4-H Clubs Organized, 314 Students Active in Garden Work.

Approximately 3000 pupils are enrolled in summer activities sponsored by the Indianapolis public schools, William A. Hacker, assistant superintendent of schools, announced today.

Enrollment in classes conducted in all seven of the City's high schools rose to a new high of 1798, an increase of 200 over last summer, Mr. Hacker said. Of this number, 1244 are taking high school work and 240 are enrolled in music classes for grade pupils.

A total of 314 pupils are enrolled in classes and club work conducted in nine of the elementary schools and 781 in gardening activities conducted at 18 school centers.

Twelve 4-H clubs enrolling 131 children of elementary and junior high school age were organized under Miss Louise Braxton, assistant director of fine and practical arts in charge of home economics.

The Park Department is conducting playgrounds at 17 schools.

Marks 35th Year

James F. Carroll
Indiana Bell President
Started Service at Syracuse.

Thirty-five years ago, a young graduate of Hamilton College in Clinton, N. Y., received a job with the Bell Telephone System in Syracuse, N. Y., as a traffic student.

Thus began the career of James F. Carroll, which soon resulted in promotions to positions of increasing responsibility, finally bringing him to Indianapolis as president of the Indiana Bell Telephone Co. in 1930.

In observing his 35th year of service today, Mr. Carroll can look back on a career that has taken him to several cities in the country. Starting with the Central New York Telephone and Telegraph Co., he served at Syracuse, Oswego and Watertown the next three years.

Pittsburgh in 1909
Transferred to the American Telephone and Telegraph Co. as assistant traffic chief at Pittsburgh in 1909, he later moved to Harrisburg to become district traffic chief. Mr. Carroll was promoted to district traffic superintendent in 1910. He served with the New York Telephone Co. at Auburn and at Utica and then was sent to the Bell Telephone Co. of Pennsylvania, serving in the same capacity at Scranton and Pittsburgh.

Next, Mr. Carroll became division traffic superintendent of the central Manhattan division of the New York Telephone Co. Three years later, he was appointed general traffic manager for the Ohio Bell Telephone Co. and became general manager of that company's north-eastern area with headquarters in Cleveland in 1928.

Named Vice President
He was elected vice president in charge of public relations for the Ohio Bell the next year. Mr. Carroll has been active in city affairs since coming to Indianapolis 11 years ago. He is a director of the Indianapolis Chamber of Commerce, the Indiana State Chamber of Commerce and the Community Fund here. He served as president of the fund in 1935-36.

At the State House— BOARD TO FILL IMPORTANT JOB

Gottschalk Expected to Be Reappointed Director of Welfare Department.

By EARL RICHERT
One of the biggest jobs in the state government, that of director of the huge Department of Public Welfare, will be filled by the Public Welfare Board Friday.

It is reported in State House Circles that Thurman Gottschalk, the Democratic present director, will be reappointed.

Mr. Gottschalk, if reappointed, can thank the recent Supreme Court "ripper" suit decision which held that the Governor had all appointive powers, for his job.

The Republican-controlled '41 Legislature passed a Welfare Department bill, not specifically involving the "ripper" suit controversy, which among other things provided that Mr. Gottschalk's term as administrator should end not later than July 15, 1941.

The first section of the bill provided for the termination of the terms of office of the present Welfare Board and for the appointment of a new four-man board, two to be named by Governor Schricker and two by Republican Lieutenant Governor Charles M. Dawson, with Mr. Dawson voting in case of a tie. This section was ruled invalid by Attorney General George Beamer in view of the Supreme Court "ripper" suit opinion which held the Lieutenant Governor did not have appointive power. The opinion, however, did not affect the provision which ends Mr. Gottschalk's term of office.

Thus, the present Welfare Board, which continues in office under the Attorney General's ruling, must name a new director before July 15. The law fixes the maximum salary for the administrator at \$6000.

Coal Co. and Tipton Coal Co., Brazil; Big Bend Collieries, Chicago; F. D. McConnell and Crescent Mining Co., Evansville; Norman L. Miller Coal Co., Rockville; Olds Coal Co., Ft. Wayne; Maumee Collieries, Terre Haute; Enos Coal Co., Sterling Midland Coal Co., Binkley Coal Co., Hoosier Sales Co., Deep Vein Coal Co., Knox Consolidated Coal Co., Republic Coal Co., Majestic Coal Co. and Inter State Coal Co., all of Indianapolis.

The state institutions use about 220,000 tons of coal annually.

2 Republicans Get ABC Jobs

Two more Republicans have been hired as clerks by the Alcoholic Beverages Commission. They are Horace B. Irving, 1022 W. 35th St., and Don W. Wisenberg, 2204 Broadway. Mr. Irving will serve as chief clerk, succeeding Lawrence Pace who resigned recently.

Republicans are getting practically all the new jobs with the Commission since nearly all of the personnel at the new state liquor law went into effect were Democratic. The new law provides that the Commission's employees must be evenly divided between the two major political parties.
