

WARNS AGAINST CONSCRIPTION OF U. S. FACTORIES

Hoffman Tells Forum It Would Bring Ruin on Defense Program.

If American industry is conscripted, our defense program will be hamstrung and ultimate disaster will result, Paul G. Hoffman, president of the Studebaker Corp., declared here last night.

He addressed the executive leadership forum of the Indianapolis Junior Chamber of Commerce at the Indianapolis Athletic Club. He told the young businessmen that "it is our present task to fortify and strengthen our American system."

"Unless that is done, there is some question in my mind as to whether we will have anything left in this country worth defending."

Acclaims U. S. Policy So Far

He said he was glad to see that, although Congress had enacted a statute enabling the Government to conscript industry, the Government "has not had recourse to that power." He added that the Administration's "policy to date" in the defense program "is deserving of acclaim."

But Mr. Hoffman was critical of the possible conscription of industry. "If our Government conscripts industry, and responsibility for its operation is divided between private management and government officials, stagnation will be the inevitable result. For proof, I point to the railroads during the time they were under Government operation during the last World War."

"Management can be conscripted but you can't conscript brains or enthusiasm. Similarly, labor can be conscripted but you can't conscript morale."

"Within Two Years"

Mr. Hoffman predicted that within two years the combined work of the defense commission and "private industry" will prove whether conscription of industry is necessary.

"I have a very positive belief in the capacity of private industry to build an impregnable defense for America. I have serious doubts about the ability of conscripted management and conscripted labor to do a similar job," he declared.

14 HURT AS TRUCK, STREET CAR CRASH

CHICAGO, Nov. 29 (U. P.).—Fourteen persons were injured, two seriously, today in a collision between a trailer truck and a surface line streetcar.

Jack North, 23, South Bend, Ind., driver for the Norwalk Trucking Co., of South Bend, was held by police. He said the truck had swerved out of its northbound traffic lane because of slippery pavement. The truck struck the streetcar almost head-on.

Virginia Steinmetz, 27, a passenger on the streetcar, was taken to the hospital, where attending physicians said she had suffered a possible basal skull fracture. Jennie Bujwit, 25, suffered a brain concussion.

Helen Menken, noted star of stage and radio, is to be featured in the dramatic portion of Kate Smith's program tonight, 7 o'clock, WFBM.

Miss Menken will be heard in the title role of the radio play "Kathryn Howard." It will mark a repeat performance for both star and play on the Kate Smith hour. "Kathryn Howard" was first presented last season and won wide acclaim.

It tells the story of one of the wives of Henry VIII. It was the first radio dramatization written by Jean Holloway who now writes all of the adaptations and original dramas for the Kate Smith Hour.

In addition to the dramatic portion of the program, Kate will sing three songs while the comedy will be furnished by Nan Rae and Mrs. Waterfall (Maude Davis). The music will be by Ted Straeter's chorus and Jack Miller's orchestra.

Tonight's fight between Billy Conn and Lee Savold at Madison Square Garden will be broadcast over WFBM starting at 9 o'clock. Sam Taub and Bill Stern will again be the announcers.

WFBM and WIRE are to carry broadcasts of tomorrow's football classic between the Army and Navy. The WFBM broadcast will be between 12 and 2:45 while WIRE will pick it up at 1 o'clock and continue to 3:45.

Six years ago Leon Henderson dropped down a capital and emitted a loud squawk about the way things were going under NRA.

Gen. Johnson was bossing things and so weary had become of "yes" men that Mr. Henderson's blarney was a welcome relief.

The general hired him on the spot and Mr. Henderson has been in the Government service ever since.

Now a member of the National Defense Commission, he is to be the special guest on tonight's Information Please program, WIRE at 7:30 o'clock.

Other targets for quiz master Clifton Fadiman's questions are to be the program regulars, John Kieran and Franklin P. Adams and the semi-regular, Oscar Levant.

Consensus is that Tommy Harmon did all right in his big time debut as a radio announcer on Eddie Cantor's program Wednesday night. Tommy had poise and displayed a good speaking voice. As a singer, though, he sort of fumbled a bit—but then Tom hasn't aspired for a spot among the crooners. He aims to be a sports announcer and with his reputation and knowledge of sports should be a natural.

"The problem" of what to do about the back seat driver is scheduled for an airing on Haven McQuarrie's Your Marriage Club program tomorrow night, 7 o'clock WFBM.

Four St. Paul couples, program guests, are to approach this delicate subject under the careful questioning of Mr. MacQuarrie. Particular attention will be paid to various means—if any—of silencing back seat drivers.

The informal forum also will consider what a husband should do when his wife wants to leave in the middle of a movie because she is crying at home.
