

HEARING FOR ALL IS VANNUYS' AIM

Fair Play on Legislation to Be His Policy as Head of Committee.

WASHINGTON, Jan. 23.—A fair hearing for all parties on any controversial legislation assigned to the Senate Judiciary Committee was assured today by Senator Frederick VanNuy (D. Ind.), the new chairman.

In a personal note thanking the Senators for approving his nomination for the judiciary chairmanship, Senator VanNuy assured them that he would follow the fair play policies laid down by former Senator Henry F. Ashurst (D. Ariz.). "My chief objective will be to approximate the fine administration of my predecessor, the erudite and beloved Senator Ashurst," Senator VanNuy said.

Senator VanNuy won the chairmanship in a contest with Senator Pat McCarran (D. Nev.), who had equal rank on the committee. The Hoosier Senator was credited with having White House support.

At City Hall— ELEVATION FUND HOPES DIMMED

Knight's Best Suggestion Is To Depress Instead of Raise the Tracks.

By RICHARD LEWIS.

City Hall's search for funds to finance track elevation on the South Side ended today where it started.

The search began two weeks ago when City Council instructed the Legal Department to devise ways and means of raising elevation funds through the Legislature.

It ended in an opinion from Corporation Counsel Edward H. Knight who held that he could find no need for further track elevation legislation. Present statutes are adequate, he said.

The City has tried in vain to secure track elevation funds from the State Highway Commission for two years under the existing statute. Its failure to get the money was the basis for Council's resolution instructing Mr. Knight to find some.

Doesn't Mention Money
His opinion, released yesterday, skipped the matter of finances. It merely advised Mayor Reginald H. Sullivan that the City can proceed toward track elevation under existing statutes.

Taking into account the fact that the City has tried and failed to get elevation funds from the State, Mr. Knight advised officials to try harder. He added that the South Side Civic Club, at whose insistence the search began in the first place, might help.

After a detailed explanation of the present law, Mr. Knight concluded that no legislative action the City could take would bring the South Side any nearer its 10-year dream of elevation.

The State Highway Commission repeatedly has told City officials that track elevation for Indianapolis is out of the question at present. The Commission has too many other pending projects which it considers more vital, members have informed the officials.

Costs Are Shared
Mayor Sullivan has emphasized the City's inability to finance a track elevation program under the existing statute without State aid. Under the statute, the costs of grade separation are shared by the railroads on one hand and the units of government on the other.

Where State highways are not involved, the City and County pay 80 per cent of the cost, leaving 20 per cent to be borne by the railroads. Where State highways are involved, the State Highway Commission bears the full 80 per cent of the cost.

But the Commission reserves to itself the right to decide whether it will or will not engage in grade separation, according to Mr. Knight's interpretation.

They Could Depress Them
The Corporation Counsel drew a main distinction between the terms "track elevation" and "grade separation." The law applies to grade separation, he said, and that means that tracks may either be elevated or roadways depressed to pass under the tracks.

"Depressing the tracks might result in speedier action because of less cost involved," Mr. Knight's opinion held. "Either method accomplishes the primary purpose of affording greater safety by protection of traffic and also avoiding delays caused by passing trains."

What a Bandit Wants With Foot Muffs Puzzles Dowager

NEW YORK, Jan. 23 (U. P.).—\$100,000 worth of gems taken from Mrs. Edith Breyer, widow of the Philadelphia ice cream manufacturer, related with some exasperation in General Sessions Court how an inconsiderate bandit had forced her to hand over her ermine opera cloak when the temperature was down around freezing.

The white haired dowager testified at the trial of Hyman Silver, 38, who is charged with grand larceny and receiving stolen goods, that he collected \$20,000 for the

bandit, some pearls and other jewels, was the testimony. And then one thug touched the ermine opera cloaks and said: "Take 'em off, sister. Take off those coats." "I'll catch cold," Mrs. Breyer answered. "Sister," said the man, "take 'em off." The Breyers took them off. They tried to keep warm with the ermine auto robe and ermine foot muffs to match.

COMPULSORY AUTO INSURANCE SOUGHT

ST. PAUL, Minn., Jan. 23 (U. P.).—The Minnesota State Bar Association plans to ask the 1941 State Legislature to pass a law making liability insurance compulsory for all registered automobiles. The proposed law, being drafted by an association committee headed by J. T. Joyce of Duluth, would require a minimum of \$2000 insurance or a \$2500 deposit with the State Treasurer in lieu of insurance.
