

Bulldogs' Bog Spreads Joy Through State

And Wabash Is Ready to Cash In on Slump

The first big hurdle in Butler's race for its seventh consecutive Indiana College Conference football title is Wabash, and the Scarlet boys are preparing a surprise for the champs Saturday afternoon at Crawfordsville.

Hurdle No. 2 and No. 3 are DePauw and Ball State. And this trio is viewing the present bog of Butler's offense and defense with satisfaction.

Tony Hinkle, Butler's mentor, never has lost a conference game and the only team which has actually given him a scare is Wabash, which played the Bulldogs to scoreless ties in 1934 and 1937.

30th Game Coming Up

Butler athletic records reveal that Saturday's battle at Ingalls Field will be the 30th meeting of the two schools. They first met in 1890. Since then Butler has won 16 and played to three leveled scores.

Last year, Butler's undefeated eleven caught the Little Giants napping and sounded off a 55 to 0 thrashing.

And there cannot be any napping in the Butler camp this week. Hinkle told his players yesterday, just before rain cut practice to a 30-minute lecture and a signal drill. Hinkle spent the remainder of the afternoon showing motion pictures of last Saturday's Xavier game.

Greenman Injured

John Greenman, sophomore guard, was the only player to be injured against Xavier. A minor pelvic injury will sideline the Sheridan sophomore for at least a week. His loss has been offset by the return of Oscar Hilling, a South Bend junior tackle, who has recovered from an injured shoulder.

Meanwhile the freshman, who will be used in scrimmages by the varsity today, tomorrow and Thursday, are pointing for their first scheduled game here Saturday against DePauw's rhinos.

Boris Dimancheff, who appears to be the best backfield prospect since Tom Harding, will pace the Butler freshman. Dimancheff is a graduate of the local Washington High School. Other Indianapolis high school graduates on this year's team are Billy Howard and Otis Rogers, Washington; Tom Crisp, Crisp Attucks; James Miller and Pat Ent, Shortridge; James VanDerMoore and Norman Williams, Manual, and James Moran, Cathedral.

Hutton Paired With Duncan

An all-star card is being arranged by Matchmaker Fred DeBorde for the weekly amateur boxing program at the Armory Friday night.

Topping a bill liberally studded with outstanding simon-pure talent will be a return scrap between Charles Duncan, Westside A. C. heavyweight, and Vic Hutton, national A. A. U. light-heavyweight king. The bout is billed for five rounds.

Hutton and Duncan were scheduled to clash about a month ago, but an eye injury to the former prevented the meeting. Hutton's injured optic has completely healed, however, and both boys are in first-rate condition for the battle. In a five-round scrap this summer at Sports Arena the local belter took a close decision from Hutton.

The four-round semi-windup will pit Milton Bess, former international lightweight champion, against Jesse Johnson, Leeper A. C. star.

No More Character-Building, Navy Is Out for Victories

By JACK GUENTHER

United Press Staff Correspondent

NEW YORK, Oct. 15 (U. P.).—"Wanted—Football players with prep school or college experience. Must be under 21 years of age, intelligent and mathematically inclined. Board, room, tuition, \$720 a year guaranteed. Permanent job upon graduation. Apply U. S. Naval Academy, Annapolis, Md."

Obviously the advertisement won't ever appear, but it may well be regarded as a distinct sign of the times. For the Navy has had its share of character building on the gridiron and from now on the Midshipmen are out to win. You can thank or blame the European war.

Swede Larsen, the tall and angular major of Marines who coaches Navy, said so today himself—and he should know. The reason behind the decision is neither bigger box office receipts nor the quest for more awesome reputation. Rather the time has come for Navy's future officers to break loose from its defeatist complex and build a winning morale.

"Actually," Larsen explained with a hurried grin, "we have no thought of proselytizing. We want football players, but not just for the sake of a winning football team. We think the United States is in a critical position in world affairs. Conscription has arrived and war is possible. Under the circumstances our Service leaders should be thoroughly grounded in victory as well as defeat."

Navy has been building character with defeats for years. That is because the Middies are bound by more restrictions than perhaps any

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. Harmon's Gab as Good as His Legs

CAMBRIDGE, Mass., Oct. 15 (U. P.).—Tom Harmon, Michigan's All-America halfback, also talks a great game of football, according to Loren MacKinney, Harvard end.

Harmon carried the ball on a sweep of MacKinney's end in Saturday's clash at the stadium. Two blockers raced in front of him. MacKinney said he drifted toward the sideline in an effort to drive the play back into the line. Harmon yelled: "Cut in, cut in." MacKinney thought the advice was intended for Harmon's blockers, so he moved inside to halt the rush. When MacKinney cut in, Harmon continued around the flank for a substantial gain.

Your COMMUNITY FUND Contribution Changes the Picture

Have you ever been deathly sick and all alone? Fear grips you, hopelessness overwhelms you. But of course, you can pick up the phone and call a doctor, summon a competent nurse.

Some folks in your city can't. There's hardly enough coming in for food, for fuel and doctors and nurses mean more debt. "No," you say, "this can't be so. How can I help?"

Your contribution to your Community Fund sends a Public Health Nurse into many of these unfortunate homes, bringing skilled care, hygiene and sanitation information, and, in many cases, measures which prevent the serious spread of disease to members of the family or neighbors.

The Public Health Nursing Association of Indianapolis is one of the 37 agencies of your Community Fund. The sick, young and old, expectant mothers, newborn babies, the crippled, the handicapped in the less fortunate homes of your city are looking to you for help.

Your contribution can truly change the picture.

Be Thankful—Give to Your Community Fund

This announcement is made possible through the generosity of a friend of the Community Fund.
