

LAST STAND OF STILWELL TOLD

Risked Life to Organize Guerrillas Before He Left Burma.

CHUNGKING, May 28 (U. P.)—Lieut. Gen. Joseph W. Stilwell risked his life to complete a last-minute organization of Chinese guerrilla fighters in Burma and his peril was doubled by a Buddhist priest who attempted to betray him to the Japanese, it was disclosed today.

The "now it can be told" story of Gen. Stilwell's operations in Burma is incomplete due to military precautions, but it can be said that he stuck with his troops after the Japanese break through in order to infiltrate his men through the enemy lines for surprise guerrilla attacks that were later highly effective in disrupting Japanese communications.

At that time Gen. Stilwell still had a major Chinese force along the Sittang river front as far north as Myitkyina and he worked feverishly to collect scattered units and outline their operations.

Gen. Stilwell then began his now famous trek across the mountains and through the jungles of India. He traversed some of the worst country in the world—through seldom penetrated jungle, through country rampant with cholera, inhabited by natives hostile to foreigners. Food supplies in the area virtually are non-existent.

BREAD MONOPOLY CHARGED

P.)—A federal grand jury today returned a blanket indictment charging 20 corporations and 34 individuals associated with the baking business in New York and New England with having conspired to restrain trade in bread and other bakery products in violation of the Sherman anti-trust act.

Yanks Reaching Australia At a 'Remarkable Rate'

By BRYDON C. TAVES
United Press Staff Correspondent

MELBOURNE, May 28—Gen. Sir Thomas Blamey, commanding allied ground forces in the southwest Pacific, revealed today that United States reinforcements were arriving at a "remarkable" rate and were daily strengthening the allied ground forces.

He revealed that big-scale troop movements inside Australia had been completed and that Gen. Douglas MacArthur's ground forces were now well distributed throughout the continent.

Reviewing the allied position after visiting an advanced allied operational base, Gen. Blamey said the position of Australia had improved greatly.

"Our armies have increased their efficiency," he said, "and the assistance we are getting from the United States and our own production of war material give us heart for the task ahead."

Prime Minister John Curtin, commenting on boastful statements by Gen. Hideki Tojo, Japanese premier, said:

"Tojo started this game, but in Australia we play our test matches to a finish."

The test matches, in cricket, are the international ones, especially those with Great Britain. Australia wins.

Allied fighter planes, downing one and damaging six of 15 Japanese planes which attacked Port Moresby, New Guinea, yesterday, brought the bag of American and Australian crews to more than 200 since MacArthur took command six weeks ago.

Another step has been taken by Indiana to facilitate transportation and the hauling of freight during wartime.

The public service commission

yesterday eased bus and truck regulations allowing them to deviate five miles from their present routes, to haul any class of property over

present routes and to extend routes

for emergency purposes without

formal hearings and applications.

Trucking companies also are al-

lowed, under the order, to inter-

change trailers and semi-trailers.

The order is effective June 1, and

terminates Dec. 31, 1944, unless the

commission rules otherwise.
