All over the country, thousands of
rationed car owners, truck fleets,

to 30%. These people have been
enjoying extra gasoline mileage by
installing a Vacu-matic to their
carburetor. This new device is en-
tirely automatic. Nothing to regu-
late or adjust and can be installed
in 10 minutes. The Vacu-matic Co.,
7617-960-B State St., Wauwatosa

will install it on their car and
introduce it to others. Write them

**Ladies, they used to
say: "That's TABOO!"
Now read these facts**

Not long ago, many a woman
would prefer to suffer in silence
from periodic, functional pain,
rather than talk about this subject.

Nowadays, women and girls open-
ly praise CARDUI'S 2-way help.
Taken as a tonic, it usually pep-
s up the appetite and aids digestion
by stimulating the flow of gastric
juices; thus it often helps build up
resistance for the trying days to
come. Or taken as directed 3 days
before the time, CARDUI may help
relieve pain due only to periodic,
functional causes.

Try CARDUI. For 62 years thou-
sands of women have said they be-
lieved it helped them.

down a new high toll of intercept-
ing fighters.

Nearly 500 Flying Fortresses and
Liberators participated in the as-
sault and an official communique
issued at Naples said they achieved
"very good results" at the Steyr ball
bearing works and the Daimler-
Puch aircraft components factory.

Reconnaissance photographs
showed that there of the five main
factory buildings attacked were dam-
aged heavily and the other two suf-
fered many direct hits. Fires were
burning hours afterward. The ball
bearing plant was the most impor-
tant still contributing to the Ger-
man war machine.

Though the exact number of
planes shot down in the Steyr raid
was not disclosed immediately, more
than 100 were destroyed in all op-
erations by Italian-based planes yes-
terday. Thirty-three allied planes
were lost of the nearly 2200 par-
ticipating in the day's operations.

Flying Fortresses also bombed
railway yards at Brod, Yugoslavia,
between Belgrade and Zagreb, while
Liberators hit Mostar, 60 miles east
of April, and railway yards at
Bihac, 50 miles north of Zana.

Medium and heavy night bombers
rounded out the 24-hour offensive
with attacks last night and early
today on railway yards at Vicenza
in north-central Italy and the west
coast harbors of San Stefano and
Leghorn.
