

Our Pledge TO EMPLOYEES IN THE SERVICE

WE DO NOT FORGET

SINGLY AT FIRST, then in ever larger groups, employees of Indianapolis Works, Indianapolis Sales Branch and nearby company-owned retail stores of International Harvester Company have left to enter the military service of their country. Today 743 men and women from this works and sales branches are serving in the Armed Forces.

They have left their benches, their desks and their machines to answer the call of duty, which is the supreme obligation of our American Citizenship. Many tributes to their loyalty, their competence, their heroism have reached us from their comrades and commanding officers in the military services—and each such expression has made us proud.

Today they serve in our fighting forces throughout the world. Many have seen action against the enemy; all are ready to do their part wherever duty takes them.

The International Harvester Company and the men and women carrying on the home front jobs of production and service—the jobs these employees left behind—salute them. We state again our determination to keep the weapons and supplies we are building flowing out to the fighting fronts in ever greater volume.

We are proud to present the honor roll of men and women of Indianapolis Works, Indianapolis Sales Branch and nearby company-owned retail stores who were in the service of their country on February 1, 1943. To each of you whose name appears below, all of us still at home give this pledge — *To do our level best in every way we know to hasten the day you can come back home* VICTORIOUS.

International Harvester Company

HONOR ROLL

HARVESTER MEN AND WOMEN OF THIS COMMUNITY IN THE SERVICE OF THEIR COUNTRY

The national service flag of the International Harvester Company records the military service of 9,282 employees.
