

The War and You—

STATE TO COLLECT  
SCRAP AND WASTEMaterials to Be Stored for Duration; Radio Makers to  
Convert Plants; First Gasoline Curtailment Will  
Be for Week-End Drives.

The opening of a State-wide program to collect scrap and waste materials valuable to the war effort was announced today by Governor Schricker.

He named Clarence A. Jackson, State Civilian Defense Director, as chairman.

Dudley A. Smith, State Unemployment Relief Director for the past two years, was appointed by the War Production Board as its representative in the program.

## Continues for Duration

The drive is to be concentrated on old iron and steel, rubber, paper and rags.

The program will be directed by a State Salvage Committee including representatives of the Parent-Teacher Association, Boy Scouts, Farm Bureau, labor organizations, State Farm War Board and the salvage consuming industries.

The movement is designed to keep up an endless flow of scrap and waste materials to the scrap and waste material consuming industries for the duration.

Court Houses Sought  
To Store Sugar Cards

Supplies for the sugar rationing program in Indiana will probably be stored in court houses.

Frank Bane, director of the division of field operations of the OFM, in a letter to Governor Schricker yesterday asked permission to use the buildings as temporary storage places.

Permission will have to come from the County officials, Governor Schricker said.

Sunday Drive Gas  
To Be Cut First

WASHINGTON, Feb. 14 (U. P.).—Today's civilian war notes:

**RADIOS**—Plenty of them on store shelves, but when they're gone there probably won't be any new ones for a long time. The Government has ordered radio manufacturers to convert their factories to war production within four months.**GASOLINE**—If it becomes necessary to ration gasoline, Sunday afternoon drives and vacation trips next summer will be the first to be curtailed, the WPA said.**JEWELRY**—There'll be less tin in your "gold" watch of the future. The Government has "frozen" all tin held by jewelry manufacturers—about 1,000,000 pounds—and will buy it soon.**SURPLUS MONEY**—What to do with it? Price Chief Leon Henderson suggests higher taxes, compulsory savings, defense bond purchases to prevent inflation. He's against a sales tax and wage increases now.**SUGAR**—Get in the sugar ration habit. "Divvy up" with your friends and neighbors. That's Government advice to make it easier for you when rationing begins.**MOTORISTS**—No fancy license plates next year. They'll be black and white and a few domestic earth colors to save strategic pigments. Yellow street and highway markings are on the way out, too.**SPICES**—Take it easy on your pepper, mustard, nutmeg, cloves, cinnamon and vanilla. There is enough on hand now, but they all require manpower to process and some require shipping that may not be available later on.Gentlemen, Gray  
Will Be the Style

WASHINGTON, Feb. 14 (U. P.).—The outlook is gray for men's clothing styles.

The War Production Board is planning to curtail drastically use of certain dark shades of dye and to cut the dyes available to 50 percent of the normal supply.

It is expected that the move will result in a predominance of gray colors for men's suits, mixed with some blue. Brown suits will be out, and there will be much less variety of shading in the colors remaining.

Brown and tan colors probably will disappear from women's wardrobes as well; print dresses will be standardized in color; hats will be duller, and women's fashions in general are going to be less glamorous.

## OFFICIAL WEATHER

U. S. Weather Bureau

INDIANAPOLIS FORECAST—Not much change in temperature today and early tonight.

## Moving Up!

Horace Kelley, First  
State Inductee, a  
Sergeant Now.

Sergt. Horace F. Kelley

INDIANA'S FIRST inductee under the Selective Service Act is well on his way up the military ladder after little more than a year's service.

He is Sgt. Horace F. Kelley, son of Mr. and Mrs. Thomas F. Kelley, 843 W. 29th St., stationed now at Ft. Hays, Columbus, O., the headquarters for the Army Fifth Corps Area.

Inducted into service Nov. 19, 1940, the first man to be "processed" in the state, he was sent to Ft. Custer, Mich., for his 18 weeks' basic training. After the training he was transferred to Headquarters Co., Ft. Hays, where he has been on duty in the office since.

