## One Month Before Election: Unity Seen on Foreign Policy

By UNITED PRESS

Four weeks before election day, the 1944 presidential campaign continued today with seeming unity between presidential candidates on vital issues of future U. S. foreign policy.

Both President Roosevelt, the Democratic contender, and Governor Thomas E. Dewey, the G. O. P. nominee, praised the partial

agreement on a new league of nations reached among the big four nations. Dewey called it "a fine beginning."

However, Chairman Sidney Hillman of the O. I. O. Political Action Committee declared that Dewey had sprung the European war and all future negotiations with the warring nations in 1940, and that his running mate, Governor John W. Bricker, was a "whole-hearted isolationist."

And Secretary of State Cordell Hull protested reports that Dewey would, if elected, ask him to remain with the government to help plan the peace. Hull said his loyalty belonged "primarily to the government and its present official head."

Bricker headed into the state of Washington on Tuesday for a West coast tour after declaring in Great Falls, Mont., that President Roosevelt had consistently opposed veterans benefits while he had become "the most prolific spender in history."

The Democratic vice presidential nominee, Senator Harry S. Truman, was scheduled to arrive in New Orleans tonight where he will make a non-political speech on flood control and navigation.

The Democrats' series of five-minute radio campaign talks continued with Dr. Frank Kingdon speaking at 9:25 (Indianapolis time) tonight over N. B. C.

## Campaign Meetings—GOP SPONSORS BOSWELL RALLY

Willis of Kentucky, Gates Speak at Meeting for Alexander.

Times Special

BOSWELL, Oct. 10.—Hundreds of Indiana Republicans gathered here today for a barbeque and political rally in honor of Secretary of State Rue Alexander who is a candidate for re-election.

Principal speakers were Governor Willis of Kentucky and Ralph Gates, G. O. P. gubernatorial nominee.

In his talk, Mr. Gates "pointed with pride" to the records of the 1941 and 1943 G. O. P.-controlled state legislatures.

He said that the Democratic legislatures of 1933 through 1937 followed the New Deal pattern set at Washington and created the "Indiana Little New Deal."

Attacks McNutt Rule

"The Indiana New Deal," said Mr. Gates, "represented concentrated power in the hands of the governor, the governor actually appointing the assistants of other elected state officers whose obligation was to the people, not to the governor, and was also featured by a beer import law that enabled selected political cronies of Governor McNutt to become rich."

He said the people "rebelled against this Indiana Little New Deal just as I am certain they are rebelling against the Roosevelt New Deal."

He said that Indiana, by twice electing a Republican legislature, set the pace "for the housecleaning Governor Dewey plans at Washington."

Jenner to Open Campaign

Capt. William E. Jenner, Republican candidate for the U. S. senate short term who has been discharged from the army because of an eye impairment, will open his campaign at a veterans' rally at Bloomington tonight.

2 REPORT PROWLER IN MARCY VILLAGE

A prowler, believed by police to have had a passkey, was reported by two residents of Marcy Village, one of whom had his apartment ransacked last night.

J. W. Nolter, Apt. 45, said that he had seen a man crouching in the bushes under his window. Two officers from a police car failed to find anybody.

When the policemen returned to their car they were ordered to go to apartment 39 where they met Dr. Charles Jefferies, who said that he came home, heard someone in his apartment and called police without entering. They found the apartment ransacked but the burglar had escaped through a rear window. There was no report of anything taken.

## Politics BY EARL RICHERT

BECAUSE OF the number of reports filtering in about soldiers' ballots that have been opened by censors, Attorney General James A. Emmert, a Republican, has started a state-wide investigation to get the facts.

He has sent letters and telephoned to various county clerks to find out just how many such "censored" ballots they have received.

What will be done, he does not say. But he does point out that it is a criminal offense to open a soldier's ballot, or an absentee ballot for that matter.

Mr. Emmert said that from the reports reaching him there have been a number of ballots opened by censors. In one small county, he was told that 12 such "censored" ballots have been received.

He said there was no excuse for this because the envelopes containing the ballots are plainly marked and the nature of their contents cannot be mistaken.

Says Judge Stark in effect: If you want the New Deal kept in power, vote for my opponent. If you want the New Deal out, vote for me.

"My honorable opponent," says Judge Stark in his letter, "may be ever so diligent in speeches against evils of the New Deal and offer ever so many resolutions to 'investigate' what he knows are trends in government. But it all comes to nothing so long as his voice goes to sustain the New Deal administration in control."

Soldiers Lose Votes

THE TRAGEDY OF THIS is that these ballots that have been opened cannot be counted. Mr. Emmert says these ballots, under the law, are mutilated ballots.

Thus, because of the carelessness or ignorance of some censors, some soldiers will lose their votes.

One officer at an army camp in this country has told the story of how one morning a WAC brought his mail in to his desk, all nicely opened. Included in the stack were six ballots cast by men in the camp, all of which had been slit open.

Willis Waits Answer

SENATOR RAYMOND E. WILLIS (R. Ind.), who has demanded a congressional investigation of the ballot "censoring" said today he had received no answer from Secretary of War Stimson concerning the photostatic copies of the two "censored" ballots from Logansport that he had sent Mr. Stimson.

The war secretary had announced that specific instructions have been sent to all censors not to open ballots but some of it seems to be happening anyway.

See Carelessness

MEMBERS OF BOTH parties are inclined, as is customary at campaign time, to see something subversive in all this.

The Republicans think that the ballots are being opened by "New Deal" censors to get an idea of how the men in the armed forces are voting.

The Democrats think this "is probably being done by 'Republican censors' to stir up trouble. The truth probably is that it is carelessness on the part of censors."

Mr. Emmert's investigation is expected to show just how widespread this ballot "censoring" is.

Only three of the first 6000 soldiers' ballots received in Marion county bore a censor's mark, showing that the ballot had been opened.

Stark's Question

SUPERIOR JUDGE Judson L. Stark, Republican nominee for congress from this district, is sending out letters, saying that the question of a choice between himself and his popular Democratic opponent, Congressman Louis Ludlow, is simple.

ALEXANDRIA PLANT UNION IS CERTIFIED

WASHINGTON, Oct. 10 (U. P.)—The national labor relations board today certified the United Electrical, Radio and Machine Workers of America (C. I. O.) as collective bargaining representative for production and maintenance employees of the Alexandria, Ind., plant of Aladdin Industries, Inc.
