

## SCOUT TROOP GATHERS PAPER

Thirty-one Boys Also Collect Metal and Magazines.

It's little wonder that Boy Scout Troop 33, which meets in St. Paul's Episcopal church, New York and Illinois sts., has been selected as the most active American Legion-sponsored troop in the state for the past two years.

Most recent accomplishment of the troop, sponsored by Hayward Barcus Post 55, American Legion, is the collection of more than five tons of waste paper, and scrap metal for national defense. By actual count, after the third truckload had been hauled away, the troop had collected 1740 pounds of scrap metal, 770 pounds of paper, 2070 pounds of magazines and 5740 pounds of newspapers and corrugated boxes.

The troop, however, isn't satisfied completely with what it already has done. It is determined to double these figures and reach its objective of "Ten Tons for National Defense."

### 31 On Honor Roll

Thirty-one members of the scout troop and its cub pack were placed on the troop honor roll for their work in collecting scrap material. They were Robert Church, Jack Taylor, Ronald Reeder, Joseph Wright, William Mitchell, Frank Marshall, Sam Johnson, Joseph and George Saba, Ethemus and James Pappas, Richard Bigelow, Guy Williams, Carl Cook, Willis Brinson, Angelo Auda, Donald Justus, Riley Chilton, Donald Gardner, Robert Taylor, Camillus Bondy, Harold Parson, Junior Scofield, Robert Mosier, William Ritchey, Richard Worth, Richard Finney, Bobby Mollet and Albert Ritchey of the troop and Richard Auda and John Owen of Cub Pack 21.

In addition to their defense efforts, all six patrols of the troop are taking 16 weeks of intensive training in first aid under the direction of Earl Koelling of the American Red Cross. The troop will become an emergency first aid organization for the duration of the war and graduates of the courses will receive the Junior Red Cross rank.

At the close of the Red Cross training course, the troop will take an overnight hike. Only those who have taken the course will be eligible to go. The troop has taken 38 such hikes to state parks in Indiana and adjoining states since March, 1938.

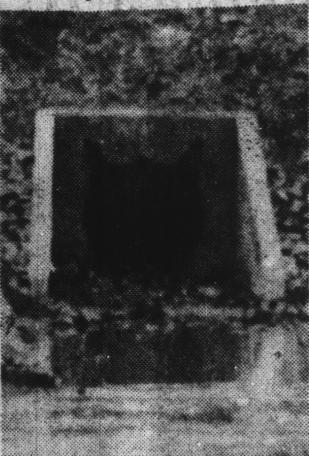

A special meeting will be held at 2:30 p. m. Sunday in the Linwood Christian church, Linwood ave. and E. Michigan st., to make plans for a cub pack at the church.

Harold Keitch, scoutmaster of Boy Scout Troop 48, will head a committee to make arrangements for the organization. Interested parents of boys 9 to 11 years old will attend the meeting.

### SCOUTS TO MEET

A Court of Honor will be held at the Brownsburg Christian church at 7:15 p. m. Feb. 24 by the Boy Scouts of Hendricks district. Scout ranks will be conferred and a business meeting will be held. The district committeemen will elect officers.

Afternoon worship services will be led by Doris Maxine Brown and Esther Meacham, secretary of the Young People's Division. The Rev. Bernard L. White, Second Baptist church pastor, will speak on "For Such a Time as This."

Saturday evening, the Rev. Mr. Lizenby will be in charge of a recreation institute in the Y. M. C. A. auditorium. Marian Hittle, Geneva camper, will lead the 3 p. m. Sunday worship service. The closing address will be given by Dr. Ross J. Griffeth, head of the undergraduate school of religion at Butler university.

## DRAFT 4-POINT ROAD PROGRAM

### Highway Heads Stress War Needs With Minimum Use Of Vital Supplies.

A four-point program has been drawn up by the state highway commission for the war period, S. C. Hadden, commission chairman, reported today. They are:

1. To construct all facilities necessary to serve war-time needs with the minimum use of critical materials.
2. To protect our present investment with adequate maintenance.
3. To preserve an organization to meet any sudden demands, either war or post-war.
4. To be ready on the return of peace with a post-war highway program.

"We have learned," Mr. Hadden said, "that a good peace-time road is a good war-time road. This was found when certain standards were set up for military highways and certain of Indiana's state highway routes were designated as a part of the strategic network of roads having military importance.

"At that time few material changes were required to meet the minimum specifications established for roads in the strategic system."

### NAZARENE CHURCH DAMAGED BY FIRE

The Westbrook Church of the Nazarene, Washington and Dennis Sts., was swept by fire last night which started near the furnace that had been piled high with coal to keep the building warm for Ash Wednesday services.

A 15-man bucket brigade of the Wayne township fire department fought the blaze, but nearly all the wood in the brick and stucco structure was destroyed. Neighbors salvaged furniture and records.

Two boys, Jack Lively and Shirley Gresson, discovered the fire. Loss was estimated at \$5000.