So far, the way up the military ladder has been comparatively swift for Sgt. Kelley. Eight months after entering the service he was promoted to corporal and four months after that, just one year after he first entered the Army, he was made a sergeant.

His work at the area headquarters is along clerical lines and it keeps him in the office a good part of the time. His mother said that in his letters he has declared that he is very well pleased with his work and that the food at the camp is fine.

Mrs. Kelley, however, commented: "He has always had a job which kept him inside and I told him, when he went to the Army, that I hoped the outdoor training would cure his finicky appetite, but I'm afraid he hasn't had much outdoor duty yet."

Sgt. Kelley is a graduate of Shortridge High School and Central Business College. He was assistant manager of the Indiana Theater for several years and just before his induction was employed by the Equitable Life Insurance Co. of Iowa. He was 28 last September.

DECATUR TOWNSHIP  
LOSES COURT FIGHT

Decatur Township today lost its fight to recover certain land, containing property of the Indianapolis Power and Light Co. assessed at nearly \$6,000,000, which was transferred to Perry Township by the Board of County Commissioners in 1933.

The Appellate Court upheld the ruling of the Shelby Circuit Court favoring Perry Township on the matter. The fight developed after the county commissioners fixed the White River channel as the boundary line between the two townships, thus placing the valuable utility company property in Perry Township.

The Supreme Court held that the commissioners had the legal right to fix the boundary line between the two townships and said that the fact that one of the two commissioners taking this action was a resident of Perry Township made no difference.

LONG RANGE ROAD  
PROGRAM DISCUSSED

District engineers of the State Highway Commission have been asked to submit a six-year construction program for their areas as part of the long range road and bridge construction plans formulated yesterday at an all-day meeting of State and Federal officials.

Among those attending were E. M. Kunkel, State Director of the Public Works Reserve; W. R. Wooley of the Public Roads Administration; and Samuel C. Hadgen, Highway Commission Chairman.

The field engineers of the PWR will confer with city and county officials in developing similar programs of road and street projects.

OPPOSE M'NUTT  
ON JOBLESS PAYSchricker Joins Governors  
Opposing 'Federalization';  
Quinn Testifies.By DANIEL M. KIDNEY  
Times Staff Writer

WASHINGTON, Feb. 14.—Governor Henry Schricker and two officials of the Indiana Unemployment Compensation division will arrive here tomorrow to join in the fight against federalization of unemployment compensation.

The Hoosier Governor is expected to testify before the House Ways and Means Committee, which is conducting hearings on so-called displacement benefit bill. He will be accompanied by Col. Everett L. Gardner, director of the Indiana Employment Security division, and Alex Gordon, labor leader and president of the division's board. The Indiana party left Indianapolis this afternoon.

## Quinn Opposes Change

Thomas M. Quinn, Indianapolis attorney, appeared before the committee today. Federalization of unemployment compensation "would create more problems than it would solve, based upon past performance in Indiana," Mr. Quinn testified.

He presented the opposition of the Indiana State Chamber of Commerce to the \$300,000,000 war conversion compensation bill, which is sponsored by Federal Security Administrator Paul V. McNutt.

Mr. Quinn termed the measure "a definite attempt to Federalize the State unemployment compensation system."

## Stassen Leads Fight

"If Congress finds that it is necessary to provide training wages or travel allowances, we offer no objection to such a program but urge that the Administration should not be in any way connected with the Social Security Board but set up in some relief or 'training agency,' Mr. Quinn said.

Several other governors and state directors are expected to join in opposing the change, which they charge is being attempted "by subterfuge."

Governor Harold E. Stassen, Minnesota Republican and president of the National Conference of State Governors, joined forces today with Governor Frank M. Dixon, Alabama Democrat and president of the Southern Governors Conference, in opposition to the proposed measure.

Slayer of 3 and  
Twin Poisoned

EVANSVILLE, Ind., Feb. 14 (U. P.).—Two more members of an Ohio River houseboat family died today when they drank the contents of a bottle of poisoned soft drink at an Evansville hospital.

