

LACK AUTO TABS, STICKERS ISSUED

Some License Bureaus in State Use Temporary Tags
For Windshields as Supply of Metal Plates
Gives Out; Plenty Here.

Hoosier automobile owners who are unable to buy 1943 license plates because the supply of the small metal tabs has been exhausted in many license branches are being issued stickers to be used until more tabs can be obtained.

The supply of tabs in Indianapolis, however, is believed to be adequate.

State police superintendent Don F. Stiver announced that state policemen would not arrest motorists displaying the stickers on the windshields but that arrests would be made when motorists are found driving without either the tab or sticker.

Underestimate Order

The supply of the tabs has been exhausted in many license branches throughout the state because license bureau officials several months ago ordered 20 per cent less plates from the state prison than were sold in 1942. They believed that many cars would be off the road because of rationing and other wartime causes.

But evidently, from the demand for tabs, approximately as many cars are used now as there were a year ago, license bureau officials said.

R. Lowell McDaniel, director of the license bureau, estimates that between 40,000 and 50,000 tabs are yet needed and says that they can be manufactured by the state prison and issued to the motorists within a week or so.

The state last year ordered around 1,000,000 plates made by the state prison. This year only 800,000 were ordered. Orders for more have now been placed.

WELFARE BOARD TO BE CHANGED

New Personnel to Be
Named Soon, Judge
Rhoads Says.

Judge Mark W. Rhoads of Juvenile court, empowered by the legislature this week to appoint the Marion county welfare board, today said he will remove all present members and name a new board in a few days.

The appointive powers for the welfare board were taken away from Circuit Judge Earl R. Cox who has been involved in friction over administrative policies in the department for six years.

"I have been put on the 'spot' by this law—I didn't want the power to appoint the board and fought against the bill, but now that I have the power I see no other policy than to appoint a whole new board and thus remove any trace of the long-standing friction in the department," Judge Rhoads said.

Provides Early Action

"I face the problem of appointing the best qualified persons available for the board membership without getting hurt politically."

He said he would make the appointments before the end of this week.

The post of welfare director in the county has been vacant since Jan. 1 when Thomas L. Neal resigned after six years of friction between the board and himself. Miss Helen Gwynn has been serving as temporary acting director.

Members of the present board are Frank Symmes, president; Mrs. Clarence Finch, vice president; Al G. Feeney, Mrs. Frank Chiles and Chester A. McKamey.

RITES FRIDAY FOR MRS. BERTHA WARK

Mrs. Bertha Sadler Wark, a resident here for 40 years, died today at her residence, 648 E. 22d st.

Funeral services will be held at 4 p. m. Friday in the Flanner & Buchanan mortuary. Burial will be at Oxford, O.

Surviving are three sisters, Miss Martha L. Sadler, Miss Mary E. Sadler and Mrs. E. M. Johnson, all of Indianapolis.

G. A. R. LADIES TO MEET
T. W. Bennett circle 23, Ladies of the G. A. R., will meet at 1:30 p. m. tomorrow at Ft. Friendly.

RATIONING DATES

SUGAR—Coupon 11 is good for three pounds through March 18.

Butter—Coupon 25 good through March 21.

Bacon—A book—Coupon 4 good for four gallons through March 21.

Fuel Oil—Coupon 4 good for 11 gallons through April 12.

Gasoline—For 100 miles of a gas bottle must be inspected by March 31.

Sheets—Coupon 17 good for one pair through June 15.

Canned Goods—Stamp A, B and C good through March 31.

MEETINGS TODAY

Indiana Restoration Association convention, Indianapolis Athletic club, all day. Indiana Farm Bureau Cooperative association, conference, Lincoln hotel, all day.

Wartime Living

COMPILE LIST OF PLOWMEN

OCD Garden Committee May
Help You Solve This
Problem.

By VIRGINIA HATFIELD

The man behind the plow is the man of the month. His work is of the utmost concern to every potential victory gardener in Indianapolis. No plowmen mean no gardens.

A list of available plowmen has been compiled by Harry Myers of the OCD garden committee, but the number to date will not take care of the demand. At least 12 more are needed. Every man who is equipped for this type of work is urged to contact the OCD committee at the world war memorial, R. 1.

The pressure of approaching deadlines for government tax and war financing programs produced new demands for quick action on a pay-as-you-go plan of income tax collections and a debt limit bill, which includes the salary limit repealer.

Some of the most urgent productions came from treasury officials who broadcast their second warning in two weeks that income taxpayers will have to file returns and make their first payments on 1942 earnings by March 15 regardless of what congress does.

All groups are agreed that nothing can be done to make the 40,000,000 income taxpayers current, with or without forgiveness, before July 1.

Returns Filed Slowly

Treasury officials, however, are becoming concerned over the slow rate at which returns are being filed, and blame it on congressional confusion over collecting methods.

The demands for action came as supporters of the Rumel pay-as-you-go plan fortified their proposal by bypassing a year's liabilities with safeguards against "windfalls" to high income groups.

Rep. Frank Carlson (R. Kas.), sponsor of the original Rumel legislation, submitted a revised bill providing cancellation of all 1942 taxes for persons making up to \$20,000. Those making \$20,000 or more would be forgiven either 1942 or 1943 liabilities, which ever is lowest.

He also incorporated a 20 per cent paycheck withholding device which would cover first bracket, surtax and normal income taxes (19 per cent) and wipe out the 5 per cent victory tax.

Meets Major Objections

The new Rumel plan now meets the major objections voiced by members of the house ways and means committee, which rejected a modified version of the plan and all other proposals several weeks ago, Carlson said.

A ways and means subcommittee is also deadlocked on the "forgiveness" question and indications point to a showdown on the house floor.

LIMITED RAISE FOR BLUE AIDS FAVORED

The house bill to permit an increase in the allowance granted to Prosecutor Sherwood Blue for his staff was reported favorably in the senate yesterday by the Indianapolis committee which, however, limited the possible increase to \$10,000.

The measure as it passed the house would have permitted the Marion county board of commissioners to increase his allowance from \$60,000 to \$75,000 a year.

Senator Harry O. Chamberlin, chairman of the committee, said that he was opposed to granting the increase, but that the amount agreed upon was a compromise worked out with the other members of the committee.

FILL CONSERVATION POST

Lester Holman, Anderson, has been named president of the state conservation advisory committee. He fills the vacancy created by the death last month of the Rev. A. M. Rehle, Madison. Mr. Holman has represented the 15th conservation district on the advisory committee for several years.

REPORT HITLER AT HOME
LONDON, March 3 (U. P.)—The "inside information" column of the Daily Sketch said today that Adolf Hitler was in his personal retreat at Berchtesgaden and it was not believed he had been at the Russian front for two months.

Mr. Wickard urges gardeners to choose a small plot near the family dwelling and garden it intensively rather than to spend the time, tires and gasoline going back and forth to a plot at a distance.

Usually sandy soils make the best vegetable gardens, although they are more subject to the effects of drought.
