one, even if you have to borrow tools, and seeds and cuttings. Look at the little pocket gardens they have in England!"

Richardson Wright . . . 'get in there and dig.' Mr. Wright also pointed out that new things are being done with gardens.

More pavements are being used to cut down the upkeep cost. For the same reason, borders of flowering trees and shrubs are being more frequently used.

He urged the home gardener to have an individual garden and said a survey he made some years ago showed that a tasteful garden enhances the value of a home by from 25 to 100 per cent on resale.

The theory of a garden, he said, is to make people more contented with their homes. He suggested that gardens should be planted so that the different parts seem like different rooms.

"It used to be considered un-American, or undemocratic, or something to inclose your garden," he said, "but I guess we've outgrown that by now."

Mr. Wright once was a correspondent for American newspapers in Siberia and once was literary critic for the New York Times. He lives in New York and has a country home in Silvermine, Conn.

The lecture was a part of an Ayres' home week program.

## MAY 1 DESIGNATED CHILD HEALTH DAY

A proclamation fixing May 1 as Child Health Day in Indiana was issued today by Governor M. Clifford Townsend.

The Governor urged all official and volunteer agencies in the state "to unite in observance of appropriate exercises and take inventory of the health and welfare of children."

The proclamation urged all health

OUR funerals offer an inexpensive service without the feeling of economy . . . beautifully expressed in dignity.

MONEY BACK if not satisfied. Just return empty container, with your reasons, to CAROLINE PRODUCTS CO., LITCHFIELD, ILLINOIS  
**SO RICH IT WHIPS! MILNUT**

## MILK HEARING SET APRIL 23

State Board to Consider Pool, Price-Fixing Abandonment.

A public hearing will be held at the State House April 23 by the State Milk Control Board on whether to abandon the present program of price fixing and marketing pools.

C. Wright Humrickhouse, Board secretary, said the alternative to present retail price fixing would be an order permitting companies to fix their own prices in open market competition.

This plan was considered five months ago when the Board issued an emergency order, raising the retail price of milk in Indianapolis from 11 to 12 cents a quart until May 1.

On that date, the Board ordered the price to go back to 11 cents automatically without further hearings.

Also to be discussed at the public hearing is the question of whether other regulations, including the closed producers' pools, should be abandoned in favor of an open producers' market.

Widespread opposition developed recently to present price range enforced under the wholesale market control program.

## ANNOUNCE TALKS ON LATIN AMERICA

Times Special  
BLOOMINGTON, Ind., April 9.—Dr. Glen Levin Swiggett is to give a series of lectures at Indiana University on Latin America-United States relations. The lectures will be on April 15, 18, 22, 25, 29 and May 2.

Dr. Swiggett has been a member of the faculties of eight universities, including the National University of Mexico. He is a graduate of Indiana University and received his Ph.D. at the University of Pennsylvania.

## Johnson Kisses Critic Perkins

NEW YORK, April 9 (U. P.).—Gen. Hugh Johnson's new technique of coping with criticism, it developed today, is to implant a kiss on the cheek of a critic.

She spoke at the Jefferson celebration Saturday night. Secretary of Labor Frances Perkins chided Gen. Johnson for his attack on the New Deal.

Gen. Johnson's reply, Miss Perkins revealed, was to laugh and kiss her.

## Y. W. GROUP PRAISED FOR AID TO NURSES

The inter-racial committee of the Indianapolis Y. W. C. A. was congratulated yesterday for the placing of Negro nurses on the City Hospital staff by Mrs. Mabel Keaton Staupers, Colored Graduate Nurses' Association executive secretary.

Mrs. Staupers said that Indianapolis could "eventually serve as a center for Negro nurses training like other large cities," where Negro nurses are being trained in city hospitals.

She spoke at a meeting of representative groups at the Phyllis Wheatley Branch of the Y. W. C. A. She envisioned the day when these young women can act as leaders in their profession, especially among Negroes, where such leadership is needed, she said.

Among the groups represented at the meeting were the Indianapolis Board of Health, the Indiana State Nurses Association, the American Red Cross, the local association of Colored Graduate Nurses, the Aesculapian Medical Society, the Church Federation of Indianapolis and the inter-racial committee of the Y. W. C. A.

## SEEKS COMMERCIAL O. K. ON TELEVISION

WASHINGTON, April 9 (U. P.).—The Federal Communications Commission entered the second round of its newest inquiry into development of the infant television industry today by hearing spokesmen for the Radio Corporation of America plead for permission to broadcast commercial television programs.

Chairman Burton K. Wheeler of the Senate Interstate Commerce Committee meantime announced plans to hold a hearing tomorrow on a resolution by Senator Ernest Lundeen (F-L, Minn.); for an investigation of the Commission's policies on television development.
