

Nazis Counting on Women's Mystic Adoration of Hitler to Help Keep Germany in War

By RALPH FORTE

MADRID, Oct. 12.—Airplane travelers from Germany reported today that the Nazis are systematically exploiting the mystic adoration of millions of German women for Adolf Hitler, their "Schoen Adolf," to keep the Reich in the war.

They said Propaganda Minister Paul Joseph Goebbels directed his major propaganda at the women who inspire defeated and battle-wearied Nazi troops to go

back to the front lines for a new stand.

The Nazi program of all-out resistance was said to be directed almost exclusively to women—wives, mothers, sweethearts and sisters—whose ascendancy over their menfolk was described as almost unbelievable.

WOMEN are being told to fire wounded soldiers with fresh enthusiasm for the war and to make any sacrifice. They are instructed to urge despondent men to

renew their faith in the Nazi creed.

THE HITLER youth leader, Baldur von Shirach, also was employing women to keep the Hitler myth alive in the minds of young men.

They are told that even if the allies succeed in penetrating deeply into the fatherland the German youth must keep alive the fight for Hitler as long as they live.

The youths were instructed to

destroy their uniforms and hide their weapons if the allies arrive, but to go on worshipping Hitler because he represents "the one positive value of Germany and the Germanic world."

GERMAN men were reported somewhat more immune to this propaganda line than the women. Those in a position to do so were working frantically to get places on the few Lufthansa planes leaving Germany.

Only three Lufthansa planes

arrived in Barcelona in the last 10 days. They bulged with passengers and luggage, but carried no newspapers.

LONDON, Oct. 12 (U. P.)—The Daily Mail, quoting an informant just arrived in Geneva from a visit to Germany and Austria, said today that Adolf Hitler was further developing his fortress-refuge at Berchtesgaden in fear of an assassination by Nazi party members.

Even such a high-ranking Nazi

as Hermann Goering is unable to visit Berchtesgaden without an invitation.

Hitler, also is said to have ordered the purchase of all white police dogs available, to be added to the 350 already in the Berchtesgaden kennels.
