

Stores Have Clothes and Gadgets Galore for 'Man on Your Mind'

A gift of warmth for winter autoists is the motor robe—either in fur fabric lined wool or fringed blankets cloth. Both types also come in sizes for baby's carriage.

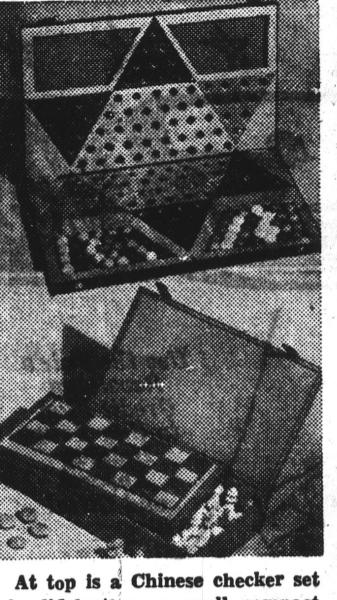

For air-minded people, to whom time is all, the gift of a clock embedded in a miniature mahogany propeller will tick away many happy hours, especially when it's electrically accurate.

This handsome desk accessory answers a two-fold purpose. The pad is divided into the hours of a business day with plenty of room for notes and telephone numbers. The inside of the cover provides space for HIS or HER photo. The case is of brown or tan leather—gold tooled.

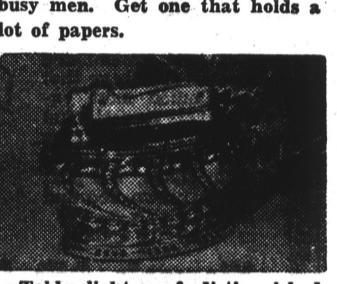

A new idea in sport shirts: tailoring eliminates the shoulder seam, in soft Crown Tested spun rayon.

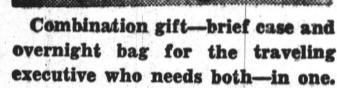

At top is a Chinese checker set of solid leather—a small, compact game, of a nice size to pack when traveling. Below is a chess and checker set with reversible board for Chinese checkers. The case is handsome leather, the chessmen catalin.

A Briefcase—one with plenty of room and with handles that slip in or out, is a favorite among busy men. Get one that holds a lot of papers.

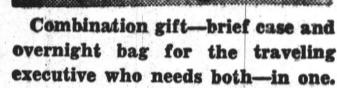

Presto Changeo—a wallet with a pass unit for business use. When the unit is removed, a wafer thin billfold remains for evening wear.

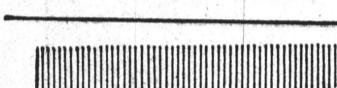

Combination gift—brief case and overnight bag for the traveling executive who needs both—in one.

Military Christmas. Canteen shaped soap has a khaki rope to slip over the head to eliminate the disappearing act. A bristle bath brush completes the set. Great little gift for the service man.

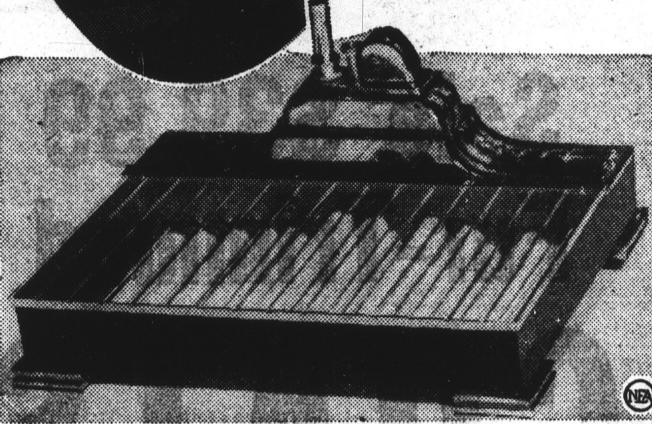

One of the most useful Christmas gifts you can find for a smoker is a good lighter. First thought this year, of course, goes to the men in the service. Hence the new windlighter being used by the naval officer at upper left. It has a disappearing windshield, which guarantees a light on the breezy bridge of a warship. And, naturally, the lighter is just as handy for a soldier lad in the field. A lighter for the pipe smoker, upper right, has a touch tip igniter that ignites flames like a match. There are also metal scoops to hold his pipe. And if you want to go to town with a desk lighter for your favorite rising young executive, there's the one shown at bottom, which is combined with a handsome, glass-topped cigaret cabinet. This holds 50 cigarettes, with special compartments for the popular king's size.

Well fitted—a man's bag suede lined, with military pockets and straps. The drop compartment slide fastens to become one with the bag.

Globe and Atlas are choice selections this season as gifts for the man who is following international events. They will keep him wise, make him an authority.