The deaths brought to five the number of dead in one family. The dead are Mrs. Madie Messerly and Mrs. Adie Westfall, 34-year-old twin sisters. Police said that Mrs. Messerly, a patient, apparently drank the poison brought to her by Mrs. Westfall.

The deaths added another chapter to a weird domestic tragedy which began when Mrs. Messerly red faced bullet holes in the foreheads of her sons, William, 12; Edward, 18; and Joseph, 18, rather than allow them to be cared for by welfare officials.

Mrs. Messerly then shot herself but the wound was not fatal and she was taken to the hospital.

99 RATION BOARDS  
TO GET ASSISTANTS

Secretarial and stenographic jobs with 99 ration boards in Indiana will be filled by the U. S. Civil Service, it was learned today.

Plans for the assignment of the Civil Service workers were outlined in Chicago yesterday and today to state administrators.

Secretarial assistants and stenographers will take over much of the routine work which has kept board members tied down on an eight to 12-hour day basis, according to the plan.

Funds for this assistance are to be provided in the \$100,000,000 civil defense appropriation bill pending in Congress.

Several counties, like Lake and Marion, have created multiple boards—two shifts of three members each—to handle the tire and auto rationing business and, eventually, sugar distribution.

## DIES AT HOME HERE

Mrs. Helen Moore, a resident of Indianapolis several years, died today in her home, 534 W. 52d St. She was the wife of John M. Moore.

Mrs. Moore was graduated from Butler University in 1924. She was a member of Delta Delta Delta and Tri Kappa Sororities.

## Here's Third Draft Registration Card

REGISTRATION CARD—(Men born on or after February 17, 1897 and on or before December 31, 1921)

SERIAL NUMBER	1. NAME (Print)	ORDER NUMBER
T.	(First) (Middle) (Last)	T.
2. PLACE OF RESIDENCE (Print)		
(Number and street) (Town, township, village or city) (County) (State)		
[THE PLACE OF RESIDENCE GIVEN ON THE LINE ABOVE WILL DETERMINE LOCAL BOARD JURISDICTION—LINE 2 OF REGISTRATION CERTIFICATE WILL BE IDENTICAL]		
3. MAILING ADDRESS		
(Mailing address different than place indicated on line 2. If same insert word same)		
4. TELEPHONE	5. AGE IN YEARS	6. PLACE OF BIRTH
(Exchange) (Number)	(Date of birth)	(Town or county) (State or country)
7. NAME AND ADDRESS OF PERSON WHO WILL ALWAYS KNOW YOUR ADDRESS		
(Number and street or R. F. D. number) (Town) (County) (State)		
8. EMPLOYER'S NAME AND ADDRESS		
(Number and street or R. F. D. number) (Town) (County) (State)		
9. PLACE OF EMPLOYMENT OR BUSINESS		
(Number and street or R. F. D. number) (Town) (County) (State)		
I AFFIRM THAT I HAVE VERIFIED ABOVE ANSWERS AND THAT THEY ARE TRUE.		
D. S. FORT 1 (Revised 1-1-42) (over) * opo 16-2180-2 (Registrant's signature)		

This is the front of the card which Hoosiers 20 to 44, inclusive, will fill out in the third draft registration Monday. Approximately 300,000 Hoosiers who have not previously done so are expected to register.

REGISTRAR'S REPORT

DESCRIPTION OF REGISTRANT		COMPLEXION
RACE	HEIGHT (Approx.)	
White	EYES	Build
	HAIR	Light
Negro	Blue	Ruddy
	Gray	Dark
Oriental	Hazel	Freckled
	Brown	Light brown
Indian	Black	Dark brown
Philippine	Gray	Black
	Bald	Black

Other obvious physical characteristics that will aid in identification

I certify that my answers are true; that the person registered has read or has had read to him his own answers; that I have witnessed his signature or mark and that all of his answers of which I have knowledge are true, except as follows:

Registrar for Local Board (Number) (City or county) (State)

Date of registration

(STAMP OF LOCAL BOARD)

(The stamp of the Local Board having jurisdiction of the registrant shall be placed in the above space)

16-2180-2

On the back of the card, the physical description of registrants will be recorded.

