## THEY'RE SHEER... THEY'RE CELANESE... THEY'RE CHALFON

You'll fall in love with their sheer appearance. You'll appreciate the way they hug the ankle, and cling to the leg without bagging or stretching at the knee. If you wash them at night you'll find them dry in the morning. Because they're Chalfons you know they're the best. In Honeyglo, a glowing tropical tan; and Sundash, a sparkling sunlit hue.

P. S.—Other Celanese Stockings, 89c to 1.19.
