THREATENED M.E.S.A. STRIKE ARBITRATED

CLEVELAND, Oct. 21 (U.P.).—A threatened strike of 70,000 war plant workers in a dispute over damage to a 75-cent lock was diverted to a round table conference today.

Representatives of the Independent Mechanics Educational Society of America, the army-operated Cleveland Graphite Bronze Co., and U. S. Conciliation service were scheduled to begin negotiations at 2 p. m. toward settlement of the dispute which threatened to involve an estimated 200,000 workers in 67 Cleveland, Detroit and Toledo war plants in a sympathy strike.

Compromising on his earlier refusal to negotiate on the selection of one member of a three-man arbitration board by Cleveland's Mayor Frank J. Lausche, M. E. S. A.'s national secretary, Matthew Smith, declared his readiness to consider the composition of the board "when and if such a board is necessary."

DO WHAT QUINTUPLETS ALWAYS DO: CHEST COLDS

To Promptly Relieve Coughing
Make Breathing Easier
Break Up Congestion in Upper
Bronchial Tract, Nose, Throat

Ever since they were tiny tots—when-
ever the Quintuplets catch cold—good
old reliable Musterole is immediately
subbed on their chests, throats and backs.
Musterole gives such wonderful
prompt relief because it's more than just
an ordinary "salve". It's what so many
Doctors and Nurses call a modern counter-

irritant. Musterole not only relieves
coughing, sore throat, tight aching chest
muscles due to cold BUT ALSO breaks
up congestion in upper bronchial tract,
nose and throat. So much easier to use
than a mustard plaster. Just rub it on.
"No Fuss. No Mess with Musterole."

IN STRENGTH
Children's Mild Musterole, Regular
and Extra
Strong.

MUSTEROLE

At First Report Luncheon of War Fund Drive

Among those attending the first report luncheon yesterday of the United War and Community Fund campaign in the Claypool hotel were (left to right) Isidore Feibelman, Mrs. S. A. Silbermann, Mrs. John P. Collett, Harold B. Tharp, Archer C. Slinch, Harold B. West and Norman Metzger. The drive will close Oct. 25.

WLB PUTS WAGE ISSUE UP TO FDR

Report Will Avoid Stand on
Explosive Little Steel
Formula.

WASHINGTON, Oct. 12 (U.P.).—The war labor board today began drafting a wage stabilization report that left strictly to President Roosevelt the explosive issue of a change in the Little Steel formula to permit labor's demands for higher wages.

The WLB yesterday voted eight to four—the labor members dissenting—to make no recommendation on the wage stabilization policy but to confine its report to data on the functions of the Little Steel formula.

The labor members, denouncing the majority action as a "subterfuge" to delay a ticklish issue, planned to submit to Mr. Roosevelt a minority report urging that the formula be revised upward.

The eight-to-four vote came in rejecting an A. F. of L. petition that the President be asked to make the change and in refusing a demand by the United Steelworkers (C. I. O.) that the WLB seek authority to grant members 17 cents an hour

New Race Relations Group Created at Baptist Conclave

The creation of a new department of race relations, the election of officers and the expression of its stand on local option were the final acts of the Indiana Baptist convention which closed last night in the First Baptist church.

Dr. J. Marion Smith of Muncie was elected convention president and J. E. Shewmon, Indianapolis layman, treasurer. Other officers elected were Dr. I. George Blake, Franklin college professor, vice president, and the Rev. J. Frank Lansing, Ft. Wayne, clerk. Dr. Smith is retiring president of the Indiana Baptist Pastors' conference, which met here this week.

Last night, a proposal of Mrs. L. C. Trent for the creation of a new department of race relations was accepted but no chairman was named. Officials said the department is the direct outgrowth of the All-Baptist fellowship which includes the Negro churches. Dr. Clive McGuire is the executive secretary of the fellowship. Mrs. Trent, her husband, Dr. Trent, and the Rev. S. W. Hartsock have been active in the inter-racial program of the fellowship.

The Rev. Robert Sage of Elwood offered a resolution concerning local option which was accepted by the convention. The resolution expressed approval of local option as a step toward national prohibition and as a democratic measure which permits all the people to have a voice in legislation.

In rejecting the union petitions, the WLB said that it was not sufficiently informed as to the possible effects of modification of the Little Steel formula on the price structure and the national economy generally.

In event the President decided on a change of policy.

WLB Chairman William H. Davis said the report would be completed as "expeditiously as possible." While he refused to fix a deadline, it was believed that the document would go to the President through Economic Stabilizer Fred M. Vinson within a few days.

The report is completed, it will act upon pending cases immediately on the basis of the present wage stabilization policy "with appropriate

provisions" for reopening the cases in event the President decided on a change of policy.
