

EVIDENCE ENDS AGAINST 4 SPIES

U. S. Completes Case Against Quartet Which Landed on L. I.

WASHINGTON, July 16 (U. P.).—Maj. Gen. Frank McCoy, president of the military commission trying eight Nazi saboteurs here, announced today that the prosecution has completed its case against the four who were landed from a submarine near Amagansett, L. I.

Gen. McCoy said that the reading of documents, begun Wednesday afternoon, had been completed and that one of the FBI agents had been recalled by the defense for additional cross-examination.

Alleged Aids in Court
Meanwhile the 10 persons accused of aiding the eight Nazi saboteurs were to be formally charged in federal court in Chicago, New York and Brooklyn today.

Attorney General Francis Biddle announced the charges and said he would ask the federal grand jury in Newark, N. J., to indict Herbert Karl Bahr, accused Gestapo agent, for conspiring to send military information to Germany.

Face Trial in Chicago
Bahr faces a maximum penalty of death if convicted. The other 10 could be sentenced to half the prison terms and fines given the eight Nazi saboteurs they are accused of helping, with a 10-year sentence if the saboteurs are executed.

Complaints of "unlawfully and knowingly" receiving and assisting the eight men landed from German submarines will be filed in Chicago against Mr. and Mrs. Otto Richard Wergin, Mr. and Mrs. Walter Wilhelm Froehling, and Mr. and Mrs. Hans Max Haupt (parents of one of the accused saboteurs); at New York against Helmut Leiner, Astoria, L. I., and Anthony Cramer and Hedwig Engeman, both of New York city; and at Brooklyn against Herman Heinrich Faj, Astoria.

Four Termed Dangerous
In addition, Mr. Biddle announced that Mrs. Maria Kerling, New York, and Mr. and Mrs. Harry Jaques, Chicago, have been charged with being dangerous enemy aliens and will be turned over to the immigration and naturalization service pending hearings. Mr. Biddle said Ernst Herman Kerkhof, New York, was being held for investigation.

Later it was announced in New York that Leiner, Cramer and Miss Engeman had been arraigned and were held in \$50,000 bail for a further hearing July 31.

The War and You

Soap and Toilet Articles

WASHINGTON, July 17 (U. P.).—Soap, that staple bathroom-shelf product which is discussed at length between episodes of daytime radio serials, must put out just as much lather on Tuesday, July 21, and thereafter as it does at present. Furthermore, the bars, chips, flakes and granules must be just as large.

The office of price administration set the standards on size and quality of all soaps in order to maintain the effectiveness of price ceilings over the American housewives' \$500,000,000 annual soap bill.

The regulation applies to manufacturers, who are ordered to keep products at their present size and latherability. The benefits will be passed on to consumers through price ceilings.

The war production board also took a hand in the regulation of toilet articles today by giving the go ahead to unlimited production of baby powder, shaving cream, tooth cleaner and several other articles providing they do not contain certain critical materials. It curtailed the number of containers which may be used for these products, in an effort to encourage use of larger containers.

The WPB also limited to the size of the 1941 production such items as bath salts, cleansing cream, cologne, face powder, lipstick, mascara, perfume, and suntan preparations.

In a third and more drastic regulation, the WPB cut the manufacture of bath milk, bubble bath, eyelash curler and hair lacquer to only 80 per cent of 1941 production. One optimistic note—the complexions of screen and stage beauties are not destined to fade. The output of theatrical makeup will be continued at the same rate as last year.

Bicycle Allotments
WASHINGTON, July 17 (U. P.).—The office of price administration today reduced by 75 per cent its allotment of bicycles available for rationing, cutting the quotas from 230,000 to 57,500.

The original allotment was for the July 8-Aug. 31 period. The reduced quotas will be available only during July. The action came after the war production board amended its order on bike manufacture to limit output to only 100,000 between July 1 and Aug. 31. That production was at the rate of 32 per cent of 1941 output, a reduction from the earlier WPB order of 42 per cent.

GYPSIES BY 1000s
The number of gypsies in Great Britain is estimated to be more than 100,000.

SERVICE MEN'S CENTER TO OPEN

Hundreds Expected at Roberts Park Church Reception.

The first and largest of the centers for service men, sponsored by the congregations of the Indianapolis Methodist district, was to open this afternoon in downtown Roberts Park church.

Hundreds of Indianapolis people of all denominations are expected to attend the reception at the new center from 3 to 5 and from 7 to 9 p. m. today.

Visitors will see the comfortable chairs on the lawn provided for men in uniform. Inside the church is a writing room where soldiers will find quiet and materials for that letter home.

Lounge Has Radio
There is also the lounge with its radio, comfortable chairs and the fireplace. Roller skates, shuffle board and other games as well as refreshments will be provided for the men.

About 50 trained cadettes will assist with the entertainment, sixty-five churches have aided the pastor, the Rev. S. L. Martin, with arrangements.

In addition to this center at Roberts Park, the Methodist district will inaugurate similar ones at Franklin and Edinburg.

While the centers are designed to afford the atmosphere of "a home away from home" with particular stress laid upon recreation, cordial invitations will be extended the men to come to religious services.

Privately Financed
The centers are financed by private subscription, with the advice of the Army, Navy and Marines Service Men's club and under sponsorship of the district Woman's Society of Christian service of the Methodist church.

Dr. Guy O. Carpenter, district superintendent, and the Rev. B. A. Morgan of Edinburg are in charge of the service men's centers.

NO NEWS ON MEAD—FDR
WASHINGTON, July 17 (U. P.).—President Roosevelt today disclaimed knowledge of reports that he was about to announce his support of Senator James M. Mead (D. N. Y.) for the New York state Democratic nomination for governor.

Hypnotism Is a 2-Way Problem

By Science Service
WASHINGTON, July 17.—Jack Cullen, coast guardsman who trapped four spies, need not have worried about being hypnotized when the Nazi leader commanded him to "look me in the eye."
"Nothing happened," said Cullen, much to his relief.
Nothing could happen under those circumstances, any psychologist would tell you. Hypnotism requires the co-operation of two people, no unwilling victim was ever hypnotized by gazing into any pair of eyes.