Places Listed for County  
Men to Report on Monday

Here's where you can register for the draft in Marion County Monday.

If you are in doubt as to what area you live in call LI-6501. Registration places will be open from 7 a. m. to 9 p. m.

ASKS HOOSIERS  
AID SYMPHONYBooth Tarkington Points  
Out No Orchestra Can  
Live on Ticket Sales.

Music can give to America "spiritual sinews beyond the powers of Japs and Nazis to vanquish," Booth Tarkington said today, commenting on the possibility that the Indianapolis Symphony Orchestra will be forced to disband because of need of money.

The distinguished Hoosier author pointed out, in a letter to The Editor of The Indianapolis Times, that no symphony orchestra has been able to live on the sale of tickets alone. He said the Indianapolis Symphony is worthy of both "popular support" and "unusual support."

An opportunity for "unusual support" will be given to Indianapolis music lovers next Monday, when a campaign to raise \$97,000 for the symphony will be launched.

Need \$27,000 at Once

Pledges of \$70,000 will be sought for maintenance of the orchestra during the 1942-43 season. An additional \$27,000 is needed to fulfill the symphony's obligations for the season.

Dr. G. H. A. Clowes, president of the Indiana State Symphony Society, reminded prospective contributors that their donations to the Indianapolis Symphony Orchestra can be deducted from Federal income tax returns.

Mr. Tarkington's letter, calling on his fellow Hoosiers to come to the rescue of the orchestra, follows:

"There may be people, even in these days of widespread musical education, who still think of symphony orchestras as highbrow dispensers of 'dress-shirt music,' but I think this mistaken impression exists only among those who have not experienced the spontaneous, exhilarating pleasure of listening, at least once or twice, to our Indianapolis Symphony Orchestra.

## Tickets Higher in East

"I am sorry, for instance, for anybody who missed hearing Pinza sing 'I Have Attained the Highest Power' from Moussorgsky's opera 'Boris Godunov' as he sang it for one of our recent concerts. Such music as that can give us spiritual sinews beyond the powers of Japs and Nazis to vanquish."

"Into our Indianapolis Symphony Orchestra has gone a vast amount of labor, intelligence, loyalty and musical genius, since its creation by Ferdinand Schaefer. An inestimably valuable organization now exists; but, thanks to the public spirit of its members and to Fabien Sevitzky's ardently economical direction, it costs us only a third of the price paid by eastern cities for orchestras of like quality. No symphony orchestra yet, however, has lived on the sale of tickets alone."

ARRAIGNMENT SET  
IN TIRE SALE CASE

Two Boonville men who were indicted here yesterday by a special Federal Grand Jury on charges of violating the tire rationing laws will be arraigned in Evansville Wednesday before Judge Robert C. Baltzell. The eight-count indictment is against two officers of the LaSalle Motor Sales Corp. of Boonville, Charles L. Hart, president, and Russell W. Baker, secretary-treasurer. Conviction would carry a maximum penalty of \$10,000 fine and 10 years in prison.

Two special agents of OPM, Robert L. Wright and John F. Marnier, assisted U. S. District Attorney B. Howard Caughran in the presentation of evidence.

The indictment alleges that the two company officers sold dated tires and their books and in other ways made records to make it appear that they had sold a considerable number of tires before the rationing laws went into effect.

It charged that a \$1400 sale to a Boonville firm was made after the laws went into effect. The OPM attorneys said that this was the first tire rationing case brought to prosecution.

ABC SCANS 'BONE DRY'  
RULING FOR IRVINGTON

Alcoholic Beverages Commission members said today that they would study yesterday's Appellate Court decision which held in effect that no intoxicating beverages can be sold in the 304 acres comprising the original town of Irvington. The high court upheld a lower court injunction prohibiting Philip Sorrentino, Irvington tavern owner, from selling liquor because the original plat for the town prohibited intoxicating liquor on their premises.

Liquor is now being sold at several places, including drug stores, in Irvington, and the A. B. C. will have to determine what action, if any, to take in view of the Sorrentino decision.
